The Goodfellow being now ready to sail for Fort St. David and they having been a long time in want of Europe Men there

Europeans being wanted at Fort St. David 18 to be sent on the Good fellow.

Agreed to send eighteen soldiers down upon her to that place.

The Indentures which we were this year order'd to sign being produc'd to the Board to be comply'd with & read over, it appear'd that in the beginning of them there were several blanks which could not be fill'd up with any certainty of being right and as our Honble Masters tell us that the least fault therein would vitiate the whole

The indentures sent out to be sign'd, produc'd and read, which cannot be fill'd up here and therefore it is desir'd that some may be fill'd up in Engd.

Agreed that we desire them in our next Letter to fill up some at home which they can do from the Counterparts Lodg'd in their office whereas the Gentlemen here have most of them lost their indentures so that thô we had known [how] to fill them up, not above ten or twelve pair could have been executed.

The Company's Merchants being call'd in upon a complaint of the Cloth made by the Warehousekeeper were told that we could not take in such stuff as they brot. us and that if they would not bring better we must insist on an abatement, to which they reply that the demand for Cloth hath of late years been so much larger yn. formerly and so many more markets that they cannot promise every piece shall come up to muster and that as they never got much by the Company's Contract, so they now do not get more being oblig'd to keep vast Sums of money in the Country

The Compas. Merchts. call'd in upon a Compt. of the Cloth Made by the Warehousekr.

and take what they can get for that now when they complain to the weaver that the Cloth is not good, he tells them if they won't buy, others will, so that to comply with their Contract, they are oblig'd to take in a great deal which they are sensible ought to be better but that they can get no other and as it costs them as much as formerly, they can make no abatement and that we may if we please refuse it. They then withdrew and their answer being debated it was AGREED that we cannot at this time come to any abatem^{t}. nor turn out all short of Muster for that a Ship lying upon demorage would be of much worse Consequence to our Honble Masters than taking in some Goods rather worse than usual.

To the Hon^{ble}. Nath^{ll}. Elwick Esq^{r}.

President & Govern^{r}. of Fort S^{t}. George &c^{a}. Council.

Hon^{ble}. S^{r}. &c^{a}.

In the year 1720 I bro^{t}. with me a chest of Coral consign'd to Simon Francisco Bernal and Francis Hastings Esq^{r}. w^{ch}. was deliver'd here ashore, my Purser which sign'd to the bill of Lading having neglected to take them up occasion'd a demand from the Consigners Abraham and Jacob Franco for the said Chest which amounted to £ Sterling 1200 : 9 : 6 and for which I paid them as ℔ their Receipts, it appears since my arrival here that this same Chest was clandestinely conveyd away after the decease of M^{r}. Bernall and no ways bro^{t}. to the Credit of his Acco^{ts}. and having had intelligence that Sumadru the then Conicoply to M^{r}. Hastings did privately sell in the black Town in Mar Kisna's Godown some Coral amounting to Pagod^{s}. 2666 : 35 : — gives me just grounds for suspicion that he was the author of this work and the Person that committed the theft, therefore request this Hon^{ble}. Board will make use of their authority in sending for the Merchants that bo^{t}. the Coral and examine them about it as also afford me your assistance in bringing to light this affair which has tended so much to the detriment of my estate as well as my reputation. S^{r}.

Conformable to an order of the Rev^{d}. M^{r}. Thomas Wendey's on your Request to him concerning a Chest of Coral mention'd in Mar Kisna's Acco^{t}. with Sumdrue of which M^{r}. Charles Fleetwood acquainted You, I therefore Refer you to the following relation of what I heard from Mar Kisna or can learn from M^{r}. Hastings's books concerning it.

About the 28th. of Nov^{r}. last I was desir'd by the Rev^{d}. M^{r}. Thomas Wendey, M^{r}. George Tullie and M^{r}. Charles Fleetwood Attorneys for Mar Kisna to give the particulars of his debts to M^{r}. Hastings's Estate and also to translate & state his Acco^{t}. with Sumadru, in doing which I found that Mar Kisna debted Sumadrue

——FORT ST. GEORGE, JANUARY 1723-24——

Pag^{s}. 228 for his half profit on a Chest of Coral sold by them in the black town in March 1721. I was surpris'd to find so much gain'd on one Chest of Coral from one hand to the other knowing well that Coral sold that year for less than Principal and happen'd then to say that I believ'd that [was] the Chest Cap^{t}. Holden wanted, M^{r}. Charles Fleetwood being present and observing what I said ask'd Mar Kisna how he and Sumadrue came by that Chest or of whom did they [buy] it to which he reply'd as follows or words to the same purpose.

" That in March 1721 he was for going to Fort S^{t}. David and wanted money " upon which he apply'd himself to Sumadrue to lend him some, Sumadrue having " no ready money told him that he had a Chest of Coral, he bought of M^{r}. Draper " for pagodas 2210 which he w^{d}. send to Kisna's house in order to be dispos'd of & " that he would give him half the profit upon it & likewise lend him as much as was " necessary of the Produce accordingly the Saturday following Sumadrue took the " Chest out of the Godown opposite to the Company's Cloth Godown and sent it by " one Coopia to Mar Kisna's house and order'd two Peons to [watch] it till Sunday " in the afternoon when Sumadrue wth. the said Coopia and Merchants came and " broke open the Chest where they weigh'd and agreed & sold the Coral all which " amounted to Pag^{s}. 2666 : 33—& Sumadrue gave him a note on Nairo Chinnatombee " to Receive Pagod^{s}. 1957 : 34—of the same, and that in October following after he " was imprison'd by the President and Council, the said Sumadrue came to him and " alledg'd he was considerably in his debt and desir'd he would give him a note under " his hand for Pag^{s}. 4425 of which he mention'd the Coral 2000 Pagodas and the " Rest he would give him an Acco^{t}. of when Mar Kisna should be at liberty or " should come to adjust their Acco^{ts}. which he accordingly consented to but now finds " that Sumadrue rec^{d}. the before ment^{d}. Sum out of M^{r}. Hastings's Cash which occasions " his great Debt to that Gentleman's estate."

Indeed I was always suspicious of that entry in M^{r}. Hastings's Cash Book and thought it very unreasonable of the then Accomptant to pay Mar Kisna the Sum of 4425 Pagodas for Coral &c^{a}. for which he was never Credited when at same time he was the Sum of 2000 Pagodas in M^{r}. Hastings's debt and also imprison'd and when likewise M^{r}. Hastings was daily importun'd by the Gov^{r}. & Council for Cash to defray their Charges Garrison, But as I knew that M^{r}. Hastings was then incapable of inspecting into his Acco^{ts}. and that he gave the Accomp^{t}. a general release under his hand and Seal I thought it insignificant for me ever to mention it.

After Mar Kisna gave the above Acco^{t}. of the Chest of Coral M^{r}. Fleetwood desir'd me to inspect into M^{r}. Hastings's books and see if Sumadrue was debted for the Same in whose Acco^{t}. with the deceas'd there is no mention of that or any other Coral.

Wherefore to prevent your Suspicion (or my imployer's) that I shou'd conceal or favour any Person on this affair my opinion is that there past a Chest of Coral between these two favourites of the late President Dec^{d}. or the then Accomp^{t}. more than is bro^{t}. to Acco^{t}. on his Books in the manner beforemention'd for which his estate is no ways accountable and whereas my Imployer requires me to relate the truth of what I know or can find out by the Dec^{ds}. books for your better satisfaction I hereunder refer you to the very entry's of what Coral rec^{d}. in the year 1720 from on board the Mary, Duke of Cambridge and Derby Viz^{t}.

First.—I refer you to a paper drawn up by M^{r}. Sam^{ll}. Fowler who weigh'd all the Coral wherein he mentions the Marks numbers and weights and the Persons by whom consign'd to see if any of them agrees with the Contents of the Cajan which I hear are in M^{r}. Fleetwood's hands.

Secondly.—It appears by the Dec^{ds}. Books that there was no Coral sold about that time that the aforesaid Chest was dispos'd of nor any permitted to be carry'd to any Godown out of the inner Fort till such time as the Company's Customs were agreed on, but this I can myself affirm that M^{r}. Hastings sent me to the house where

——*FORT ST. GEORGE, JANUARY 1723-24*——

Mr. Bernall dy'd the day after he was bury'd, to talk to a Spanish Servant of his and to the best of my Remembrance the [sd.] Servant shew'd me one or two Chests which he said were of Coral but what became of them afterwards I can't [tell].

THIRDLY AND LASTLY.—There is an entry made the 4th. Octr. 1721 in the deceased's Cash book for Pags. 36584 the produce of Coral sold then and the same day an entry made in the Journal when each of the Coral Merchants have respectively Credit and agreeing with the above sum recd. likewise the 13°. December following there is an entry made of Pags. 5377 the produce of Coral sold and carry'd to the credit of the Persons that consign'd it all which agreed with the number of Chests &ca. mention'd in the Paper drawn up by Mr. Fowler.

The affair of the Coral being taken into consideration and Capt. likewise his Journal.

Mr. Hastings's Journal being produc'd there was found an entry for Pagodas 36584 : 29 : 40 wherein Coral is debted to the several owners that sum for their proportions of the said Coral sold which in one article is credited as above in Cash.

Papers produc'd by Capt. Holden.

These papers were produc'd by Capt. Holden together with an Accot. of two parcells of Coral said to be sold in the Black Town by Sumadrue amounting to Pags. 2666 : 33 fro which it was urg'd that as it plainly appear'd there was none of the Coral sold by Mr. Hastings that amounted to that Sum, it was reasonable to believe Sumadrue had convey'd away the Chest in dispute and sold it for the Sum of 2666 : 33—and thereupon Capt. Holden desir'd Sumadrue might give an Accot. thereof.

Sumadrue at the desire [of] Capt. Holden call'd in [who] delivers in an Accot. Currt. of Coral in Co between him and Mar Kisna

Sumadrue being then call'd upon deliver'd in an Accot. of Coral bot. in Co. with Mar Kisna for the Sum of Pags. 3394 : 10 : 65 and sold for 5911 : 31 : 50 of which the said Mar Kisna was to have half the profits as is more particularly express'd in the Accot. enterd after this Consultn. on the Credit whereof is an entry of one parcell sold Gredaramjee for the sum of 2413 : 35—and another to Muta Irsapa for 252 : 34 which are the exact sums that he is charg'd with having sold to these People and amounts to 2666 : 33—after which was produc'd an Accot. Sales of Coral deliver'd by Mr. Draper before his departure to the Presidt. and Mr. Benyon amounting to Pagodas 36584 : 29 : 40 wherein are particularly express'd the two Articles charg'd in the debtor side of the said Accot. Coral in Co. the former Sum being 1300 : 32 : 65 is included in an article of 2682 : 3 : 40 pass'd in Mr. Hastings's Journal to the Credit of Mr. Jacob Fernandes Nunes, the other is produce of a Chest of Coral belonging to Mr. Jacob Mendez De Costa and amounts to Pagods. 2093 : 14 —.

and copy of another Accot. Currt.

And Further to prove that the said Coral was so bot. by Mar Kisna of Mr. Hastings and that the entry in Mr. Hastings's Cash book was justly charg'd to Mar Kisna's Accot. Sumadrue delivers in Copy of another Accot. Currt. wherein he debts the said Mar Kisna for the Cost of several things which he has accounted for with Mr. Draper who kept the late President's books and wherein the above two articles of Pags. 1300 : 32 : 65 & 2093 : 14 — are included and gives him Credit for 4425 which Mr. Draper had pass'd to the Credit of him the sd. Sumadrue as ballance of the said Accot. with Mar Kisna and for which as before specifyd in the Cash book Mar Kisna had given his Note, this Accot. is likewise enter'd after this Consultation.

three Chests appear on the sea Gate register kept by the Conicoplys to have been brot. ashore here.

After this the Board ask'd Capt. Holden, Mr. Tobbin and Mr. Fleetwood which three Gentlemen attended & heard the whole, whether they had any thing more to say or a[ny]objection to make, to which they all reply'd they had [none] only Capt. Holden said he hop'd since he had not been [ask'd] to prove what became of the Chest, the Board would [send] for the register kept by the Sea Gate Conicoplys which was done and upon examining them we found fairly enterd [the] following marks and Numbers F A J No. 1 J S No. 7 J M D C [No. 1] brought ashore the 15th. July 1720 in boat No. 5 whereupon the Capt. desir'd he might have a Certificate that we had found such an Accot. that he might satisfy the world he had not convey'd away the Chest and his Reputation be clear'd thereby.

Capt. Holden to have a certificate thereof.

Mayor'sCourt Proceedgs. [read].

The Proceedings of Court were read wherein judgment was given in favour of Dum Adapa as by the proceedings enter'd after this Consultation will appear.

As also a Translate of a declaration of certain Persons taken before the Depty. Gov. & C of Fort St. David that the Bond was given by Dum Addapa in their Presence.

The bond therein mention'd to be forg'd having been sent down to Fort St. David was there examin'd by the Deputy. Governr. & Council and attestations taken before them of 9 persons who all declar'd that to their certain knowledge and in their presence the bond was given by Dum Adapa to the Appealant. Translate of which declaration is read and order'd to be enter'd after this Consultation.

The affair decided in Poindee Chitty Kisna's favour.

Dum Adapa was then ask'd how he could have the impudence to deny the bond when so many of the most reputable Inhabitants of Fort St. David were witnesses to the truth of it to which he had nothing to say but denying that he gave the bond, neither could he prove he was not at Fort St. David at the time the bond was dated

which he said in Court he could do ; on the contrary the date of the bond and of the Acco^{t}. Curr^{t}. upon which he sued agreeing exactly and the Transactions in that Acco^{t}. being intirely relating to Fort S^{t}. David it is AGREED that from all this it appears to us the bond is good and that the said Dum Adapa do make good all damages sustain'd by Poindy Chitty Kisna on this Acco^{t}. and pay the ballance to him.

AT A COURT HELD THE 18TH. OF OCTOBER 1723.

Petition read.

Order'd that an answer be made next Court day.

AT A COURT HELD THE 5^{o} NOVEMBER 1723.

Petition read 2^{d}. time.

The Defendant promises to make answer next Court.

AT A COURT HELD THE 15^{o}. NOVEMBER 1723.

Petition read.

answer read.

The Plaintiff produces a stated Acco^{t}. of transactions between him and the Defendant which being read to the latter he makes no material exceptions to any article therein but produces two bonds, one for the Sum of 150 Pagodas and y^{e}. other for 898 Pagod^{s}. which he says are sign'd by the Plaintiff and is money due to him.

The Bench upon examining the Plaintiff's Acco^{t}. Curr^{t}. do find that the Defendant has due Credit for the Bond of 150 Pagodas, as to the other bond the Plaintiff declares is a Forgery and offers his oath he never sign'd the same and desires he may endeavour to make it so appear in open Court.

The Defendant say's there are Witnesses to the Bond which he can send to Fort S^{t}. David for that will proveit a true bond.

The Plaintiff desires that the Bond of 150 Pagod^{s}. which he acknowledges his signing may be compar'd with the other by the Town Conicoply which is accordingly done and tis reported to the Bench that there is no likeness in the two hands.

The Translate of the bond is read bearing date Fort S^{t}. David 15^{o}. April 1714 and Witnessed by Coila Pilla, Hubbe Rauze and Rangapa Chitty the former of which is now present before the Defendant's Face who just now said both Witnesses were at Fort S^{t}. David who declares to the Bench he never sign'd as Witness thereto; 'tis mentioned in s^{d}. bond drawn up in the presence of the Witnesses by Conicoply Ramalingum so that the Bench are fully convinc'd that it is a forg'd bond.

For further Proof the Plaintiff offers to make appear that he was not at Fort S^{t}. David when the bond was dated, but at Madrass.

Dum Addapa is order'd to sign the Acco^{t}. Curr^{t}. and to take his oath to the truth of every Particular which is accordingly done the ballance due from Kisna is Pagod^{s}. 620 : 1 : —.

Kisna's attorney desires that the two Bonds & Dum Addapa['s] signing in the Acco^{t}. might be compar'd by the Town Conicoply, accordingly they were and he reported that the bond of 150 Pagod^{s}. was the same signing as the Acco^{t}. but that the signing in the other bond had not the least likeness to either of them.

JUDGMENT is given in favour of Dum Addapa for 620 : 1 : — with Cost of Suit.

Kisna declaring he would appeal to the Hon^{ble}. Gov^{r}. & Council the Bench leave it to them to do as they please in relation to the forg'd bond.

A Letter from the Madapollam Merchant [s] was likewise read as enter'd in the country Letter book relating to the above musters and any Investment that we shall think fit to make there.

The Madapollam musters of Cloth being compar'd with the Prices of ours are found to be rather dearer, it is therefore not thot. proper to make any Investm^{t}. there.

The Madapollam musters being produc'd the prices were compar'd with ours and it appears that [at y^{e}.] charges allow'd for they would not come out any thing [cheaper] but rather dearer than what we provide here, upon which our musters were likewise produc'd and compar'd with those from Madapollam and upon the first [view] it was AGREED unanimously that ours are much superior in goodness to the others and that therefore we cannot think it for our Hon^{ble}. HONBLE. SR. &CA.

In pursuance to your ordr. of the 3d. Inst. we have view'd the Tiled Sheds joining the Saluting Battery wch. we measur'd and find in length eighty one foot and breadth Fourteen Foot of which twenty four foot is fallen down & the rest cannot stand another Monsoon, We are of opinion that as it joins the Battery at one end and Town Wall on one side twill be convenient to take in the whole length and form a slight rampart by flatting it under which may be three very usefull Godowns for Garrison Stores, particularly Gunners which have been a long time wanted, It may be done with Arches fill'd up without side or timbering it but that we humbly submit to your Honr. &cas. better judgment We present you with an estimate of the Charge both ways set down by the Surveyor of the buildings.

If your Honr. &ca. approve of what afore offer'd we believe when the work is finish'd, twill be found necessary to demolish and clear away those tiled sheds

joining the same Wall towards the S^{t}. Thoma Point which at present contains the Shot and ready to tumble for they are only an incumbrance, the Passage there being so nasty & narrow y^{t}. it is now very inconvenient to go that way and must be more in time of Action. We are

——FORT ST. GEORGE, MARCH 1724——

The Accomptant produces the Salary Warrant which is read, approv'd and order'd to be paid amounting as ℔ Particulars after this Consultation to one thousand five hundred eighty eight Pagodas, thirty two fanams. Salary to be paid.

The Board then proceeded upon Mar Kisna's Affair and Mr. Wendey Executor to Francis Hastings Esqr., attending, deliver'd in a demand for five thousand & eight Pagodas, sixteen fanams and seventy seven Cash which being confess'd by Mar Kisna to be the true amount of his debt and the Ballce. of Accots. made up between them, the demand was allow'd. demand on Mar Kisna by Mr. Wendey.

A Demand deliver'd in by Messrs. Tullie and Fowler on Acct. Mr. Wright for four hundred and fifteen Pagodas, seven fanams and sixty three Cash which Mr. Turner declares he has a power from Mr. Wright to demand of Mar Kisna; was next read and acknowledg'd by Mar Kisna to be [Just], and was therefore likewise allow'd. another demd. by Messrs. Tullie & Fowler.

Suncah Ramah's demand was next produc'd & read being for three hundred twenty eight Pagodas five Fanams and ten Cash to which Mar Kisna objected affirming that he ow'd no more than thirty three Pagodas and forty Cash and produc'd an Acct. Curr. to prove the same, upon which the Board proceeded to examine the Acct. and after some debate struck out several articles charg'd by Sunca Ramah, it appearing plain to the Board that they were given as Presents to Mar Kisna at several times and that therefore they should not be charg'd to him. Upon stating and comparing the Accts. together after a full examination it was AGREED that Sunca Ramah's demand on Mar Kisna is no more than eighty nine Pagods. eighteen fanams. as also one by Suncah Ramah.

There being to make the said Ballance due to Suncha Rama credit given him in Mar Kisna's Acct. for three hundred Pagodas borrow'd on a mortgage of a house belonging to Checca Serapa which Papers lie in Suncah Ramah's hands; order'd that they be deliver'd the Secretary.

Tomby Chitty then appearing deliver'd in an Acct. Curr. whereby Mar Kisna becomes indebted to him the sum of seven hundred twenty two Pagodas, twenty six fanams and seventy six Cash as enter'd after this Consultation, all which is allow'd by Mar Kisna except the Article of Pags. 1615: 23: 14 allow'd for Goods deliver'd to Tomby Chitty's Correspondent at Nagore which he says ought to come to a great deal more whereupon Tomby Chitty produc'd an Acct. of the loss sustain'd by the said Goods which he affirm'd to proceed from the extravagant prices he paid for them and amounts to Pagods. 285: 26: 62. He likewise produces the valuation by which he recd. the Goods sign'd by his own Gomastah a Merchant at Nagore and Mar Kisna's Gomastah who all have depos'd the valuation was just & made by four indifferent Persons at Nagore appointed by the Govern. of the Place and that Tomby Chitty lost near 300 Pagodas by them. Tomby Chitty delivers in an Acct. Curr. between him and Mar Kisna

It appearing to the Board that those Goods were fairly deliver'd to Tomby Chitty and justly valued by indifferent Persons appointed by the Governour of that Place to adjust all differences that might arise and the whole proceeding being very regular, AGREED that Tomby Chitty's demand of Pagodas 722: 26: 76 is just and be allow'd.

Tomby Chitty then produc'd a demand on Mr. Hastings for some Longcloth and Sallempores deliver'd him at Fort St. David for which the said M. Hastings in his life time told Tomby Chitty he had paid Mar Kisna, but he offering some proofs that he had discharg'd the debt & it being very late the Board deferr'd the further examination thereof till another opportunity and Order'd him a copy of the demand. & produces a demd. on Mr. Hastings which Mar Kistna was to pay.

——FORT ST. GEORGE, MARCH 1724——

Petition of appeal of Sahid Allee agst. C. Knoes taken into Consideration.

The Petition of Appeal from a judgment in the Mayors Court in favour of Christian Knoes against the Executors of Sahid Allee was taken into consideration, the Petition, Proceedings of Court and Accots. read after which Mr. Fleetwood who attended on that part of Sahid Allee desir'd the Board to observe that Christian Knoes in the Acct. he has sworn to has charg'd Sahid Allee for a bad debt contracted in Atcheen by the said Christian Knoes and that said Allee not having contracted the debt could not be answerable for it.

Christian Knoes in answer to this produc'd a paper sign'd by the Armenian to whom the Goods were sold wherein he says he recd. the Goods of Sahid Allee and that they belong'd to Christian Knoes and that he would be accountable to the said Nocquedah or his order for the Goods from which Circumstance Christian Knoes endeavour'd to prove that Sahid Allee must be security for the same, but it appearing by the report of the said Christian Knoes that he desir'd the Noquedah to sell the Goods for him and that he recd. a Catty of Gold himself in part thereof, It also appearing by the attestation of a Moor Man now attending the Board that when Vartanuse the Armenian prov'd insolvent, the Merchants of Atcheen met together and holding a Court condemn'd the said Armenian to give bond for the payment of the mony in so long time which bond was tender'd to the said Christian Knoes with an offer of securing the Person of the said Armenian if he did not like the Bond but that he chose the latter. It was AGREED that it does no way appear that Sahid Allee was security for the Armenians debt and therefore he ought not to be charg'd in Account for it.

The Acct. deliver'd in on both Sides being very different Copys were order'd each Party who were directed to draw out from them the several differences and make their objections thereto which were to be got ready agst. next Consultation.

Permal's affair wth. Mar Kisna laid before the Board

Permall a Goldsmith and Diamond Broker having made a demand on Mar Kisna for a bond of 63 Pagods. which he affirms the said Mar Kisna forc'd from him, he was call'd in and deliver'd to the Board a Petition (as enter'd after this Consultation) wherein he gives an Acct. of the affair, upon which Mar Kisna was call'd in and the Petition being read he gives the Acct. as mention'd in the Petition as to the occasion of his getting the bond but with this addition that when the Broker apply'd to him to punish Mr. Berriman's Dubash, he said he was a poor Man and that rather than put him into the Cock house, he would give 5 Pags. out of Charity, That he accordingly did so and sevll. others promis'd to do the Same till they rais'd the sum of ninety Pagodas with which the Owner being contented he the said Mar Kisna had desir'd Ameras Tawke to pay the money which he accordingly did and collected some part thereof but that about six months ago upon making up Accots. with Ameras Tawke he had charg'd him 55 Pagods. on that Acct. as not collected, whereupon he sent for Permall and told him that he must pay so much with the Interest for that the People who promis'd had not comply'd, that the said Permall acknowledg'd the debt but not having money gave the abovemention'd Bond.

& decided.

Upon debating this matter it was AGREED that the Diamond Broker was indebted to Kisna for so much as was not collected and that he must recover of Mr. Berriman's Dubash what he should suffer by this affair. But it appearing that Ameras Tawke had made a mistake in charging Kisna fifty five instead of thirty five Pagods. the Bond was allow'd for 43 Pagodas and no more which Sum is order'd to be paid the Secretary.

When Tomby Chitty and Moota Vencatty Chitty were in prison they sent Gongaram to me with an offer of five hundred Pagodas if I would procure them their Liberty w^{ch}. I refusd and they afterwards themselves order'd me to pay M^{r}. Hastings one thousand Pagodas for their discharge w^{ch}. I accordingly did and they were discharg'd.

Reply of Tomby C.

Tomby Chitty denys that he ever gave any such order but that on the contrary he to the last refus'd to give a Cash to M^{r}. Hastings and Gongaram being call'd in, affirm'd to the Board that he never had any orders from the Chittys to offer Mar Kisna any money on their Acco^{t}. but that indeed having been one day at the Prison window to talk wth. them he was so concern'd to see the condition they were in y^{t}. he went to Mar Kisna and offer'd himself to give 500 Pag^{s}. to Mar Kisna for their release but that it was refus'd & he never medled in the affair after.

[17] THE COUNCIL met and Mons^{r}. Dumas Second of Pondicherry deliver'd in a Memorial in French relating to the affairs of the Malabar Coast and the disputes between M^{r}. Adams and M^{r}. Molandin which was read and an answer promised.

[18] THE COUNCIL met and having read the Translation of the French Memorial as enter'd hereafter agreed & drew up an answer which is likewise enterd here.

MEMORIAL of the Violences and insults offer'd by the Servants of the Hon^{ble}. English Company on the Malabar Coast to the Boats belonging to the French Company & of divers Outrages done to the French Flag and Nation on several occasions without regard to the reiterated Complaints y^{t}. the Servants of the French Company have made both to Madrass, Bombay and Tellicherry which violences are prov'd by the verbal processes which have been sent about them to the grand Council of Pondicherry and which J. Benoist Du Mas Second of the said Council communicated the 21st. April 1724 to the Gov^{r}. & Council of Madrass who have desir'd in writing all that I said to them *Viva Voce* which is as follows.

——*FORT ST. GEORGE, APRIL 1724*——

EXTRACTS OF SUNDRY VERBAL PROCESSES of the 6th. Octobr. 1723.

The Fleet which the English maintain on the Malabar Coast consisting of 14 Sail of Vessells call'd Palles or Gallevats being in sight of the mouth of the River Mahey chas'd for a long time a boat or Munchua belonging to the French Company and fir'd several Shot at her to prevent her going in there. This Boat was laden with Provisions for the Servants and troops which the Company of France keep there.

of the 8th. Octr. 1723.

Mr. De la Croix an Under Merchant in the Service of the French Company embarqued the 6°. Instt. in a boat belonging to the said Company and was met by the aforesaid fourteen Vessells of the English who after having fird sevll. Cannon and small Arms boarded the sd. boat and took out about sixty fanams worth of Powder and Ball which were in the said Boat to defend her from the Rovers that are very frequent on this Coast, the Commandr. of the said Vessells made them fling the said Powder into the Sea and declard to the Rowers that if they continu'd to sail in the Service of the French Company he would cut their ears of.

of the 28th. Octr. 1723.

Two Munchuas belonging to the Company of France fitted at Calicut and commanded by Mr. De la Croix an Under Mercht. of the said Company bound to Mangelore were met by the 14 English Vessells, pursued & canonaded, one of the Shot having wounded one of the Maqua rowers, Mr. De la Croix after having fird some Pater[e]ras & Muskets was oblig'd to go ashore about half a league from Mahey where he had two hundred bales of rice damag'd or spoil'd.

of the 18th. Novembr. 1723.

Two Toneys laden with seventy bales of rice dispatch'd from Calicut by Mr. Molandin for Mahy were pursued by the English Vessells who fir'd several Shot at them but the said Toneys got safe without damage.

of the 30th. Novemr. 1723.

THE ENGLISH FLEET meeting one of our Munchuas laden with Chinam and one hundred bales of rice took her and carry'd her to Tellicherry, afterwards the English sent her back to Calicut and would not permit her to go to Mahy.

of the 27°. December 1723.

Mr. De la Croix having dispatch'd a boat for Calicut with an Officer and fifteen Soldiers the said Boat was for a great while chas'd and fought by the English Vessells when several Macquas or Boat Men were wounded.

of the 19°. February 1724.

The English Vessells seiz'd a Munchua belonging to the French Company over against Bargaret & carried her to Tellicherry where they kept her several days, this Munchua was going to Mangalor laden with rice for the Ship Union design'd to Mocha.

of the 28th. of February.

Mr. Láiet in the Service of the Company of France having dispatch'd two Munchuas from Calicut laden wth. Chinam, Mats, charcoal and Coire and other things necessary for the Settlement at Mahy, they were taken & seiz'd by the English Fleet & carry'd to Tellicherry which they did not return till they had been demanded several times.

A VERBAL PROCESS of the examination and declaration of a Coffree man'd John Fernandez a Soldier in the English Troops who came ashore the night of the 23d. January 1724 from the English Vessells and declares that he was sent by the Commr. to set fire to the French Lodge and the Straw houses that are near it and that they gave him granadoes and match for that Purpose but that the Toney in which he was being overset in coming ashore he could not execute his design.

——*FORT ST. GEORGE, APRIL 1724*——

THE ENGLISH VESSELLS have carry'd off several Macquas or Boat Men from under the French flag who were in the Service of the French Company and liv'd in the Settlement at Mahey and they to this hour keep them Prisoners.

Tis therefore with just reason that the Council of Pondicherry accuse M^r. Adams and other Servants of the English Company on the Malabar Coast of having insulted the French Nation, attack'd their Flag and caus'd damage to the Company which are sufficiently prov'd by the above mention'd Verbal Processes, to which we might add y^e. certain advices which have been given the Council of Pondicherry by the Cap^ts. of the Ships that have pass'd that way.

M^r. Adams affirms that M^r. Molandin Cheif for the French Company on the Malabar Coast has incited some of the Nairos or Grandees of the Country to make war on the English, that he has furnishd them with powder and arms in order to assist them to force the English out of their Territorys, Nothing can be more contrary to truth than this assertion and one word will be sufficient to evince it, the s^d. M^r. Molandin never had any Troops, powder or Arms even to defend himself and by Consequence it was impossible for him to furnish others with them ; Such orders were never given him and it is not credible that he would have dar'd to have done it of his own head.

The English affirm that Boyanor is only a Gov^r. and not a Sovereign and from thence conclude that he has not power to grant us this establishment.

Boyanor in this Country is acknowledg'd by every body to be a Sovereign, he has power of life & death over his Subjects, enjoys the Rights and honours of the most perfect Sovereignty, makes war and Peace without the Concurrence of any Prince but him who is to succeed him who has consented to our establishment, He came to this Principality by right of Succession in the same manner as his Ancestors have done who no more than him ever acknowledg'd Collistry their Superiour nor ever did him homage or Fealty nor paid any tribute to denote their Vassalage and M^r. Molandin who has been for several years on this Coast has seen a Succession of three of these Princes without any interruption.

M^r. Adams pretends another thing which upon due examination ought to convince the world of his ill designs.

M^r. Molandin, says he, has promised Forces to the Prince of Bargaret to assist him to demolish Tellicherry and drive the English out of the Country, with what view could M^r. Molandin entertain such an Idea or by what order should he have acted, he denys this and the Scituation he was in could not give him leave to think such a thing.

All these pretended Charges do but too manifestly prove the design they have of quarrelling with the French Company and finding pretences to oblige them to abandon their establishment at Mahey and to destroy either by famine or other Methods less allowable the Subjects of their King who are kept there for their Commerce and defence.

THE COUNCIL of Pondicherry fully persuaded of the inclination which the Gentlemen of the Council of Madrass have to maintain the Peace and union w^ch. has always been between the two nations in India, HOPE that after having carefully examin'd all the Papers that I have communicated to you from them you will disavow the Conduct of M^r. Adams & the Officers that act und^r. his orders on the Malabar Coast & that strict orders will be given to prevent any more of these violences being offer'd for the future, because that may occasion an intire rupture and very considerably trouble the Commerce of India.

In fine GENTLEMEN if all the Steps which the Council of Pondicherry have taken to prevent bad Consequences from this affair, are of no effect and that the Servants of the English East India Company have no regard thereto

THE COUNCIL of Pondicherry order me to declare to you in the name of our Company

——*FORT ST. GEORGE, APRIL 1724*——

That we neither can nor will suffer the Settlement to be destroyd which our Nation made at Mahey in the Territorys of the Prince of Bargaret upon the Malabar Coast, hav^{e}. strict ord^{rs}. from our Superiours in France to maintain it with all our Forces.

That you will put us under an indispensable necessity of repelling force by force and using reprisals whereever we find an opportunity and we protest agst. the English Company for the damage and interruption, which that will occasion to the commerce of the French Company and they will be answerable for all the detriments that will be thereby sustain'd which will be the more considerable because if this affair be not terminated in a friendly manner, the Council of Pondicherry will find themselves oblig'd to keep in India the Ships that are now actually here as well as those which are expected in the next Monsoon, till they can receive orders from France about this affair, the said Vessells being designd home in October [next] with considerable Cargoes, the Council of Pondicherry do again protest against the English Company for the great damage which the want of their Ships in France will occasion to the Company.

This present Memorial was presented the Gov^{r}. and Council of Madrass assembled the 28th. April 1724.

DUMAS.

To M^{R}. BENOIST DUMAS
SECOND OF THE GRAND COUNCIL OF THE
ROYAL FRENCH EAST INDIA COMPANY AT PONDICHERRY.

S^{R}.

The Memorial which you deliver us in behalf and by order of the Council of Pondicherry bearing date the 28th. of this Ins^{t}.NS we have duely consider'd, the Several Facts mention'd in the former part of it give us the utmost uneasiness, since as we have already told you Tellicherry is intirely independent on us and consequently we can do no more to prevent the like in future but to write in the most pressing terms to the Gentlemen of Bombay and Tellicherry & endeavour to persuade them to cease from all hostilitys hence forward, this being the case we shall not enter into the merits of the several Causes of Complaints contain'd in your Memorial but shall leave them to be setled and terminated between you and the Gentlemen of Bombay und^{r}. whose jurisdiction Tellicherry properly is. We doubt not but the Gov^{r}. & Council of Bombay will before this have finish'd the dispute between you and them which we have the more reason to expect because we are certain there is no power lodg'd with any of the Hon^{ble}. English Company's Settlements to disturb or Molest the Subjects of France or any others in their trade and Commerce in the Indies.

We shall not therefore scruple to tell you that supposing the facts and Circumstances to be exactly as you relate them we are very inclinable to think M^{r}. Adams has gone greater Lengths than we should possibly have car'd to have done but as we before said He not being any way Subordinate to this Place has not given us such full advices about this affair as we should otherwise have had and therefore we are not capable of judging intirely how far his Proceedings are lawfully warrantable. For our selves S^{R}. We sincerely assure you that we have nothing more at heart than to maintain that Union and friendship that has been for so long a time kept up between the French and English Nations in the Indies to convince you of which our utmost Solicitations shall not be wanting with the Gentlemen on the other Side to persuade them to embrace the good inclinations which the Gov^{r}. of Pondicherry and his Council have profess'd towards Peace to make a lasting agreement with you that so we may enjoy the benefits of Trade and converse without Molestation or interruption, the necessity of which both to your Selves and us is so plain that we need not insist further thereon.

——*FORT ST. GEORGE, APRIL 1724*——

We shall with the utmost expedition transmit Copys of the Papers rec^{d}. from you to Bombay and Tellicherry to which we shall join our hearty Wishes and desires for a speedy accomodation. We are

and Vizagapatam.

Likewise read a General Letter from Vizagap^{m}. dated the 3^{d}. Ins^{t}. advising the arrival of the Jenny Galley and Jane with the Goods on board them, they promise to take great Care in their investment and to employ the money sent them so as to send their Goods up in time to go home in order to prevent the like disappointment which we this year met with by the Jane's coming up so late, tell us their Washers will not come up hither, advise some Country News and inclose their Cash and Paymaster's Acco^{ts}. and their Consultations.

The Presid^{t}. acquaints the B^{d}. of the behaviour of the Armenians.

After this the President told the Board that the Armenians had for a long time behav'd themselves in a very insolent haughty manner and had render'd themselves not only undeserving the great Priviledges granted them but likewise obnoxious to the Government by several Actions contrary to the rules and regulations thereof, That he had order'd them to attend the Board to answer to several facts he had to charge them with. The first was that Codejee George and the rest of the Own^{rs}. of ship London had imported great part of that Ship's Cargo at Pondicherry to the amo^{t}. of twelve thousand Pagodas contrary to the orders of the Company as would fully appear recourse being had to the 103^{d}. Paragraph of their Letter of the 7th. April 1708, where they order the Native Inhabitants be expell'd the Bounds if they carry the trade to S^{t}. Thome to the prejudice of the Customs of Madrass which by parity of reason holds the Same with respect to Pondicherry since wherever the Goods are imported still the Customs are lost to them. He likewise produc'd Para 10 of the 19th. December 1719, where are these remarkable words speaking of the French, That none of our Servants whether Europeans or Indians nor any of our Merch^{ts}. or Brokers be permitted to buy or sell for them or otherwise assist them in their trade or Merchandize, He added that Codejee Petrus an Armenian lately arriv'd from Manilha and an Inhabitant of this Place had contracted with the French this very year for thirty thousand Dollars worth of Goods upon freight and that besides they had incourag'd one Bassilio a subject of Manilha to come hither and carry away the freight from this Place, all which actions tend greatly to the damage of the Company with respect to their Customs and to the place it self by encouraging foreigners & destroy^{s}. the Navigation of the English, He added that this evil had been long growing to the higth it now is and that as it is daily increasing if the Board do not take some measures to prevent it, the Commerce of Madrass must inevitably fall away to nothing.

The matter debated and the Armenians call'd in.

The matter being sometime debated and the Priviledges granted the Armenians duely consider'd they were call'd in and told that it was the express orders of the Company that no Inhabitant of Madrass should be allow'd to import Goods in any foreign Settlement to the prejudice of the Customs of this Place, Likewise that none und^{r}. the English Protection were to aid and assist other Nations in their trade and Navigation to the detriment of the English, They affirm'd that they never had done any thing of this kind, but being press'd with the importation of Goods at Pondicherry Codejee George assur'd the Board that he knew nothing of the doing of it till the Goods were ashore and sold and as to the Contract with y^{e}. French Codejee Petrus told them that money came from Manilha for Acco^{t}. of Spaniards there and consign'd to him & another Armenian upon the French Ship and that his orders were to return it on the same Ship.

their Answer to the above Charge.

——*FORT ST. GEORGE, APRIL 1724*——

They were then order'd to withdraw and after some small debate it was AGREED to over look what was past but to let them know that if they were guilty of such Practices for the future they should be proceeded against with the utmost rigour in complyance with the orders of our Honble Masters. They were call'd in accordingly and told the Resolution of the Board to which they promis'd due obedience. They withdraw and are afterwards call'd in and told the Resolution of the Bd.

The Warekr. delivers in a state of the Contracts with an accot. of what wanting to compleat the List of Investment.

Richard Benyon Warehousekr. delivers into the Board a State of the Contracts as they stood at the departure of the Europe Ships with what more necessary to be contracted for in order to comply with the List of Investment from Europe which would have been deliver'd in much sooner but that he was prevented for some reasons which he referr'd to the President for.

The Presidt. informs the Board that the dividing the Cos. Merchts. in the Contracts had not had the good effect design'd.

The President thereupon inform'd the Board that he had for some time past observ'd that the dividing the Company's Merchants had not had the good effect design'd which was to raise an emulation between them thereby to procure the better Cloth from both ; That this at first Succeeded but that the demand was now so much increas'd both for our selves and other European Nations that instead of making each Set endeavour to exceed the other in the goodness of the Cloth it had only encourag'd their Weavers to slight the Fabrick and bring worse Goods to Market because if one

——FORT ST. GEORGE, MAY 1724——

Buyer would not take them off another would, He added that he had a long time perceiv'd an inclination in each Set to act jointly but that they had stood off upon Punctilios which he had at last overcome and they were now willing to contract with the Company in one body; That as they had been ever since the dispatch of last Ships constantly bringing in Goods upon the old Contract which was not even yet compleated and that this is to be of the usual Sortment, no ill Consequence could arise from its having been thus long delay'd.

The Contract now to be made with y^m^. jointly.

AGREED that the Contract be made with Suncah Ramah & Tomby Chitty jointly which before was with each singly that appearing to the Board to be the most likely way for the Merchants to provide the Cloth in time and good of the sort.

—*FORT ST. GEORGE, MAY 1724*—

The Presidt. informs the Bd. he had been advis'd Mr. Smith had left Fort St. Dd. without leave.

The President then inform'd the Board that he had been advis'd in a private Letter from Fort St. David Mr. James Smith whom we lately sent down thither had left that Place without leave and that he had lately seen Mr. Smith here and that he thought some measures should be taken to prevent Such Practices.

Mr. Smith call'd in and ask'd the reason but giving very trifling answers & refusing to return is dismiss'd the Cos. Service.

Mr. Smith was then call'd in and ask'd why he left Fort St. David, he reply'd he had not necessarys of Life, being ask'd if he had not his diet money paid him he said yes, but that would not maintain him & urg'd two or three more such trivial excuses, however the Board being inclinable to use gentle methods with him told him if he would return to his duty all should be forgiven him, if he would not, they should be oblig'd to dismiss him in complyance with the Honble. Company's positive orders to which he reply'd they might dismiss him a hundred Services if they pleas'd but that he would not go down again, Upon which he was told that he was to look upon himself as dismiss'd from this time the Honble. Compas. Service for they had no Further business for him.

FORT S^{r}. GEORGE 30TH. APRIL 1724.

℔ GEORGE DRAKE
Storekeeper.

TO THE WORSHIPFULL WILLIAM JENNINGS ESQ^{R}.
DEPUTY GOVERNOUR OF FORT S^{T}. DAVID.

THE HUMBLE PETITION OF FIFTEEN PACKERS

SHEWETH

That your Worship's Petitioners serv'd the Hon^{ble}. Company at Conimeer when they kept their Factory there and when they mov'd to Fort S^{t}. David we came with and have serv'd them ever since which is about forty years. Now on the 15th. of this Ins^{t}. Punniapa gave us notice that we were discharg'd from the Company's Service by M^{r}. Burton's orders, In Govern^{r}. Hastings's time when M^{r}. Berlu was Warehousek^{r}. he requir'd to attend on him to do what he commanded of us for his own

——FORT ST. GEORGE, MAY 1724——

business which we acquainted the Govern^{r}. of who order'd two Peons to take care that we should do no business but that which belong'd to the Hon^{ble}. Company and when he employ'd any of us in or about his own business he always satisfyd us for the same which when we went about any of the Company's Business to his house he would often do. Now M^{r}. Burton is Warehousek^{r}. he requires us to carry Letters or bills for the Company's money which we do, but to look after his Palanqueen or his house we are unwilling to do it for which reason we judge we are turn'd out of the Hon^{ble}. Company's Service, It is well known that two of us always give our attendance from six in the morning till six at night and then till six in the morning the next day, no one is exempt from it, only one of the Head Packers. We humbly beg that your Worship would be pleas'd to enquire if we have done our duty and be pleas'd to take it into your Serious Consideration and we shall always pray for

Y^{r}. Worship's Health & Prosperity.

To THE WORSP^{LL}. WILLIAM JENNINGS ESQ^{R}.
DEP^{TY}. GOVERN^{R}. &C^{A}. COUNCIL OF FORT S^{T}. DAVID.

WORSP^{LL}. S^{R}. & S^{RS}.

I am to acquaint your Worsp̃. &c^{a}. that the Packers belonging to the Warehouse left me the 12^{o}. Ins^{t}. on my going to Chelumbrum and never came again till the 24^{o}. I suppose it was by my often telling them that I would expell them the Wareh^{o}. for not giving their usuall attendance and disobeying my ord^{rs}. on all occasions which at my coming back I intended to have represented to your Worsp̃. &c^{a}. their insolence towards me, I have entertain'd others in their room who are more circumspect and altogether as fitting to do the business they are employ'd for and I desire your Worsp̃. &c^{a}. approbation for I shall never be able to bear insults from Servants who are immediately plac'd under me without forfeiting the esteem that is required to my Station.

I am very much
WORSP^{LL}. S^{R}. & S^{RS}.
Your most obed^{t}. Hum^{ble}. Serv^{t}.

HON^{BLE}. S^{R}. & S^{RS}.

We being dispatch'd so very late in the Season as the middle of last month which believe was on Acco^{t}. of saving the Hon^{ble}. Company's Demorage and it being too late to attempt to get about the Cape was obliged to come here to wait a proper time for the Ship's safety which was the opinion of all my Officers.

I believe your Hon^{r}. &c^{a}. are Sensible there have been Pirates lately in these Seas which perhaps may now be among some of the Islands which we must have been obliged to winter at which might unfortunately have met with us and which was the reason of our coming here. I am with all Respect

The Debate concern^{g}. the Armenians and the Manilha Freight resum'd. The Board then resum'd the debate concerning the Armenians and the Manilla freight which was deferr'd the last Consultation day and it was AGREED by the whole Board that if some measures were not taken to prevent it the trade of this Place would be entirely lost to the English and given to foreigners, But as the Company have given great immunitys to that Set of Men it was urg'd that we could not without infringing those Priviledges prevent their trading on the best terms they could to which it was reply'd that the Contract mention'd was an obsolete one and that even at that time it was made the Company complain'd that the Circumstances of the times oblig'd them to grant greater immunitys than they would otherwise have done and that probably when those Circumstances should be alter'd they might make some alterations therein by which it appear'd the Comp^{a}. themselves did not thoroughly approve of the granting such Priviledges. It was added upon this Side that the Armenians had long ago forfeited the Priviledges granted them by carrying on their trade to and from Europe on the Danes Ships and now more recently by contracting with the French and Spaniards directly contrary to the Conditions on which these Concessions were made them, It was further added on the same Side that the Company do covenant and agree with their Servants and the Free Merchants whom they permit to reside in India that they shall have all manner of freedom in their trade but that if ever they think fit to order any of their own Ships to freight voyages they do expect to be first Serv'd and our ships after them from whence it is reasonable to suppose, if they will insist upon the first Place themselves we ought to

be and are allow'd the Second or other wise we should be on a much worse foundation than any Set of Men in India and oblig'd to leave off all trading, being undertraded by the Natives on the one hand and oblig'd to prefer the Company's Ships on the other.

Upon the whole of the debate which was continued for a Considerable time it was unanimously

AGREED & ORDER'D that the Inhabitants of Madrass shall not be allow'd to freight to Manilha any Goods or money belonging to this Place on any foreign Ship before the English Ship is laden. The English Ship to be laden before the Inhabit^{ts}. shall have liberty to freight on any foreign.

THURSDAY THE 11° .

NATHANIEL ELWICK ESQR. GOVERNR. PRESIDENT.
NATHANLL. TURNER. RICHD. BENYON. JOHN EMMERSON.
RANDALL FOWKE. JAMES HUBBARD. GEOEGE DRAKE.
JOSEPH HOUGHTON.

Mr. Drake presents a Paper to ye. Board, complaining of Capt. Hill for some ill usage.

Mr. Drake presented a Paper to the Board which being read was found to contain a complaint of some indecent Language and gross abuses offer'd him by Capt. Thos. Hill for which he desir'd the Board would oblige the said Capt. Hill to make him such an acknowledgment as they should think just.

Capt. Hill call'd in and Mr. Drake's paper read.

Capt. Hill being call'd in the Paper was again read to which he made answer that some Part of what was there charg'd upon him was false and some he acknowledg'd to be true, that he had affronted Mr. Drake which he did in return for some ill treatment which he had recd. from Mr. Drake.

The ill treatment Mr. Hill complains of.

The ill treatment complain'd of by Capt. Hill appear'd to be Mr. Drake having sent to the Main Guard a Mustees that belong'd to the Capt. and had beat one of his Servants without acquainting Mr. Hill of it which he took to be a design to insult him and which he said was the reason of his treating Mr. Drake as he had done.

The affair argued with him.

He is told the Board insist upon his makg. an acknowledgment for his ill treatmt. of Mr. Drake—wch. he refuses.

Capt. Hill was then told by the Board that Mr. Drake did no more in confining the Young fellow than what every Man had a right to do and that as he was quarrelling and committing a riot in the Street he was justly confin'd, that indeed Mr. Drake might have advis'd him of it but that an omission of Civility could not be term'd an affront and that therefore he had no reason for the ill usage Mr. Drake received from him and that they expected he should make an acknowledgement for the Same which he absolutely refus'd. After some little debate he was again call'd in and told that the Board did and must insist upon his making an acknowledgment for the ill treatment he had offer'd Mr. Drake which he again refus'd unless Mr. Drake would declare he had no design to affront him in confining the Young fellow, and again withdrew.

The Case further argued with him.
The Board continue in their Resolution of havg. an acknowledgment from him and

Capt. Hill being again call'd in was told from the Board that Mr. Drake in confining this Young Fellow had no other design than to keep the peace and prevent any mischief from his quarrelling and to gain reparation to his Servant who had been beat by him. That he was not affronted by Mr. Drake and that therefore they did insist upon his making an acknowledgment.

He at last complys.

After a good while refusing to make any, the Capt. at last comply'd and told the Board that if Mr. Drake had no design to affront him he was sorry he had us'd any indecent language to Mr. Drake.

The affair referr'd [to ye. Honble. Masters].

The Board thought fit to accept this acknowledgmt. from Mr. Hill and thô it was not adequate to the affront, did not care to proceed any further because there was a ship in the Road under dispatches for China whereof Mr. Hill was both Capt. and Supra Cargo, and which waited then only for his going off to proceed on her Voyage,

——FORT ST. GEORGE, JUNE 1724——

whereupon M^r^. Drake desir'd this affair might be at large on the Consultations to be referr'd to our Hon^ble^. Masters for their opinion of the Same.

TO THE HON^BLE^. NATHANIEL ELWICK ESQ^R^.
PRESID^T^. & GOVERN^R^. OF FORT S^T^. GEORGE &C^T^. COUNCIL.

HON^BLE^. S^R^. &C^T^.

I am to acquaint you that on Tuesday night last about ten of the Clock one [*lacuna*] a Musteez belonging to Ship Moylin did in the open street assault and most barbarously beat one of my Servants, as soon as I was inform'd of the same I sent a civil Message to him by my Dubash and only desir'd to be acquainted with his reasons but instead of having the least reply from him he return'd to me my Dubash, very much beaten and had the insolence to follow him with blows to my very door, I then could do no other than send for the Guard who accordingly came and secur'd him for the Rem^r^. of the night, this no sooner was done but Cap^t^. Hill Command^r^. of the Ship this young offender belongs to, came to my house and in a most indecent manner address'd himself to me telling me I had forfeited all good Manners and had sent a better Gentleman than my self on the Guard and that my Councillourship was my only Protection for so doing and only on that Presumption I had dar'd to do it and it was well for me I had such a protection to sckreen me from his immediate resentment. In short Cap^t^. Hill's language and manners throughout were very foul and rude and such as I believe your Hon^r^. &c^t^. upon examination will find ought neither to be given or taken especially as I had only done my duty & taken no more Priviledge than the meanest of your Inhabitants may to quell a riot in the properest manner I could. I should have been very glad if Cap^t^. Hill would have recollected himself the next morning that I might not have given your Hon^r^. &c^t^. this trouble but as he persists and will make me no acknowledgment I am strictly oblig'd to make this application and do believe you'll find I merited better usage than Cap^t^. Hill was pleas'd to bestow on me but this I refer to your determination and am with the greatest Respect

Settlements but amongst the Malays for Benjamin, Camphyre and Gold where no Europeans are setled and this being our full intentions without any design of selling a piece of Goods at any English Settlement we presume the Company's orders do not reach to the prejudice of our intended voyage and therefore pray your Honr. &cas. leave to proceed thereon which if impeded will greatly detriment us in general and the Honble. Company in particular by the loss they will sustain of the Customs we should pay on the returning Cargo as we have done this last year. All which being duely consideed the Board came to the following resolutions in which they were unanimous.

That Capt. Asselin has us'd his endeav^rs. for the procuring a vessell.

That it apppears to them Cap^t. John Asselin did use his utmost endeavours to procure a Vessell of the burthen agreed on and that none were procurable except the Neptune Brigantine and that not till the 3^d. of October so that it was impossible for him to have bought her and been here according to the Contract made.

[That] the Provision [in the] bond on that [point frees] him from [any penalty]

That the Bond making express provision that in case a Vessell was not procurable it was not forfeit Cap^t. Asselin is in no ways liable to the penalty therein expressed.

Capt. Sleddall's petition to the Court &
Capt. Asselin's reply.

Capt. Sleddall inform'd of the opinion of the board upon which he delivers in a Protest.

Capt. Sleddall being then inform'd of the opinion of the Board drew out a Paper out of his Pocket which he desir'd leave to deliver to the Board. The Secretary accordingly recd. it and upon opening it was found to be a Protest whereupon he was order'd to withdraw and the Protest being read, according to the Copy enter'd after this Consultation, It was propos'd to order him home immediately for offering such an insult to the Board but in consideration of his Family which must suffer very much by so strict a proceedure, It was AGREED only to check him for the same; Accordingly,

He was call'd in and reprimanded for the insult offer'd the Bd.

He was call'd in & told by the Presidt. that his Protest had been read & should be enter'd, that were they to treat him as he deserv'd he would immediately be sent off the Shore but that in consideration of his Family they should not proceed to rigourous measures and that 'twas only that & because they did not think him a fit object of their Resentment that prevented them treating him in another manner.

his havg. the Protest ready in his Pocket plainly shews that he expected to be Cast.

It is remarkable [that] Capt. Sleddall expected to be again cast for he had the [Protest] ready wrote in his Pocket which in all proba[bility] had been so for some days the date thereof having been erased and a new one put in and the tenour thereof running against the whole Board whereas Messrs. Emmerson & Houghton were not present.

That Your Petitioner and Capt. John Asselin upon a contract made between them enter'd into penalty bonds, that the said Capt. THE HUMBLE PETITION OF JOHN SLEDDALL

That your Petitioner on the 19^{o}. of August 1723 made a contract with Cap^{t}. But the said John Asselin did not on his part make use of his endeavours (according to his agreement) to purchase a Vessell notwithstanding there were three expos'd to publick Sale Viz^{t}. the Bonita, the Neptune Brigantine and the Catherine but on the contrary the said John Asselin enter'd into a new Contract with the Owners of Ship Chester and ship't himself Master of the said Vessell which is a direct Breach and Violation of his Agreement, which has tended to the great detriment of your Petitioner, both by detaining him on shore and hindering him from seeking out other means for providing for himself and family as well as the losses he has sustain'd by the Goods he provided on that Acco^{t}. with many more disadvantages and inconveniencys.

The President inform'd the Board that yesterday he rec^{d}. private advices from the Country that in a late engagement near Auringabad wherein the Nabobs of this Side of the Country were most of them join'd against Chicklys Cawn (otherwise call'd Nissa Mulmolucque), this latter had gain'd a compleat Victory, Galib Cawn Comm^{r}. of the Forces sent against him by our Nabob being kill'd as was likewise Falum Cawn Son to Abdulnabbe Cawn & almost all the cheif officers in the army. Sheik Mahomud Cawn Nabob of Hidrabat was likewise wounded and his life despair'd of. These Letters add that a detachment of Chicklys Cawn's army amounting to about fifteen thousand Men were on their march to seize Sattingurra one of the Passes into the Carnatta Country which had occasion'd our Nabob to march to secure it in order to which he was levying forces with the utmost expedition and at very extravagant rates. Further advices say that Abdulnabbee Cawn was march'd against Tyre Cawn to take possession of the Chingy Country and that we might shortly expect an Acco^{t}. of the engagement from those Parts.

Presid^{t}. acquaints the Board of an engagement near Auringabad between Chicklys Cawn and the Nabobs of this Part of the Country.

The Board then proceeded on the Petition of appeal lodg'd by Nella Canta Ragana and after hav^{g}. read the Petition, Proceedings of Court and other Papers produc'd on both Sides unanimously AGREED to confirm the judgment of Court. Petition & Court Proceedings are enter'd hereafter.

The humble Petition of Cojee Serkis & Coja Gregore
Attorneys of Coja Simone

Sheweth

That your Petitioners being Owners of Ship Salliman (which sail'd from this Port to Surat & design'd from thence to Manilha) are considerable Sufferers as well as the rest of the Owners by the said ship's not proceeding on her voyage from Surat to Manilha which was occasion'd by the death of the Noquedah and not being able to get another to go with the Freight thither. This disappointment oblig'd her to return to this Port with that part of her Cargo design'd for Manilha, as soon as your Petitioners were acquainted with the reason of her return they went and inform'd the Hon^ble. Gov^r. therewith and also of the ill Success that they and the rest of the owners met with on that Acco^t. upon which your Petitioner's had liberty from the Hon^ble. Govern^r. & Council to provide more Goods and dispatch the said ship with all expedition for Manilha. In order thereto your Petitioners took up at Respondentia a considerable sum of Money and sent the same into the Country to procure more goods, forty or fifty bales of which are already provided, some in your Petitioner's Godowns and some at the Sea Gate ready to be put on board but are not allow'd to be sent off the Consequence of which will not only prevent the Ships proceeding on her voyage to Manilha this Season but be also a very great Loss to your Petitioners &c^a. Owners having taken up at respondentia so much money; Therefore they most humbly pray that your Hon^r. &c^a. will grant a permission for those Goods to be sent off without which twill be impossible the said Ship Salliman should proceed on her Voyage.

And Your Petitioners
as in duty bound
Shall ever pray.

Whereas There is lately arriv'd on the Coast a Ship carrying the Colours of the Emperour of Germany and having or pretending to have a Commission from him to settle a Factory at Covilon in order to carry on a trade in the Indies which if it succeeds will be extreamly prejudicial to the Interest of the Hon^ble. A Commission appointing Nathaniel Turner Esq^{r}. Dep^{ty}. Gov^{r}. of Fort S^{t}. David produc'd and sign'd as enter'd in the Letter Book Sent No. 37.

Instructions to be given him, debated & agreed that the Co^{s}. orders be put in execution and a true state of the Case to be [ad]vis'd of from thence [for] further directions. The Garrison there not to be reduc'd as yet there being 4 Armys in y^{e}. country.

Instructions to be given him being then debated the Companys orders by the last year's Ships and those now rec^{d}. were read over, those of the former have been already sent to Fort S^{t}. David and it is recommended to the new Dep^{ty}. Gov^{r}. to see them put in practice and when he comes down after having thoroughly consider'd how far they can be exactly follow'd he do write us a true state of the Case for our further orders. As for these this year excepting the Charges Cattle they intirely relate to the lessening that Garrison which it is unanimously Agreed cannot be done at this Juncture while there are four such powerfull armys in the Country as were advis'd in Consultation of the 1st. Inst. and therefore we must defer the reduction for some time.

Report of another engagement in the country.

The President in consequence of this produc'd another Lett^{r}. giving us an Acco^{t}. that there had hapned a very bloody engagement between Abdulnabby Cawn and Tyre Cawn in which the former was kill'd and the latter mortally wounded and that there were upwards of 12000 Men cut of in the engagement that upon this our Nabob was march'd to take possession of the Chingie Countrys imagining that after such a vast loss neither side will be able to oppose him. That Nissa Mulmoloch is on his march to this side of the Country and a detachment of his army consisting of 15,000 Men is now encamp'd at 15 leagues distance from Hidrabat in their way hither follow'd by himself with the Main Body.

Abdulnabby Cawn's family resolv'd to maintain their right to the Chingie Country.

The Presid^{t}. added that there are remaining of Abdul Nabby Cawn's family three and twenty Persons who are all resolv'd to maintain their right to the Chingie Country or die so that there is little likelyhood of these Parts being setled again in peace for a long time.

Nathaniel Elwick Esqʳ. Mintmaster reads that Accoᵗ. for last month Ballance remaining Pagodas Forty one and twenty nine Fanams which he pays into Cash and Rupees 340515.13.—. *Mint Accoᵗ. for June read.*

Richard Benyon Import Warehʳ. pays into Cash five thousand six hundred and six Pagodas, thirty three Fanams and seventy Cash for produce of two Chests Ingot Silver weight standard 617 : 4 : 8 (lbs. ozs. dwt.) sold at fifteen Dollars ℔ 10 Pagodas. *The Warekʳ. pays in Money for Silver sold.*

Henry Crawford Farmer of the Arrack and Wine License pays into Cash three hundred thirty five Pagodas for last month's rent of that Farm. *Arrack rent for June paid in.*

Capᵗ. Agostinho Bassilio delivers in a Petition of Appeal from a judgment in the Mayors Court as enter'd hereafter which being taken into consideration it Appear'd that Grua went with him to Manilha but dying in the Passage he as Capᵗ. of the Ship took charge of the Goods that the said Grua left which lay in a bale and Chest that he allow'd him, That he opened the Said Goods in presence of his two [Mates] and Vincatty (the Person who now sues him) brother to Servant Grua, that after they came to Manilha He [gave] the said Vencatty ten Pieces of Chints to sell but that he gam'd away the money, that he afterwards gave him [ten] Pieces more but that he did the same with them after [this] he would not trust him with any more and sold the [Pieces] himself of which he delivers in the Accoᵗ. of Sales amount[ᵉ.] to Dollars 412. *Petition of Appeal of Capᵗ. Bassilio read.*

On the other side Vencatty broᵗ. Merchants to [prove] they sold his Brother Goods to the amount of Pagˢ. 522 : 1[...] which goods agreeing with the Accoᵗ. taken by Capᵗ. Agostinho as to quantity, he urg'd that it was impossible they should sell for no more than 412 Dollars, to confirm which he further produc'd Accoᵗ. Sales of Sundry Goods sold in Manilha that [year] of the same prices and Species as those sold his Brother by the Merchants aforenam'd amounting to much more, by all which it seem'd unreasonable to suppose that his said Brother['s] Goods produc'd no more than the abovesaid 412 Dollars. *Vencatty offers proof.*

In answer to this the Capᵗ. urg'd that the sᵈ. Grua had sold to Cojee George 1 Corge of Fine Chints before he went away, to himself 14 Pˢ. and upwards of 50 Pagˢ. worth of Goods to the Noquedah of the Ship so that the Accoᵗ. of Goods sold him by the Merchants agreeing with the Accoᵗ. of Goods yᵗ. were found in the Bale and Chest would only prove that the said Grua had changed them and put course instead of fine into the Chest and Bale. This was look't upon [as] a supposition not very well founded but the Character of the said Grua who was known to be a Thief having twice robb'd Major Roach in the Voyage he went to Manilha and being guilty of several other vile actions made the Board inclinable to fall in with that supposition. However as it did not appear that Capᵗ. [Bassilio] had fully clear'd himself It was AGREED that he do [deposit] the Sum for which he is sued, in the Mayor's Court [Cash] deducting the amount of a respᵃ. bond which he paid the said Grua till such time as according to his pro[mise] he] brings sufficient Proof from Manilha of the Sale of the said Goods. *The Captˢ. answer.* *He to deposit the Sum sued for in the Mayʳˢ. Court Cash till he gets sufficient Proof of the Sale of the Goods.*

George Drake Storek^r^. reads that Acco^t^. for last month Ballance due from him six hundred forty five Pagodas twenty Fanams and sixty five Cash which he now pays in. Storekeep^rs^. Acco^t^. for June read.

There being a large quantity of Madera Wine and Iron in the Godowns it was propos'd to dispose of some Part thereof But the Persian Empire being so much disturb'd and the Ophgoons besieging Shyrash it was RESOLV'D not to sell any Madera yet, it being very unlikely that we should have any Wine from Persia this year & consequently the Price of Madera will rise which is now very low. Madera Wine to be kept.

As for the Iron thô Manilha and Surat being both overstock't yet no other Market being likely to offer for that Commodity It was AGREED to sell some Part thereof at Outcry if it would go so high as nine Pagodas ℔ Candy which the Board are the more induc'd to do because we see no likely hood of its rising for a good while and that we must expect Supplys next year so that we shall by keeping it only increase the quantity without any likely hood of advantage. The Iron to be sold.

THE WAREHOUSEKEEPER reports that hav^s^. yesterday summon'd a Sorting, the Cloth prov'd so bad y^t^. thô most of the Sorters were there yet of all the Cloth y^t^. was offer'd but five bales were taken in. Report of the badness of the Cloth.

He added that in consequence of what was recommended to him by the Board the last Consult^n^. but one he had been at some Pains to find out some way to ease the Sorters and Washers and had made the follow^s^. remarks. The Warek^rs^. remarks on the Investment of Cloth.

THAT the Merchants can always supply the Washers with Cloth faster than they can cure it except there be any impediment by the troubles in the Country. Washers can always be supply'd by the Merchants.

THAT the Merchants are not very uneasy at the quantity of Cloth turn'd out at the Sorting Godown because by its being cur'd they can dispose of it in Town for other Markets at the Company's price or very near it. The Merch^ts^. can dispose of it when cur'd and are therefore not uneasy at its being turn'd out.

—*FORT ST. GEORGE, JULY 1724*—

the quantity sufficient for the Tonnage will always keep y^e^. Washers employ'd.

That if the Merchants deliver'd all the Cloth to the Washers of so good a sortment that little or none was to be turn'd out when it came to be sorted yet the curing a sufficient quantity for the Tonnage would keep the Washers fully employ'd and be perform'd with difficulty.

The Cloth now brot. in three parts in four is turn'd out by the Sorters.

That the Cloth now bro^t^. from the Washers is in general so very bad and more particularly excepted against since the Complaints rec^d^. by the last ships that of the whole quantity sorted the last day three Parts in four were turn'd out and of the other four Parts in five were sorted to N°. 2.

A method must be taken before the delivery of the Cloth to the Washers or else the Tonnage will not be fill'd up.

From this he proceeded to say that if some method be not taken before delivering the Cloth to the Washers, We shall unavoidably fall very short in the quantity necessary to dispatch the Shipping.

Proposal that the Cloth when brown be sorted before the delivery to the Washers.

That as it is necessary to take care the Washers have only such Cloth deliver'd to them as can be receiv'd afterwards for the Company and he propos'd that a sufficient Number of the Under Servants be appointed to sort the Brown Cloth before it be measured to the Washers w^ch^. however is not to be understood otherwise than that the same Care ought and must be taken by the Sorters in the Warehouse after it is cured.

which will oblige the Merch^ts^. to bring such Cloth as is fit for the C^os^. use.

That by this method the Merchants will be oblig'd for their own Interest to bring such Cloth as is fit for the Company for such as is not will not be cured and what is not cured they will find it difficult to dispose of otherways.

The Merch^ts^. reprimanded for bringing in bad Cloth. Persons appointed to the sorting of the Cloth before its delivery to the Washers.

These arguments and Proposals being consider'd and allow'd the Merchants were call'd in and after a severe reprimand for bringing such intolerable Stuff were told that the Board were come to a resolution to have all their Cloth sorted brown before it was deliver'd to the Washers and accordingly they did appoint that the Gentlemen lately order'd to inspect the packing should likewise attend and sort the brown Cloth.

M^r^. Shelley delivers in a paper relating to the deficiency of Pepper at Bencoolen &c^a^.

M^r^. Peter Shelley delivers in a Paper relating to the deficiency in the Pepper while he was Pepper Godownkeeper at Bencoolen for which a Sum of Money had been attach'd there and some errors said to be in his Acco^ts^. for which M^r^. Deane had protested two sets of bills of Exchange drawn by himself & Council of Moco Moco on the said Lewis Deane & Council at Bencoolen and ends with a Petition for leave to go home on the Prince Frederick.

There being no Acco^ts^. from M^r^. Deane concerning this affair but as he has attach'd the money for security, M^r^. Shelley is permitted to go home.

AGREED that as we have no Acco^ts^. relating to these two Articles from M^r^. Deane we can go no further and that since he has attach'd the money and protested bills sufficient to the amo^t^. of M^r^. Shelley's Debt if it appears to be such, We will permit the said Shelley to go home and the rather because he is in a very ill state of health.

M^r^. Hubbard to examine into M^r^. Shelley's affair.

M^r^. Shelley having in this Paper referr'd to M^r^. Hubbard for proof of some Particulars AGREED y^t^. M^r^. Hubbard do examine the merits of what alledg'd by M^r^. Shelley and report what he knows of this matter next Consultation.

Head money to the Surgeon of y^e^. Monmouth to be paid.

The Surgeon of the Monmouth petitioning for payment of the head money allow'd him for the Soldiers brought out on the Monmouth being thirty one in number, ORDER'D that he be paid the Same.

It is now near six months since I rec^{d}. an answer (from M^{r}. Patrick Browne's bills of Exchange to be protested after their repeated orders to draw the Same.

If you'll but please to order the Fort Marlbrô Consultations of 20 May and 4^{o}. June 1724 to be perused I dare affirm you'll be convinced that I am not culpable for what damage happen'd that way and that I was clear'd by James Hubbard Esq^{r}. then Supravisor &c^{a}. Council there, you will further see by a Survey that was taken by Mess^{rs}. Wilford and Beel that there was no avoiding the Hon^{ble}. Company's Pepper continuing in the same expos'd manner till a new Godown could be built which was order'd in Consultation on report of the Survey given in and was above seven months,'ere it was capable of receiving any of the Hon^{ble}. Company's effects.

I beg your Hon^{r}. &c^{a}. will consider how hard this is on me to be out of so considerable a Sum for so long a time and the great expence that I have unavoidably been at without getting one single penny.

And as there cannot be a fuller Acco^{t}. of the Pepper affair than what you have in the abovementiond Consultations and what M^{r}. Hubbard may well inform you off I hope you'll please to take it into your Consideration and order me the payment of that money if you still resolve to defer that of the Bills and that you'll please to grant an ord^{r}. for me and my Family to take our Passage on the Prince Frederick for England where I hope shall recover my health which I find I am not able to accomplish in India. The Merchts. complain of the Severity of the Sorters and of havg. their Cloth twice sorted.

The Company's Merchants having made great Complaints of the severity of the Sorters and the hardship of having their Cloth twice sorted the Board adjourn'd to the Sorting Godown but upon inspection did not find they were so hardly dealt with as they pretended and told the Merchants that they must expect Still to be us'd in the same manner for that they neither could nor would admit such ordinary Cloth as they then produc'd, Upon this the Merchants said it was not possible for them to provide the quantity contracted for, which occasion'd the Board to threaten them with taking the forfeiture mention'd in the Contract in case of non performance.

The Merchts. allow'd to sort the Brown Cloth themselves provided they answer the end design'd thereby.

From hence we proceeded to the Merchants Godowns to inspect the Brown Cloth lately sorted which we could not observe was any hardship upon them no Pieces having been flung out but what were either very uneven or very thin Cloth however the Merchants promising to sort it themselves very exactly before it was deliver'd the Washers provided they might be allow'd to send what they could not approve up into the Country again. It was AGREED to try and they were told that the Board were willing to indulge them therein but that if when we came to sort the Cloth we found they were not sincere in their promises it would only make us the more severe.

Hon^ble. S^r. &c^a.

According to your orders I have perus'd the Fort Marlbro Consultations referr'd to by M^r. Shelley in order to clear himself from the charge of B. [?] [?] 89. 1. 14 of Pepper found to be deficient whilst he was Pepper Godownkeeper there, the Contents of which with what I know of the matter I shall now offer to your Hon^r. &c^t. Consideration.

M^r. Shelley happens to make a mistake in quoting a Consultation of the 20^th. May 1722, since there was none held that day nor is anything relating to the Pepper Godown taken notice of in any Consultation before the 4^o of June following when M^r. Shelley delivers in a paper setting forth that he had been pepper Godownkeep^r. ever since the resetling Bencoolen at which time there was no convenient or safe Place to deposit the Comp^ns. pepper in and that He fear'd the Pepper at the Godown at Bencoolen was liable to be stole away that Godown having been formerly several times robb'd of Ironmonger's ware &c^a. hoping if any damage happen'd that way it would not be imputed to his neglect.

The Godown at that time was full of Pepper and a parcell of old Stores and there was no other Godown that we could put it in had it been remov'd nor had we materials to build a new one but expected the Drake every day from Moco Moco with a loading of Timber and Plank which was the reason of the resolution mention'd in that days Consultation, that the Pepper must of necessity remain there till the Drake's arrival when we should have materials to build a new Godown at the Carrang. Presently after the Drake's arrival we did begin upon a new one and it was carry'd on a considerable way before I left the Coast.

I have no reason to believe the Pepper at the Bencoolen Godown suffer'd any thing by embezlements during my stay at the West Coast a Buggueeze guard was kept close by purely for its Security & I never heard of its being once broke open whilst I was there.

M^r. Shelley mentions a survey taken of that Godown by Mess^rs. Wilford and Beel but there is nothing ment^d. of any such survey in the Consultations nor was any such made, a Survey was indeed order'd to be taken presently after I arriv'd at the West Coast by Mess^rs. Burton and Shelley of all the Comp^as. buildings which was accordingly done and enter'd after the Consultation of the 13^o March 1721/2, but it happens unluckily that they there take no notice of this Godown.

I believe M^r. Beel upon his coming to be Pepper godownkeep^r. might have told us that it was impossible to take the remains of the Pepper in the abovem^d. Godown because it was full and there was no other Place to remove it to and as I remember he said it was very foul & he feard there would be some of it damag'd when we came to clear the Godown, but as I have already mention'd it was impossible for us to build another Godown to put it in till the materials came from Moco Moco and all the Care was taken that could be by keeping it in constant repair to hinder any further damage.

M^r. Shelley refers to another representation made by him in Consultation of the 4^o of July 1722, but 3 days before I came away from thence upon the delivery of his Storekeep^rs. Acco^ts. in which he sets forth

That at their first setling they had no place of safety to deposit the Company's Goods in. 1^st.

That he was seldom acquainted when Goods came ashore and that the Dep^ty. Gov^r. order'd them sometimes to Cap^t. Loveday's and other Places as well as to his Godowns. 2^dly.

That he had no slave or Servant allow'd him on any Acco^t. except weighing in of the Pepper. 3^dly.

These Complaints I took to relate only to the Stores the Acco^t. of which being but then given in there was not time to examine but were sent over hither in the

——FORT ST. GEORGE, AUGUST 1724——

manner they were deliver'd and as to the Pepper that being put into a Godown they found standing when they came there I don't see how it was concern'd in that Representation besides he there asserts he had Servants allow'd on Acco^{t}. of the Pepper.

Thus I have inform'd your Hon^{r}. &c^{a}. of all that I know or that pass'd in my time relating to this matter by which I think it must appear that M^{r}. Shelley was never clear'd by me of any deficiency that might happen in the Pepper.

All that I can find in M^{r}. Pyke's Cons. of any of the Godowns being broke open is in one of the 19th. July 1721, where it is mention'd that M^{r}. Shelley Storek^{r}. reports that the Storehouse at Oujang Carrang was broke open and several Stores, there set down, were stole which were order'd to be wrote off to Profit and Loss, this M^{r}. Shelley says he is positive was the Godown at Bencoolen thô there said to be at Oujang Carrang. I am

Rough Draft of the General Letter to the Hon^ble^. Court of Directors design'd by the Prince Frederick read and Agreed and the Secretary is Order'd to get it ready for signing.

Petition of M^r^. George Sitwell read.

Petition of M^r^. George Sitwell as enter'd after this Consultation read setting forth that the Secretary had by order from the Board inform'd him he must prepare for Europe, that having been always observant of and obedient to the orders and rules of the Company he believes the order from the Court of Directors for his return to England must proceed from wrong informations given them and not any misbehaviour in him, concluding with a request for leave to stay twelve months longer in India in order to settle his affairs.

——FORT ST. GEORGE, AUGUST 1724——

He to attend next Consultation.

This matter being for some time debated, It was urg'd that the Companys orders were positive for his return and therefore must be comply'd with, however as he seem'd to insist upon the twelve months time allow'd him by the Indentures to prepare for Europe he should attend next Consultation to see if he had any thing to urge why this order should not be immediately put in execution and whether we were to observe the Letter of the Indenture and permit him to stay twelve months here.

Petition of Appeal of Sheik Mahomud Isaack read.

Sheik Mahomud Isaack's Petition of Appeal from a judgment in the Mayors Court in a Cause between himself and Amerose Nina Tauker read and enterd after this Consultation setting forth that one Colluch Doud Cawn had taken up money for which he was security, that the Ship upon wch. the said money was taken up was unhappily lost, but that notwithstanding the said Loss the said Amerose Nina Tauker had sued and recover'd the said bond by judgment from the Worspll. the Mayor's Court and that therefore he pray'd a rehearing of his Cause before this board, He thinking there was no reason he should pay the Same which he hop'd to make fully appear.

Amerose Nina Tauker Defendt. call'd upon and inform'd thereof, his answer.

Amerose Nina Tauker being call'd upon & inform'd of the Appeal urg'd for himself that having several times Lent money upon respondentia to the Moors he had frequently lost his money by their staying in Bengall and never returning to this Place in order therefore to avoid such evil Practices he had drawn his bond payable on the Ship on which the sd. Colluch Doud Cawn should return and took security for the Same, adding another clause wherein it was AGREED that if he the said Colluch Doud Cawn shou'd not return then the risque to cease and the Bond to become due, That the said Colluch Doud Cawn did not return and that therefore he humbly conceiv'd he was intituled to the Principal and respondentia.

Mahomd Isaack's reply thereto.

On the other hand Mahomud Isaack urg'd that the Ship sunk at an Anchor in the River of Bengall before Hughly that the said Colluch Doud Cawn was coming on the Ship and was to have gone on board the next day and that his the sd. Md. Isaack's Brother Ahomud Cawn to whom the goods belonging to Colluch Doud Cawn were consign'd for his the said Mahomud Isaack's better security had wrote to him the said Mahomud Issack that he had sent by Colluch Doud Cawn the returns for the Goods brought thither by the said Colluch Doud Cawn which Letter he produc'd and it is enter'd hereafter.

He is told that he must prove that Colluck Doud Cawn was coming upon the ship the Bond runs upon, who produces Two Persons and they declare it.

It appearing by the said Letter that the Goods were on board the Ship but the bond running upon such Ship as the said Colluch Doud Cawn shd. come upon he was told that if he did not prove that the said Colluch Doud Cawn was actually to come upon the Same Ship he must pay the bond, he thereupon call'd two Persons by name Shaek Mahommud Amjan and Chodu Cawhn who both declar'd they were coming upon the Ship and that Colluch Doud Cawn was to have come along with them and had put his Necessarys on board for the Voyage.

They to be sworn upon the Alcoran.

These two Persons being Mahometans it was Agreed they should be sworn upon the Alcoran against next Consultation.

To the Hon^{ble}. Nath^{ll}. Elwick Esq^{r}.
Presid^{t}. & Gov^{r}. of Fort S^{t}. Geo^{r}. &c^{a}. Council.

The Humble Petition of Mahomud Isaac.

That your Petitioner and one Collock Doud Cawn jointly took up of Ameraus Tauker the Sum of two hund^{d}. Pagodas at respondentia and gave him a bond for the Same the risque of said Principal and respondentia to run upon Peer Cawn's Ship nam'd Cauda bux to Bengall and on any other Ship he the said Collock Doud Cawn should take his Passage on back to this Port of Madrass but in case the abovenam'd Collock Doud Cawn should have remain'd that Season at Bengall then y^{r}. Petitioner was to have answer'd the Principal and respondentia here and the s^{d}. Ameraus Tauker to have run no further risque. Now your Petitioner accordingly sent Collock Doud Cawn on s^{d}. Peer Cawn's Ship down to Bengall to his Brother Augumud Cawn to provide Goods for the s^{d}. Collock Doud Cawn which he did and they were laden on board the aforesaid Ship together with the Goods of sev^{ll}. other Persons but before they were ready to come on board the said ship was lost in the River, & the whole Cargoe lost upon which the other Persons had their bond return'd as likewise had your Petitioner from the Persons he was concern'd with except from the afores^{d}. Amaraus Tauker he insisting the risque was not on the bottom of the Ship but on Colluck Doud Cawn's Person, the bond being in Malabars your Petitioner neither understanding either Jentues or Malabars referr'd the drawing up of the bond to the aforesaid Ameraus Tauker your Petitioner having a good Character of him but was deceiv'd and in case as the said Ameraus Tauker pretends that the risque is on the Person the aforesaid Collock Doud Cawn and not on the bottom of the Ship the abovemention'd article of Doud Cawn returning on said Ship or any other Ship to this Port he should think fit and in case the said Doud Cawn did not return that Season the said Ameraus Tauker was to run no risque but your Petitioner was to pay both Principal and respondentia makes that article on Collock Doud Cawn's Person void and of no effect [as] the said Ameraus Tauker pretends is mentioned in the bond for its very plain in case the said Doud Cawn had deceas'd before the arrival of said Ship here in case she had not been lost that the said Ameraus Tauker after the arrival of said Ship here would have expected your Petitioner to have paid the Principal and respondentia or else have seiz'd on the said Goods aboard, if so why does he pretend the risque run on the aforesaid Doud Cawn's Person.

Y^{r}. Petitioner has sufficient Witnesses to prove that the respondentia Goods were laden on board the said Peer Cawn's Ship and were lost, Y^{r}. Petitioner has likewise a Letter to produce which he rec^{d}. from his Brother Augamud that the Goods were also shipt on board.

This affair may it please your Hon^{r}. &c^{a}. has been represented in Court already before the Worsp^{ll}. Bench with the Witnesses but they were not examin'd and was given against your Petitioner in behalf of the Plaintiff for want of a strict examination. Therefore your Petitioner has made bold to trouble your Hon^{r}. &c^{a}. with this affair hoping your Hon^{r}. &c^{a}. will examine into it and do your Petit^{r}. justice and that your Hon^{r}. &c^{a}. will also examine the Witnesses and as in duty bound shall ever pray.

Translate of a Letter from Ahom^{d}. Cawn to his Brother Mahomud Isaack.

And I also sent laden (by Adjumarrew) on Siedo Jellalew's Ship one bale of Raw Silk it being on Acco^{t}. the rupees you sent me by Adjumarrew and Bullakee Adjumong and another bale upon adventure from Coja Abdull Raheman and another upon D^{o}. from Coja Fagellou Vasake Mahomud Ismael which I desire you will be pleas'd to receive and as soon as you have rec^{d}. them that you will be as speedy of disposing of Coja Abdull Reheman's Silk as possible and send the rupees the first opportunity, as to your own Goods the disposal as you please your self and as for the bale of Cojee Fagellou Vosake Mahomud Ismael, I desire you'd deliver to Sheik Mahomud A Mee there which is to his Care and I have also sent a list of said Goods laden on the aforesaid Siedo Jellal's Ship with 3 P^{s}. Gursbousoudee and one P^{s}. of Surraband which is 4 P^{s}. I send by Abbeju Cawn Jerrenue and desire you'll receive them of him and let Me Allum Sahib have one of Garbousoudar P^{s}. the other two is for your self. And about the Horse you wrote me it is a thing impossible to procure so soon as you expect but if you'll let the money remain in my hands for a 12 m^{o}. I'll assure you a good horse, Therefore no horse is as yet bo^{t}. and if so you will, let it be, will send you one the next Season, I have sent you for your own use the following things Viz^{t}. Cloth, fine rice bags, Tobacco and preserv'd Ginger by the afores^{d}. Cassadalla and Collock Doud Cawn, if you intend to send any rupees desire they may be sent the first opportunity because it is impossible to procure good Goods too late in the Season and will also be dear therefore don't fail the first opportunity and send them by Adjumarry, for if you send the money early, it will give me an opportunity of going into the Country of buying them soon and cheaper, Therefore I'll say no more about it and likewise if you send any rubys let them be also early for then I can the better dispose of them. I have rec^{d}. no Letter from our Country Buttino but have now sent thither by Pattamar and as soon as I have rec^{d}. an Answer shall acquaint you what News.

I recommend to you one Adjuja Cawn and desire you'll assist him in what may tend to his advantage and shall take it as a favour as much as done to my self and must again intreat you'll serve him. I have sent you by Siedo Jellall's Ship two bags of rice, one bag of Wheat, one bag of Gram & one Jar of Butter which I desire you'll accept of from your Brother.

Presid^t. & Gov^r. of Fort S^t. George &c^a. Council.

The Petition of George Sitwell

Humbly Sheweth

That on the 5^th. Ins^t. your Petitioner rec^d. a paper sign'd by your Secretary informing him that the Court of Directors for the Affairs of the United Company of Merchants of England trading to the East Indies have by their Letter ℔ Ship Heathcote order'd your said Petitioner to repair to England on the first Ship that shall go from hence after such receipt, which order he your Petitioner (permit him to say) cannot but think Severe and the more so since he can with great truth affirm that he has been so far from breaking thrô any of the rules and orders of the said Company or from violating the obligation he lies und^r. as a Free Merchant that on the contrary he has ever paid the utmost deference to them in the course of all his Actions and proceedings as a trader and as one that lives under the Company's Protection should do and no more he presumes can in reason be requir'd or expected. Y^r. Petitioner after such a behaviour to lie under the displeasure of the said Court of Direct^rs. is what gives him no small Concern and he cannot but conjecture (since he stands charg'd with no crime) that the order abovementioned proceeds either from a wrong information and which may create a prejudice than from any other Cause.

Your Petitioner therefore humbly prays that your Hon^r. &c^a. Council would please to give him leave to stay here in Fort S^t. George twelve months longer from the Date hereof in order to settle his affairs as being agreeable not only to the Indenture given him by the Company but as he conceives to equity & justice. And your Petitioner is therefore in reason persuaded that his prayer if granted will not be disagreeable to the said Court of Directors.

Board to consider that in the Season now coms. on it was impossible for him to finish his Affairs & therefore he hopd they would allow the time appointed in his Indentures for him to make up his Accots. and prepare himself which he added he was the more apt to believe we would do because the Company having in those Indentures allow'd him such a time it appear'd plain they thought it necessary he should have so much granted him. After which he withdrew

He replys to the question put to him.

He is permitted to stay the time desir'd in his Petition Because That

The above allegations being duely consider'd it was AGREED to allow the time Mr. Sitwell desird to prepare himself for Europe for the following reasons.

——FORT ST. GEORGE, AUGUST 1724——

1ST. THAT we are all of us convinc'd that he cannot be suppos'd to finish his affairs so as to leave them in any tolerable order in less time. his affairs will require that Time

2DLY. THAT THE INDENTURES give him such a time and we conceive that it may be prejudicial to the Company's Affairs to break ym. Mr. Sitwell affirming that it cannot be prov'd he hath ever broke his Part and we none of us being able to prove he hath. That the Indentures give it him

3DLY. THAT in this year next ensuing he being only to prepare himself to go home will not have opportunitys of injuring the affairs of our Honble. Masters or of employrs. any Sums of money at Sea more than what is already abroad. & that as he is to prepare for Europe, it will not be prejudicial to the Cos. affairs.

FRIDAY THE 28TH.

General Letter N^{o}. 135 from the Deputy Gov^{r}. and Council of Fort S^{t}. David dated the 25^{o}. Instant wherein they tell us that they have procured forty new Washers but that since the sorting the brown Cloth they have hardly Cloth enough to keep them employ'd which their Merchants excuse by saying that the Weavers at Worriapollam will not submit to have the brown Cloth turn'd upon their hands, That they apprehend this will retard their Investment very much but have endeavour'd to prevent it by threatning the Merchants with the Penalty of their Contract. They advise us of their hav^{g}. made an addition of three Merchants to Sadashaverow's Set, That they believe they shall not be able to provide above one hundred and fifty bales ℔ month and that they have deliver'd the Protest to the Govern^{r}. & Council of Pondicherry. They add that they have rec^{d}. the orders from England and advise what they have done & design further relating thereto, request the reduction of their Forces may not be all at once nor of the Peons and conclude with an Acco^{t}. of the State of the buildings.

Fort St. David General Lett^{r}. read.

Debating upon the Contents of this Letter It was found strange that they should add any new People to the old Sets of Company's Merchants without first advising with us and desiring our leave so to do, or that they should write they would reduce their Customs without sending us a Scheme of the method they propose to do it in, both which It is AGREED to take notice of in our next General.

the Contents of the Letter debated on 2 Parts of it to be taken notice of in the next Letter.

It appearing by this Letter that we can expect but one thousand bales from Fort S^{t}. David and not being Secure of above five hundred from the Northward so that we must provide seventeen hundred here to fill all the Ships which at present appears to be morally impossible, AGREED to write to the Bay that if they cannot send us up five hundred bales more than we send down to them we cannot hope to load two ships and that therefore they must not send above one to us.

Agreed to write to y^{e}. Bay not to send us more than one ship unless they also send 500 bales more than are gone from hence.

The Company's Merchants were then call'd in and told that we must not nor would be any longer put off with Excuses, That they had made a Contract with us on the terms contain'd therein, which we would oblige them to comply with & consequently if by their negligence or Obstinacy the Ships were oblig'd to lie the Season round We would claim the forfeiture in the Contract and that therefore they had best look to it.

The Co^{s}. Merchants told they must comply with the terms of their Contract or else the forfeiture would be claimed.

TO THE HON^BLE. NATHANIEL ELWICK ESQ^R.
PRESID^T. & GOV^R. OF FORT S^T. GEORGE &C^A. COUNCILL.

HON^BLE. S^R. &C^A.

You were pleasd to order me the 24^th. instant to lo[ok] through the paymasters Accounts and report What I found might [be] immediately done towards retrenching Charges conformable to our Hon^ble. Masters prescriptions in their Generall Letter ℔ Ship Heathcoat Which, to guide me in the performance of my duty, I have carefully perused, and find, they sett down all the heads of Expences for one year, which they Compare with the Revenues, whereby to shew us the former is not, nor have been, supported by the latter for severall years, And then proceed to particularize. FIRST is CHARGES GARRISON. A strict Reveiu of the m[ili]tary being

——*FORT ST. GEORGE, SEPTEMBER 1724*——

Orderd Man by Man in the presence of us all, I shall only offer a few small matters to begin with, & leave those of mo[re] moment to be enter'd on by Y^r. Hon^r. &c. as you think convenient in respect to time & circumstances.

I must first intimate to you, I acquainted M[ajor] Roach that according to a late limitation of the military Ex[pences] by the Hon. Court of Directors he was to receive, eighteen [pag^s.] ℔ month and [...] me for [*a few words lost*] was on the same terms as formerly which was twenty pagodas ℔ month. I took notice in the generall Letter ℔ Ship Monmouth it is said, we have entertain'd Major John Roach into his former station of Major of that Garrison and on the same terms; Now whether I shall pay him according to the former or latter Order, I humbly Request Y^r. Hon^rs. &c. direction.

The Reducing the three Companys to two (if I may presume to offer my Opinion) is a work of time, as was the buildings, Fortifications & Revenues, which were all growing together, but one is not found to grow so fast as the rest, which I shall endeavour to do my part in the lopping as you please to direct me, and as soon as possible, agreable to their orders, because they say forthwith, no Excuses to be Accepted. Y^r. Hon^r. &c. are all of opinion the sooner it can be done the better, so it can be done with security to the settlement, since as they propose to save six thousand, one hundred & seventy six pagodas & twelve fanams ℔ annum.

The first step towards complying with what premised, is, that whereas there are thirteen Serjeants in the first Company, twelve in the second, & twelve in the third, among whom stands the Steward of the Hospitall, which I think ought to be placed in the Account of particular persons, and his months Allowance Appointed him by the board. There are sixteen Corporals in the first Company, sixteen in the second, & fifteen in the third. Now as I pay the Garrison, and many of these things do more immediately and more naturally fall under my notice, I humbly crave y^r. Hon^r. &c. will be pleas'd to send for Major Roach, and acquaint him with the Orders that there must be but ten of each in a Company And that no Officer be made, or military man whatsoever Entertaind, without first appearing in Consultation and an Order enterd for the Same.

There is One Walter Easton who stands a Corporall on the second List but is blind, & I believe upon the Revieu there may Appear a few more superanuated or otherwise disabled, whom if you'll please to Order among the ℔ticular Persons at two pagodas, or what monthly Allowance you think fit there will be something saved & the Acc^ts. stand fairer.

Gun Room Crew. The Paymasters Acc^ts. for 1707 are not to be found, but by the Compare made by the Hon. Committee They find a Difference of Pag^ds. 61 : 7 Sixty one Pagodas Seven fanams ℔ month. There is among the Gunner[s] Mates one Francis Calamaltie a Smith at Seven Pag^ds. ℔ month whom the Garrison cannot well spare, being very useful in his way he makes the Bales Screws and what other necessarys that require any extraordinary Workmanship in the Garrison, he ought also to be put among the Particular ℔sons if You think fitt to keep him. There are many more outworks then Anno 1707 and so consequently more men. The Gunner declares now he has barely enough to dry his Powder, attend the Batteries, remove Stores from place to place, Screw the Bales and many other Labours about the Garrison that they and the Lascars are the most seldom idle of all others. As for the Mates who are at Five pagodas ℔ month and the hundred fanam men; there are scarce any among 'em but what have been in that Service twenty or thirty Years, and most of the rest many Years. Formerly the Gunroom was lookt upon as a Lodgg work-house to relieve poor seamen and at the same time be of use to the Garrison, they were entertain'd & discharg'd at their pleasure which encouragement was thought necessary thereby to have always Sailors on any extraordinary occasion, So that their Number increas'd or decreased as Voyages offer'd. They now consist of Forty six Europeans, Fifty two Portugueze and thirty Lascars, in all one hundred and twenty eight ℔sons most old Standars. And if a man will look about the Garrison and take notice how they are employ'd I believe there will be found but little reason

——*FORT ST. GEORGE, SEPTEMBER 1724*——

for Alteration; However I bow down to Your Honour &c^{as}. Better Judgement. It may be added that if ever we shou'd come to action with an Enemy we shall want a great many more of that sort than we have at present or perhaps may be procurable at such a Juncture.

℔^{R}.TICULAR PERSONS, WAGES & ALLOWANCES are Sub divided heads of Charges Garrison because the Particulars are entirely Appropriated to that Use. OUR HON^{BLE}. MASTERS in this Complain of large Salarys to Supravisors of Buildings others of three to four Pagodas ℔ month without discription; Buzzar Physick and other Articles where in the whole they propose to save Fifty pagodas ℔ month.

It must be own'd the petty Expences herein from time to time ought to have been more fully express'd which I shall now and always Endeavour at to prevent any disatisfactions in future humbly offering my opinion what may be done herein.

The first line of Particular ℔sons amounts to twenty Pagodas and is for ten Pagodas to the two Supravisors of Buildings Thomas Way and Henry Johnson. The latter alwaies had the Character of an excellent Carpenter and an ingenious Contriver in all things relating to Architect, a very quiet Sober man and a very Usefull in such a Garrison as this. If your Honour &c^{a}. can prevail with him to accept of five Pag^{ds}. ℔ month you will have a cheap Servant and save fifteen pagodas ℔ month. The others are Doctors Mates, Master of Arms, Steward of the Hospitall, school master, Marshall, Book binder, Cooper and his mate, disabled men and poor Widows whose allowances stood as they are many Years: Whereabouts to lessen this I must leave to Your Honour &c^{ra}. which Concludes ℔ticular Persons. WAGES & ALLOWANCES, Wages is to head Workmen Three of each Sort except the Smiths who are five all which I propose to reduce to two and without those no common Business can be carryed on or Scare any of their trades procurable on Occasion: that it will be reducing the Garrison almost to Distress intirely to discharge those fellows and will very little contribute to the General charge since their Wages are so small the most able man among 'em having no more than three pagodas ℔ month.

ALL other Articles under this are only petty Expences almost unavoidable, Several Works constantly in the Armory as cleaning Arms Making Scabbards Pouch Cartridge Boxes &c^{ra}. making powder Casks in the Coopers Yard w^{ch}. indeed ought to be charg'd to Gunpowder Country by the Storekeeper Cartridge paper Drum Cords &c^{ra}. and several other things of this kind and perhaps Three or four of these Driblets sum'd up in one line, and indeed is not so easie for immediate inspection, nor can be so well explain'd in that Compass as they ought; but I shall for the future not Set down any thing without Expressing what it is for, these conclude the head of Charges Garrison. The next is

CHARGES GENERAL which although it is a distinct head in the Paymasters Acc^{ts}. from Charges Garrison Yet in the General Books tis the same, All Charges on the Close being transferr'd to this.

To reduce this in the paymasters Acc^{ts}. we are directed to observe the year 1707 and not to exceed the number of peons then which they say was about two hundred and fourty 240. They are now two Hundred and Ninety one excluding Tent fellows Trumpeters Flagmen &c^{re}. a particular List of all these went home two or three Years past where they are Posted and how Employ'd according to order, which I shall now lay before Your Honour &c^{re}. that You may Judge whether any of them can be spared. The two Subdevided Articles of WAGES & ALLOWANCES for that time were but Seventy two pagodas twenty five fanams Pag.72 f 25 whereas in The Year 1721 they were One hundred and Eleven pagodas fourteen fanams P. 111 : f. 14, and now one hundred and seven Pagodas & five fanams P. 107 : f. 5. The Governour & Council, Secretarys, Ministers and Doctors Servants stood always much the same but in that year of 1707 M^{r}. Frazier happen'd to be Suspended so there was no Second and but one Doctor, which might occasion some difference. The Linguister, Mulla, Paymasters,

——*FORT ST. GEORGE, SEPTEMBER 1724*——

Conicopolys, Oil Braminy and shroffs are also much the same except the Mulla who has $\overset{Ps.}{9}$ and formerly had but six. The main difference in this Article seems to me to lye in the Gardners tho I can't Exactly tell for want of those Accounts. But I enquir'd of the Conicoplys and they confirm me in it. Anno 1707 there was no cheif Gardner as afterward who has one pagoda and half $\overset{P.}{1\frac{1}{2}}$ and but eighteen Gardners and five women $\overset{Gardrs.}{18}$. & $\overset{Womn.}{5}$, whose wages came to ten Pagodas and $\frac{1}{2}$, $\overset{P.}{10\frac{1}{2}}$. Afterwards the Gardners were twenty eight whose wages amounted to fourteen Pagodas Seventeen fanams $\overset{P.\ f.}{14 : 17}$ besides the Cheif Gardner There were also twelve Gardners on the Island six of which I took off some months past which they much complain'd they had not enough to look after the Hedges and water the Trees, with your leave I believe I must take off two more and then they'l be reduced to much about the number Anno 1707.

The next thing taken notice of as loose and extravagant and they say not easie to be understood are a great number of Carpenters Smiths and other workmen which indeed ought to be express'd where and how they are employ'd because they say the heads of Buildings and repairs of Fortifications ought to include all expence of that nature according to Standing orders. Now for want of such explanation which shall be hereafter, it all seems misplaced and several little Charges being all in one line make it look the more Jumbled and Confus'd as in the former account and as they complain. The number of Carpenters Mooches & smiths appear very large because they are paid by the Day and sumd all up at the months end and then as to their coming under this head it will be found more proper than any other because they are no part of a Garrison Charge and very little tending to repairs but are cheifly Employ'd in making locks & keys hooping or opening Treasure Chests, Attending the Sea Gate, making Bolts or Chains for Prisoners, Buckett Straps for wells, Bolts hasps or hinges for Doors or Windows and many other small matters about the Lodgings Godowns Warehouse and other places which to mention exactly wou'd fill a Volume; however if it be required I will Labour to give Content. Thus much for the Smiths.

The Carpenters under this head are Employ'd much the same way in mending Chairs Tables Doors Windows Centry Boxes Troughs for hogs horses aud pouder Pump and Mangers in the horse Stables picquotts pack't Boxes and many other little Jobs that are constantly wanted to be done and yet Accidental for sometimes I have had hopes when such and such things were done there wou'd be an end but instead thereof there have been some little thing or other that have requir'd Expedition because twas immediately wanted or wou'd be further Expensive if deferred; that I have sometimes almost resolv'd on a cessation of all Workmen let the event be what it wou'd except Your Honour &c^{ra}. shou'd make an Order for every single pagoda so laid out.

The Mooches under this head are likewise paid by the day and employ'd in drawing Musters for Chints Binding Books painting and such other work as their trade performs. All the foregoing Workmen sum'd up together do not Amount to above Thirty Pagodas a Month, I don't Know where to take off any thing here unless you discharge the man that draws the chints Musters who has five fanams a day.

Another Article herein complain'd of is Batty to Peons abroad and at home. This has always been under the direction of the President because he sends and receives all advices. Batty to Peons is allow'd all Over the Country and I am Apt to believe the Cause of this complaint proceeded from its appearing Larger than Ordinarily in the accounts inspected on this General Occasion which happen'd to be (if I mistake not) for that Year wherein twas required on Account of the Unhappy Accidents of the Wrecks on this Coast. To this follows a Complaint of large Quantitys of Oil and wax more than Usual, the quantity of Oil increasd as the Gaurds and outworks and is receiv'd of the Warehousekeeper who has it from Bengal every Year at the Best hand As the Storekeeper the Wax which is deliver'd to the Gentlemen

——*FORT ST. GEORGE, SEPTEMBER 1724*——

to whom it is allow'd who sometimes take it every month, sometimes two or Three or Twelve months together as they have Occasion whereby this may seem to have increas'd. But there has been no Addition to this allowance for ought I know these Thirty or Fourty Years, The Storekeeper keeps an Account of it as deliver'd and is paid for it by the Paymaster. Then follows another seeming Extravagancy of one hundred twenty two Pagodas and twenty two fanams for Sixteen thousand three hundred and fifty Dammers 16350. Extravagant indeed ! had they been expended all in that Year or another; But it happen'd that Year they were Cheaper than since and so Consequently a little mony was sav'd, for there have not been any bought from that time to this nor doth it Appear in any of the Accounts and there are about one Thousand now remaining in store. Its true in regard they were bought a Store they ought to have been bought by the Storekeeper and deliver'd the Paymaster as other Stores are and so paid for at the months end or he shou'd have kept them himself and Charg'd 'em every month. But however there is an Account kept of them apart.

Repairs of Fortifications &c^{a}. I cannot Offer any thing from my own Judgement on this head than only to promise my Utmost care that no abuses are Committed of which our Honourable Masters seem to be very Jealous and to say the truth Little Frauds herein are near as unavoidable as the decay of Buildings and Honesty the Causes, which every Body will affirm that have had any thing to do with Buildings in these parts tho' never so circumspect. The only way I can think of to prevent it is to have but one thing done at a time tho' never so small. But if a man will take a Walk and view the whole Garrison he will find so many things so necessary to be done that he wou'd think it a pity to be left undone unless 'twas Resolv'd it shou'd be so and here I cannot forbear mentioning the Powder House w^{ch}. You'll easily Agree is of some importance there being made from Fifteen Hundred to two thousand Pagodas value of Powder every Year for Garrison Use and sale both Convenient and profitable. Then I pass to the mint the Condition of which, Your Honour &c^{a}. know very well having taken a View of it not Long ago. All the Garrison is continually wanting Chinam some where or other and where its used, there will be those little Articles of Jaggery, Corcoy, hemp and several other ingredients necessary to cement it besides Bricklayers, Cooleys and Boys.

For my part I know not of any Buildings or repairs of above ten pagodas value but what have been proceeded on According to those old Orders reminded us in the General Letter which ought always to be Observ'd.

The Charges of Cattle are as I apprehend limited to eight hundred Pagodas 800 ℔ Annum which is Sixty six pagodas Twenty four fanams ℔ month 66 : 24. To Conform herein I humbly propose to take Out the Gentlemens Allowances which at present Am^{t}. to Sixteen Pagodas Twenty four fanams 16 : 24 & pay the Governour the remains which will be Fifty Pagodas ℔ month.

P. f.

I don't think I need take notice of any thing else only that in the General Conclusion they propose to save Twenty Thousand Seven hundred and Seventy four pagodas out of Fifty Six Thousand Eight hundred Ninety five so that the Annual Expences they reckon will not exceed Thirty Six Thousand One hundred and twenty one Pag^{ds}. 36121 which is about Three Thousand and ten pagodas 3010 ℔ Month. I dont find the Paymasters Accounts from last January are above Three Thousand Five hundred pagodas a month including every thing, Baraques at the Garden, Amunition Godowns, Bombay Presidency and several other things that have been done as Sally Port and other repairs at the New point, Tom Clarks Gate &c^{re}. so that with these ceasing and reducing Serjeants, Corporals, Charges Cattle, Supra-Visors of Buildings, Gardners and what other Articles you think fitt, we may hope to be pretty near our Honourable Masters Pleasure whose prosperity is Heartily pray'd for by their and

P.

Your Honour &c^{ras}.
Obedient faithfull Servant

Randall Fowke.

——*FORT ST. GEORGE, SEPTEMBER 1724*——

To the Hon^ble. Nathaniel Elwick Esq^r.
President &c^a. Council for all the Forces
& Affairs of the English Nation
at Fort S^t. George &c^a.

Honoured Sir & Sirs,

Having it in my instructions from the Honourable Court of Directors for the Affairs of the United Company of Merchants of England trading to the East Indies to make report of my proceedings as Supravisor of their affairs on the West Coast of Sumatra, to your Honour &c^a. Council, I cou'd not make it to greater advantage than by laying before you a Copy of the Book of Consultations & the several papers relating thereto during my acting at Fort Marlborough, But as it will require some time to consider all the Particular Affairs comprehended in the said Book of Consultations, For your present information I beg leave to offer the following abstract of the most material Transactions together with a Copy of our General Letter from Fort Marlborough ℔ ship Swallowfeild to the Honourable Court of Directors & what other papers this abstract mentions.

I am likewise order'd by the Honble Court to lay before Your Honour &c^a. Council their Instructions to me as Supravisor for your Information of their Intentions in sending me to the West Coast of Sumatra which I herewith present that a Copy of them being taken for your perusal the Original may be return'd me.

February 1723/4.

Sunday 9^th. I went ashore at Fort Marlborough where I was well rec^d. Having call'd the Council together I found it then Consisted of Joseph Walsh Esq Deputy Governour, Mess^rs. Lewis Dean 2^d. & Paymaster, Thomas Blackall 4^th., David Carnegie 5^th. & Provisional Accomptant & John Sheven 6^th. & pepper Godownkeeper and having laid before them a letter from the Honourable Court of Directors dated the 10^th. July 1723 appointing me Supravisor for the Companys affairs on the West Coast of Sumatra it was read and all due Submission promised.

Friday 14^th. Finding upon Examination into the Accounts of Edmund Bugden late paymaster there a great many overcharges and deficiencys to the Honble Companys prejudice, We appointed four Gentlemen of Council to survey the Buildings and Fortifications rais'd by him with the Greatest exactness & to report to the Board an Estimate of their Charge & of the Deficiencys of Materials he had brought to the Companys Account.

Friday 21^st. Mess^rs. Dean, Blackall, Carnegie & Shewen deliver'd in a Report of their Survey as order'd the 14^th. with an Account Currant annex'd whereby it appeard M^r. Bugden became Debtor to the Company Five Thousand two hundred and twelve Dollars one Suca & fourteen Cash ($ 5212 : 1 : 14) Whereupon he was called before the Board and acquainted with the whole proceeding & a Copy of the Survey & of his Account-Currant with the Company order'd him that he might answer thereto.

Order'd that Care be taken to discover M^r. Bugdens Effects that his Debt to the Honourable Company might be secured & that Messieurs Dean & Blackall shou'd take Charge of them.

The three last Articles being Casual, it was impossible to Ascertain the Reduction but as Charges Extraordinary will be much lessen'd by the Rules lately giv'n relating to it, Cooley hire entirely Prohibited, the Companys Labour being now performd altogether by their own Slaves, And that there are very near as many Matterials on hand, as will serve to Compleat the ffort and the buildings design'd, Its very Probable these three Articles wont amount in future to more than four hundred dollars ℔ month.

These are the Principall heads of Charge on which the reductions have been made but there Are other Smallr. Articles which having been diminishd in proportion will Lessen the Charge in the whole Above Sixty thousand Dollars ℔ Annum.

TO THE HONBLE NATHAN^{L}. ELWICK ESQ^{R}.
PRESIDENT AND GOVERNOUR OF FORT S^{T}. GEORGE &C^{RA}.

HONOURABLE S^{R}.

I think I am in Duty bound to acquaint Your Honour that Ten Serjeants and Ten Corporals to a Company is not sufficient to do the Duty of this Garrison Having so many Gaurds to Mount which are Actually Serjeants Gaurds, Five in the English Town, Four in the Black and a Serjeant at Your Honours Garden, Not allowing one at Egmore or any of the Out Gaurds. It is very well known to all the Gentlemen of

——FORT ST. GEORGE, SEPTEMBER 1724——

the Board That the Serjeant of the Main Gaurd is Obliged to wait upon all the Commanders Strangers &c^{ra}. and that one Corporal can never be Sufficient for such a Number as must be kept at the Main Gaurd where there are so many Centinels to be releived And not that only, but is obliged to see all the Plate and Treasure &c^{ra}. past Which it is impossible for one man to do. Therefore I hope Your Honour &c^{ra}. will take it into Your Consideration For I do declare I desire not one man more than what is Sufficient for Two Reliefs in the Garrison which is as hard Duty as ever was known in any.

I am with all due Respect

HONOURABLE SIR
Your Honours most Obedient &

Fort S^{t}. David a General Letter from thence read.

General Letter N^{o}. 148 From F^{t}. S^{t}. David dated y^{e}. 13th. of this month was read in answer to ours of the 10th. excusing the admission of new Merchants to the Contract and the design of reducing their Customs without first acquainting us & askg our leave to do it, advising us what the French are doing and answering the other Particulars in our letter to them.

West Coast accots. the Examination of them continued.

after which the Board proceeded on the Examination of the West Coast affair and read the remaining part of M^{r}. Macraes Account in all which there were but four things which seem'd to require any debate, the first was the Suspension of M^{r}. Blackal whose charge, reply thereto and the Remarks on said reply being read and debated It was agreed to confirm what had been done the charge appearing to us to be very plainly made appear.

M^{r}. Blackall's suspension confirmed.

Moneys refunded acc^{t}. the 150 d^{rs}. ℔ men^{s}. taken by M^{r}. Dunster M^{r}. Deane & M^{r}. Walsh considerd, the Consideration deferred, except in M^{r}. Deane's case.

The next was the money refunded by Mess^{rs}. Dunster, Deane & Walsh on Account of the one hundred and fifty Dollars ℔ month taken for their table, The General Letter to the West Coast ℔ Hertford was read where the Hon'ble Company allowd it upon which it was propos'd to allow that money to be repaid but it appearing that the said Gentlemen had taken several Allowances without paying for them which the Company had order'd Shou'd be paid for and a further Debate arising, the Consideration hereof was deferr'd till M^{r}. Hubbard Shou'd have extracted all orders from England & this place and resolutions in Council at Bencoolen about this affair, Only it was resolv'd that however we Shou'd agree with respect to Mess^{rs}. Dunster & Walsh yet that M^{r}. Deane having been a Very unfaithfull Servant to the Company & besides having no way answer'd the intentions of our Honble [Masters] in the allowance which was to keep up the Grand [eur] and dignity of a Deputy Governour Shou'd not have any thing repaid him on this Account.

M^{r}. Deane not to be rep^{d}. [any] part of w^{t}. so refunded.

M^{r}. Wilford's deficiency in the pepper considerd,

the allow^{ce}. made by y^{e}. Supra Visor confirmed.

The deficiency in M^{r}. Wilfords remains of pepper was the next Article which [app]earing by the Consultations & from M^{r}. [Macraes] own knowledge to have been rather from the [Leak]iness of the Godowns by which the Water got at, and rotted the Pepper than from any Deceit, It was [agreed] to abide by the determination made of that [affair] at Fort Marlborough Viz^{t}. That the ½ of the deficiency Shou'd be wrote off to Profitt and Loss & y^{t}. [y^{e}.] other be paid for by the said Wilford because it is reasonable to believe that had he been so careful as he ought So much wou'd not have been Spo[iled].

——FORT ST. GEORGE, SEPTEMBER 1724——

The last Article was the goods taken into the Companys Possession to make good the deficiency in the Cash on Mr. Dunsters Death which had been allow'd at the prices which he gave for [ym.] but not being likely to produce so much that the Company might not be loosers a Dividend of his Estate had been deferr'd.

The Goods Seized for the Compy acct. of Mr. Dunster's debt to them & ye. price consider'd.

Resolv'd that the Estate of Thomas Dunster Esqr. do pay interest to the Honble Company till the debt Shall be paid and that we order those [goods] to be sold immediately and the amount carried to the Creditt of his Account and that so soon as the Company is paid a Dividend be made to his other Creditors.

Agreed yt. they be returnd to his Estate & yt. he pay principal & interest of his debt to ye. Company.

HONBLE. SIR

I Wrote Your Honour a few lines some time ago To Request that You would be pleas'd to allow us a few Serjeants & Corporals more only Sufficient for two Relieffs of the Garrison Which I hope Your Honour &cra. have taken into Consideration, for I do assure You I desire not a Man more than what is Sufficient for two Reliefs which is as hard Duty I think as ever was known in any part. Your Honour &cra. I believe are Sensible of my being Entertain'd by the Honble Company in England on the same terms I was Major of this Garrison before. But it seems their Letters by the last Shipping have Contradicted their former Orders. However Since the Honourable Company has been pleas'd to allow me two Servants from England, I hope Your Honour &cra. will allow me that At least untill the Companys Pleasure is known.

I am with all due Respect
HONOURABLE SIR
Your Honours most Obedient and most Humble Servant
ROACH.

FORT ST. GEORGE
SEPTEMBER 22D. 1724

TO THE HONBLE NATHANL. ELWICK ESQR.
PRESIDENT & GOVERNR. OF FORT ST. GEORGE &CRA. COUNCIL.

HONBLE SRS. &CRA.

In Obedience to your Orders I now lay before You a State of the Diet money & allowance of Liquors Settled by Mr. Thomas Cook at the West Coast when he was Supravisor there with what the Honourable Court of Directors & the Governour and Council of this Place have since order'd in relation thereto.

In The Fort Marlborough Consultation of the 7th. of September 1718 the Diet money & Allowances were introduced in lieu of the General Table which had been for a long time kept up the nature of which is very fully set down there & Contains in Substance that the Company having Complain'd very much of the Large Sums expended for charges ,Diet which then amounted from $ 1500 to 1700 a Month, Mr. Cooke proposed a Certain allowance of Dyet money & Liquors to each of the Covenanted Servants which by Calculation wou'd amount to no more than Dollrs. 604 : 2 and the Company thereby Save $ 1000 ℔ mensem wch. was agreed to there and Consisted of the Following—

To the SupraVisor in money	$ 40
To the 2d. of Council	25
To ea. of the others	20
To the Factors, Captains & Surgeons	15 ea.
To the Writers	10 Do.

——*FORT ST. GEORGE, SEPTEMBER 1724*——

The Allowances in Wine or Such Europe Liquors as might be sent by the Honourable Company or the Governour & Council of this Place were Settled in the following Proportions—

To the SupraVisor	80 Bottles ℔ men^{m}.
To the 2^{d}. in Council	48
To the rest	40 ea.
To the Factors, Lieuten^{ts}. & Surgeons	30 ea.
To the Writers	20 ea.

The Allowance of Arrack was as follows

To the Supravisor	24 Gallons.
To the 2^{d}. of Council	14½
To the others	12 ea.
To the Factors, Lieut^{s}. & Surgeons	9 ea.
To the Writers	6 ea.

Which Allowances of Europe Liquors & Arrack the former being Computed to Cost 1 Dollar ℔ Gallon and the Latter 30 Dollars ℔ Leag^{r}. are Added to the other allowances of money & make altogether for 28 persons the aforemention'd Sume of 604 : 2 a Month. In the same Consultation it is order'd that the Storekeeper dispose of all Dieting Stores & House Utensils under his charge to the Companys Servants for the use of their Tables at 20 ℔ Cent upon Invoice. It is also Added that as the Captains, Supra Cargoes and the better sort of Strangers had no other Place to resort to then the Supravisors Table That wou'd put him to a great Charge which was to be referr'd to the Company in hopes they wou'd allow him Something Extraordinary on that Account.

In the General Letter from the West Coast to this place by the Queen Dated Nov^{r}. 29th. following this matter is referr'd to the Governour & Council for their Approbation. The Purport of the Paragraph relating to this affair is that the Company will by this Establishment be at above 1000 Dollars a month less Charge than they had before been at, that Provisions being Very Scarce there, it wou'd be impossible for the Companys Servants to subsist on their Diet money without a Proportionable Allowance of Liquors, that the Deputy Governour was at above 250 Dollars a month charge over and above his allowances on account of the better Sort of Strangers having no other place to resort to but his Table and desiring he might have a further allowance granted him on that account.

In January 1718/9 the Benjamen was Dispatch't from the West Coast to England, by whom a General Letter was Sent to y^{e}. Court of Directors wherein this affair was laid before them but in what manner I can't Say that Letter being no where to be found but I believe to the same purpose as what wrote to this place by the Queen.

In the Companys Letter to y^{e}. West Coast by the Hartford dated March 9th. 1719 which is an Answer to that wrote from thence by the Benjamen I find two Paragraphs relating to this matter which I shall now Set down [in] the Very words of the Letter.

We Send you the same Quantity of Stationary Ware as last Year & Vinegar Pickles & 2 pipes of Wine as ℔ Invoice. Be frugal in the Use of them, what remains sell to the best advantage for our Account remembring You may expect Yearly fresh Supplies if desired. As to our Covenant Servants who have Diet money Such part of the Stores as they Shall Want for their table Use let them have them for only So far at Your proposed rate at twenty Per Cent on Invoice, the others must give the Market price for the Surplus aforesaid. As to the Madera Wine that we find you have Computed at a Dollar a Gallon in the Account of Diet Expences. THE 40TH. PARAG^{H}.

We have consider'd the 28th. & other Paragraphs of Your Letter ℔ Benjamen as also the Consultation of the 30th. of September all relating to the allowance of Diet mony at Fort Marlbrô & in the Consultation y^{e}. Method it was Settled at as to Allowance of money for Diet & Quantity or Value of Europe Liquors & the Quantity of Arrack & do allow the proportions therein mention'd & in regard the Deputy PARAGRAPH 71.

——FORT ST. GEORGE, SEPTEMBER 1724——

Governour will be at an extraordinary Charge because of the better Sort of Strangers having recourse to his Table, we do allow him one hundred & fifty Dollars a month besides the 40 Dollars allow'd him to answer that Surplus Expence which we hope will fully [reimburse] him for tho' at sometimes it may be too little when Several Ships are in the road yet at other times there will be few or none, neither need he keep open house all Y^e. Year Round. We have before said y^t. we do Consent to the allowance out of our Stores at twenty ℔ Cent on Invoice & the Madera Wine at five Shillgs the Gallon to Supply the Proportion or allowance mention'd to every one in that Consultation. We take this reducing the Stewards Expences we So justly Complaind of as a good Earnest You will do y^e. Like in other things.

In the Fort S^t. George Consultation of the 30^th. of March 1721 presently after y^e. arrival of the Hartford I find M^r. Thomas Cook desires to be paid the allowance of Dollars 150 ℔ mensem during the time he was Deputy Governour of the West Coast for his Diet and Charges according to the Companys Orders in their Letter by that Ship amounting to Dollars 900 & is paid that Sum accordingly.

The Next General Letter the Company Wrote to the West Coast was by the Good fellow dated the 14^th. of September 1720 in which is the following Paragraph.

PAR^GH. 31. M^r. Cooke the late Deputy Governour had introduced the allowing Diet money instead of keeping a Publick table, we wou'd have that Continued whereby the unaccountable expences of late under that head of a General table would be in future prevented.

To the same purpose the following Paragraph from hence to the West Coast by the George Brigantine Dated the 26^th. of Decem^r. 1721.

We Direct the Diet Allowance be on the foot Establish'd by M^r. Thomas Cooke when Supra Visor there having been approv'd by our Honble Masters.

Thus have I laid before Your Honour &c^m. all that I can find mention'd from England or this place in relation to the Diet & allowances Settled by M^r. Thomas Cooke when Supravisor of the West Coast & am with all respect

GEO: DRAKE
Storek^r^.

To THE HON^BLE^. NATH^L^. ELWICK ESQ^R^.
PRESID^T^. & GOVERN^R^. OF FORT S^T^. GEORGE &C^RA^. COUNCIL.

HON^BLE^. S^R^. & S^R^.

In Persuance of Your Honour &c^ra^. orders we have Examin'd the Paymasters Acco^t^. from F^t^. S^t^. David for the month of August last, & have Compar'd it with the Sever^l^. former Paymasters accounts from thence from the Year 1708 upon which & considering the Several Paragraphs in the Companys letters this Year tendg to reduce the Charges of that Settlement we Shall now offer the following remarks on each Article of the Charges for your Honours &c^ras^. Consideration.

1^st^. Charges Garrison consists at Present.

	ps.	fs.	
Lieutenants 3 @ Pag^ds^. 12 ea.			36 — —
Ensigns— 5 9 ea. & one at Pagodas 2 Extraordinary as Gentle^n^. of Arms—			47 — —
Serjeants— 36 at Pag^ds^. 5 ea. but 2 of them are allow'd 1 more, one being Marshal & the other Master of Arms at Cuddalore			182 — —
Corporals—51 @ 3 : 6 ea. one of whom receives fa. 13 extraordinary as Marshal of Cuddalore			170 12 —
Europe Centinels 78 @ P^s^. 2 ; 9½			197 3 —

——*FORT ST. GEORGE, OCTOBER 1724*——

Topasses—	74 @ Ps. 2	... ...	148	—	—
Dº.	210 @ Ps. 1 : 13	... ...	361	12	—
Dº.	7 at 1 : 7	... ...	9	13	—
Drummers—	1	... ...	3	6	—
Dº.	8 @ 2 : 9½	... ...	20	4	—
473 Persons amounting to		... ... Pags.	1175	14	—

But the Company having by these Ships order'd that the Military at Fort St. David Shal Consist but of 2 Companys of 150 men ea. & in order to make that reduction have directed several of the Points to be withdrawn, we Shall now set down the number of men at Present employ'd at those Gaurds, Horse Tail Point, Middle point, Royal Oak & Patcheree, in all there are

Military men	58
At Cuddalore in Tyle point, Dieu Point & Channa Tope	32
& they having allow'd 40 men Sufficient for the Fort with the Gunners we find there at Present 98 of which may be Spar'd	58

in all 148 which when withdrawn agreable to the Companys Orders there will remain but 325 & leaving out the Lieutes. but 322 men which is butt 22 more than they have allotted for that Garrison, we have very good reasons to believe that there are Several Names of Persons put down that have no real being under the Notion of Servts. to the Officers which if Struck off will very much lessen the overplus of 22 Abovemention'd & if any then remain they may well Enough be taken from the other Gaurds. We observe among the Europe Centinels at Ps. 2 : 9½ ea. Several Portugueze names, these persons ought not to be put among the Europeans & if such people had been deserving during the Chingy Warrs or any other Occasion we believe it wou'd be Sufficient Encouragement to let them remain @ 2 Ps. ea. a month.

In the Fort St. David Paymasters Accot. for Septem. 1712 wch. was a month or [more] after the Warr was over we find but 30 Topass Centinels at Pags. 2 ea. who we may very reasonably Suppose were all that were thought worthy of any distinguishing favour for their good Behaviours, what reason there has been Since for raising their Number to 74 as we find at Present we can't perceive but think if they be now reduced to 30 as at the above mention'd time considering how many of them may have since died or left the Place there will be room Enough to distinguish all of any Extraordinary Meritt.

Upon the whole as the Garrison is to be reduced to 300 men we shall now Calculate their charge allowing the Same Number of Officers the Honble Company have order'd for the Place Vizt.

2 Lieutenants @ ps. 12 ea.	... ...	24	—	—
4 Ensigns 9	... ...	36	—	—
20 Serjeants 5	... ...	100	—	—
20 Corporals 3 : 6	... ...	66	12	—
6 Drummers 2 : 9½	... ...	15	3	—
130 Centinels allow'g. 65 to ea. Company 2 : 9½	... ...	328	11	—
30 Topasses Centinels 2	... ...	60	—	—
90 Dº. 1 : 13	... ...	155	—	—
		785	8	—
Of these one of the Ensigns has been always allow'd Pags.				
• 2 Extraordinary for Master of Arms at the Fort & one Serjeant Ps. 1 on the same Account at Cuddalore ...		3	—	—
		788	8	—
Also one Serjeant at the Fort is allow'd 1 Pa. Extra as Marshal & 1 Corporal f. 12 at Cuddalore		1	12	—
		790	2	—

——FORT ST. GEORGE, OCTOBER 1724——

these we have set down as we find it has been practis'd for a Long time without being found fault with but must refer it to Your Honour &c^{ra}. whether they must be now Continued.

There is also one Lieutenant & one Ensign Supernumerary.	21	—	—
So that the whole Charge of the Military if Establisht as above is ... ... Pag^{ds}.	811	2	—
Which deducted from Pag^{ds}. 1175-14 they now Stand charg'd at, there will be Sav'd to the Company ℔ moth. Pag^{s}.	364	12	—

We have put no Topasses in the above mention'd List at Pag^{s}. 1. 7 a month thô we find Some few in their Acc^{ts}. to stand about that Pay because by the great reduction made in the Number of the Military it will be necessary to have none but good men & we fear & are inform'd that none but Worthless Fellows will Serve at so low a rate, we are not unsensible that the Company recommend this & if it is practicable with Safety it ought to be done but whether it be or no we must leave to Your Honour &c^{ra}. Considerat^{n}.

Gunroom Crew Consists at Present of 103 Persons Amounting to Pag^{s}. 257 5 —

Of these there is one Gunner @ 13 pag^{ds}. 1 Mate @ 9, 1 D^{o}. @ 6, 1 D^{o}. @ 5. 9½, 7 D^{o}. @ P. 5, 3 D^{o}. @ P^{s}. 4, 4 @ 3, 13 @ P. 2. 9½, 14 @ P. 2.

One Tandel @ P^{s}. 3, Lascars 45 @ 2, 1 head Macqua @ p^{s}. 1. 2, 11 D^{o}. @ f. 16 ea.

In December 1714 after M^{r}. Harrison & Council had redu[c^{d}.] this head as low as they thought necessary the monthly Charge was Pagodas 203 : 4 & the Persons then receiving Pay were as follows—

One Gunner at Pag^{ds}. 13, 1 Mate @ 8. 9½, 1 D^{o}. @ 6, 6 @ P^{s}. 5, 2 @ P^{s}. 4, 1 @ P^{s}. 3. 9½, 3 at P^{s}. 2. 14, 17 @ P. 2. 9½, 1 D^{o}. @ P. 2, 2 D^{o}. @ P^{s}. 1. 13, 1 @ 1. 9½. Tandel one at P. 3, Lasscars 31 @ P. 2, 1 head Macqua @ P. 1. 2, 11 D^{o}. at f. 16 ea. The Amount of this head then was about 20 pagodas more than in the Year 1708 we propose therefore that it be now bro^{t}. to the Same Number of men & pay as in the December Acc^{t}. beforemention'd Striking out only 2 of the Persons @ 5 p^{s}. ea. & 6 of the Lascars and we Can't think but the remainder will be Sufficient Since the Company have been pleas'd to Order the withdrawing So many Points, the difference Sav'd to the Compa. will be ℔ month Pag^{s}. 76 [1].

Disabled Men, of these there are 27 who receive monthly Pag^{s}. 33 : 5 : 40, we find they stand at half pay & must leave it to Your Honour &c^{ra}. whether they can be further reduced.

Wages & Allowances Amounting to ... ... Pag^{s}.	111	1	27
Among these is James Formon Overseer of the Buildings Pag^{s}. 5 which as he receives Pay as Gunner must be Struck off	5	—	—
Head Bricklayers 3 P^{s}. 10 of which formerly there were but 2 P^{s}. 3 : 9, Difference	6	9	—
Smiths 3 P. 8 we believe 2 Sufficient at P^{s}. 1½ ea. is Pag^{s}. 3 difference	5	—	—
Carpenters 3 pag^{s}. 9 in former times there was 1 @ pag^{s}. 2 which was thought Sufficient diff^{ce}.	7	—	—
One Turner P^{s}. 2, Cooley to D^{o}. 1 f. 19 which we don't See there is any Occasion for	2	10	—
Barbers 3 pag^{ds}. 3 : 19 one we believe may Serve at p^{s}. 1 : 9– Difference	2	10	—
Samuel Harris Clark P^{s}. 1 he used to have but f. 6, Difference	—	12	—
So that if Your Honour &c^{ra}. Shall think fitt to Order these reductions there will be sav'd ℔ month	29	5	—

——*FORT ST. GEORGE, OCTOBER 1724*——

We Observe an Overplus of 50 Seer of Oil for the Gaurds more than it was in December 1714 but whether there is any reason for that Encrease or no we Can't Say.

HOSPITAL ALLOWANCES we find nothing Extraordinary under this head but 2 Black Doctors who receives Pag^{ds}. 2 ℔ month which is but lately Crept in we think may very well be Struck off ... ... Pag^{s}. 2 — —

We find the Doctors Bill amo^{ts}. to 5 : 16 without any Particulars which ought to be fully exprest.

PEONS Amount to Pagodas ... ... 184 : 10 —

At Present there are 250 the Particular employment of which Your Hon^{r}. &c^{ra}. have in a List Sent from Fort S^{t}. David of which we are of Opinion the following may be Struck off Viz^{t}.

there are also 81 mention'd in the aforesaid List to attend in & about the Fort, carry Letters to the Toppies &c^{ra}. of which we believe 60 are Sufficient, there remain 21 with the above 19 makes 40 that may be Struck off. The remain^{s}. 210 may if Your Honour &c^{ra}. think fit be entertain'd at the following pay which is pretty near agreable to what we find in former Accounts—

it is impossible to Judge what So many Carpenters & Smiths are Employ'd about that are Jumbled together under this head and said there to be for making & mending Sundrys w^{ch}. we think very Proper they Shou'd Explain more Particularly, we can't help observing that when M^{r}. Frederick was Deputy Governour there & was wrote to give a more Particular Account of those matters he Answers in his Letter of the 13th. December 1714 that they were for Little Odd Jobbs that had no heads as Rabbit Hutches, Coops for Fowles & a great many other triffles, it is not impossible but Some such things may be the reason of this charge at Present, if it Shou'd be so we are of opinion those things ought rather to be Sold than the Company Shou'd be at any Expence in mending them Since the Deputy Gover^{r}. & Companys Servants are at a Stated allowance of Diet mony. We must also remark on this head the following Charges which to us appear Useless—

Charcoal for Tea—	26	40	—
M^{r}. Mansells Batty for Measuring	14	—	—
Garden Cooleys	3	16	—

Having allow'd under Servants Wages Pagodas 10 : 17 which was as much as formelry Serv'd for the Use of the Garden this is therefore reckon'd Superfluous.

Buffaloe Charges a new Expence for which wee See no reason & believe it to be also for the Use of the Garden ...	—	92	40
Dammers 275 by M^{r}. Frederick & Councils Letter from thence in Dec^{r}. 1714 it is acknowledg'd they never were allow'd any, we believe they have had no Warrant from hence for introducing it, therefore it ought to be Struck off	5	9	—
Batty at home is a Pretty large Article in which is included Fowling Peons	—	40	—
Which we are of Opinion there is no occasion for, So that there may be Saved in this Article ... ... Pag^{s}.	19	—	—

Besides a great deal more that will come out of the Smiths, Bricklayers &c^{a}. as abovemention'd when they shall give us a Particular Account thereof.

We Observe also that the Oil mention'd to be for Sundry Uses in the Bounds and outgaurds is Encreased 200 S^{r}. Since Dec^{r}. 1714 for what reason we Can't say.

being for Pag^{s}. 27 : 7 : 60 paid the Stewards Note for the Souldiers & Pag^{s}. 10 : 14 : 14 for Mess^{rs}. Higginson & Burtons charges going to Pondicherry the former of these Especially we think wants to be fuller Explain'd.

FORTIFICATIONS & REPAIRS ... ... Pag^{s}. 57 11 58

On this head we can only say they are not Particular Enough for Instance in the Square Teak timber Plank &c^{ra}. are charged to the Amount of Pagodas 19 : 8 : 9 [without] mentioning what was Done we must remark also that the Chinam. is charged at the rate of 1½ Parra for Fort S^{t}. Captain Thomas Ogden having no Company occasion'd by the Late Reductions and being sometime since called up from Fort St. David, he was sent for and order'd to get ready to go down thither again to take charge of the second Company of Souldiers there.

Capt[n]. Ogden sent to Fort St. David.

M[r]. Way being grown very infirm and Consequently incapable of attending the duty of his employ as weigher at the Sea gate ORDER'D that M[r]. Stephen Newcome lately Arriv'd from Vizagapatam be appointed to the same And the Mayor who is one of this Board telling us that it wou'd be necessary to make a new Clerk of the Markett likewise AGREED that M[r]. Newcome be recommended to the Court & permitted to accept of that employ if the Court shall chuse him. He was accordingly sent for and told the resolutions of the Board about him.

Mr. Newcome appointed Weigher at ye. Sea gate & Clerk of ye. market.

The Goodfellow which ship arriv'd lately with Bales & petre being now near unloaden and the Moonsoon approaching It was consider'd what wou'd be proper to do with her, To let her ride it out here was dangerous, the Captain was therefore called for and order'd to get his trusletrees repair'd which were broke in the Passage from Bengal so soon as possible that so he might be ready to get to Sea.

Debate w[t]. to do with the Goodfellow. the Capt[n]. ord[d]. to get her ready to put to Sea.

Sending her to Pegue, since the Gentlemen in the Bay have told us in their Letter by her from thence that they do not want any sloops, and We are in no want of Timber & Plank, wou'd be of no Service to our Honble Masters, especially as she was so lately Repair'd in Bengall.

Why she should not go to Pegue.

The George Brigantine being so lately gone to Fort Marlbró and the Coppers, Mills &c[ra]. Materials for the Sugar and arrack Plantations not being finish'd The Goodfellow can as Yet be of no Service there and as the George will return in December We shall then be able to send the other thither more for our Honble Masters advantage than now and as there are a large number of Bales at Vizagapatam it was AGREED that she put out to sea & make to the Northward So as to be able to come in with the Land at Vizagapatam after the full moon in November by which means she will be able to bring up those Bales & be here time enough to go to the West Coast after the Arrival of the George.

Why she should not go to Fort Marlbrô.

Agreed to send her to Vizagapatam.

As She is to go out to Sea and not come upon the Coast again till the Monsoon is over It was after some little time Spent in Debating upon the matter AGREED to send Seven thousand Rupees & two thousand Pagodas to Vizagapatam and two thousand pagodas to Ingeram.

Agreed to send money on her thither & to Ingerum.

Do. from Fort St. David.

N°. 154 From the Deputy Governour & Councill of Fort St. David & N°. 160 from the same, the former dated the 6th. and the other the 17th. of this Instant, In their first they continue their complaints about the Cloth brought in by the Merchts. and advise of having reduced the Charge of Servants in the Warehouse & Storehouse. They tell us the French entertain our disbanded Topazes and that they believe it will not be proper to discharge any more till the French Ships are sail'd for the Mallabar Coast. They advise the Murther of Ensign Key at Fort St. David and the Arrival of two French Europe Ships & inclose their Account Cash for last month. In the other Letter they acknowledge the receipt of a Copy of a Report about their Expences & promise to use their Utmost endeavours to reduce them, desire a Supply of Europeans, inclose the Depositions relating to the murther of Ensign Key and a Valuation of the Medicines belonging to Doctor Wyche lately deceas'd; advice the Lading of the French Ships gone for Europe and the Sailing of two for the Malabar Coast And inclose the Accounts of the several duties paid at Ft. papers inclosed in ye. preceeding letters how disposed.

The Invoices & bills of lading inclosed in the above letters were deliver'd the Warehousekeeper & the Accts. to the Accomptant. The papers relating to the Sorting are enter'd in the Letter book receiv'd after the Letter and the Depositions about Ensign Key and the Account of the Customs are enter'd after this Consultation.

A Committee to examine ye. Ft. St. David acct. Customs.

Messrs. Emmerson, Hubbard & Houghton were appointed a Comittee to examine the said Account of the Customs & make such observations thereupon as they shou'd see reasonable and report the same to the Board.

The Gentlemen at Fort St. David giving us so small hopes of any Quantity of Cloth from thence and the President and Council of Fort William not having advised what Number of Bales they will send us It was Consider'd how we shou'd be prepard for the dispatch of the two Ships from the Bay and the Macclesfeild.

Company's Merchants called in about the investment & discoursed about it.

The Companys Merchants were called in and told that they must expect to be obliged to stand to their Contract and provide good Cloth for the dispatch of the Shipping or make good the Dammage, To which they replied that the Cloth was not all made by one hand nor cou'd be all alike, that there were troubles in the Country, that the Weavers told them they would not mend the Fabrick & that there was no way to Oblige them to it but to Let them[starve], They said further that there was a great deal of Cloth ready in their Godowns; whereupon the Warehousekeeper inform'd the Board that indeed there was a good quantity in their godowns but that out of fifty bales scarce ten cou'd be taken in & most of that ten were N°. 2 directly contrary to the Terms of the Contract.

——*FORT ST. GEORGE, OCTOBER 1724*——

After some further time Spent in talking with them & Considering what they Urged, the board finding they had nothing more to say for themselves, & what they had said, not giving Content : They were told by the President, that it was the ultimate resolution of the whole Board, That if they did not bring their Cloth in. good & in time, & y^t. by their means any Ship shou'd lie on demorage they shou'd positively be Obliged to make good all damages, & forfeit the Penalty of the Contract. Resolves of the board thereupon.

The Sorters having often complain'd, of the Intollerable badness of some of the Cloth, which the Merchants must Certainly know cou'd not be taken in & yet took up a great deal of time to Overlook ; They were order'd to go to the Godown, & look over the Cloth before the Gentlemen came to Sort it, that so they might have the Less trouble in doing it. Merchts. orderd to Sort y^e. Cloth themselves before it is brôt y^e. Sorters.

Jens Pitterson declares that the 2^d. of October about five a Clock in the afternoon he came from Shooting at which time Ensign Edward Key ask'd him what Game he had gott to which he replied he saw nothing worth Shooting & so came home immediately afterwards. Jens Pitterson declares he went home to his house to eat, and when he had done Ensign Edward Key ask'd him the said Jens Pitterson to go to his room to drink a dram with him to which the said Pitterson reply'd that he was not us'd to drink, & cou'd not bear Liquor and therefore desired to be excused but after ma[ny] Persuasions the said Jens Pitterson declares he went to Ensign Edw^d. Keys Room, and there drank with the Ensign 2 drams after which the said Jens Pitterson says he retired into his own Room and that Ensign Edward Key about half an hour after follow'd him to his own Room when the Ensign told him the said Jens Pitterson that he wanted a Companion to go with him to Bengal for that his pay was agoing to be reduced & he shou'd be obliged to ask for his discharge to which Jens Pitterson says he replied that he had no Occasion to leave the place while he was maintaind but that if he was discharged he must seek his livelyhood where he could upon which Ensign Edw^d. Key shook the said Jens Pitterson by the hand, and said to him Comrade you must go along with me and then they fell to drinking in Pittersons Room to such an excess that the said Jens Pitterson declares he knows not what he did afterwards, only that some of the gaurds told him this morning that the Ensign had beat him, Dated in Fort S^t. David this 3^d. day of October 1724.

Gulielmo D' Rozario Century from 12 to 2 a Clock over the Gate being examin'd before the Deputy Governour & Council of Fort S^{t}. David about the Murder of Ensign Edward Key deposes that about half an hour after one a Clock in the morning Jens Pitterson Gunner of Trepopilore Gaurd wak'd in Liquor and ask'd Ensign Key what he was a doing with his wench but was so much in liquor as to fall down when the Ensign & Wench took him up & putt him on the Pyall, sometime after Jens Pitterson gott into his room & took his Cutlace which the Ensign seeing retired into his own room & Shutt the Door upon which Jens Pitterson inraged call'd out for his wench, and fell a Cutting & Slashing the Barrs of the Ensigns window, but Jens Pitterson finding he cou'd not come to the Ensign with his Cutlace went to his room & brought a Gun whereupon the Deponent declares he threatned Jens Pitterson that if he did not retire from the Window he wou'd fire upon him without waiting for Orders, and that he the Deponent called out to the Serj^{ts}. & Corporalls who awak'd but were afraid to seize the said Jens Pitterson because he had a loaded Gun in his hand whereupon Ensign Edward Key came to the windows of his room & bidding Jens Pitterson be gone to sleep the said Jens Pitterson fired his Gun in at the Window and shott him which alarm'd the Gaurd but they dar'd not seize him because he had gott another loaded peice by him, therefore they waited till he fell asleep when they seiz'd and bound him.

A Translate of Francisca de Rozario the Gunner Jens Petersons woman being examin'd before the Deputy Gov^{r}. and Council of Fort S^{t}. David deposes that at 4 a Clock in the Afternoon the said Gunner Janes Peterson went abroad and came back again at about six he bid her to leave her young child with him and go and dress his Victuals in a house without the Gaurd which accordingly she did, after he had eaten she and her Child went to her house to eat afterwards she shutt up the House and comes to the Gunner who was laid down to sleep upon a Pyall by his gaurd she seeing that carried her child to her house and put the Child to sleep and came back again herself and laid down at the Gunners feet ; about half an hour after the Ensign of the said gaurd Edward Key comes to the Gunner and set down by him on the Pyal and told him that he had lost a fowl and could not tell who had got it, the Gunner answer'd he wonder'd that the Ensign shou'd be Surprised at that when the Officer belonging before to this gaurd used to loose great many fowls and what you have lost here is of no great value. Then the Ens : said that he Shou'd have now but nine Pagodas a month which wou'd not be enough for him to live upon and likewise he said that the Gunner wou'd be reduced in his wages, the Gunn^{r}. said that if 9 Pagodas is not sufficient for Your ffamily how cou'd he possibly Subsist with his woman and Children for 5 pagodas, then the Ensign ask'd the gun^{r}. to go with him to his room and drink a dram, the Gunner answer'd that he had been ashooting his head aked and that he cou'd not Drink. The Ens : again said that one small dram wou'd not hurt him, so about 7 a Clock they both went together in the Ens : room & stay'd there till 10 drinking all the while but what pass'd within she cou'd not tell, the Gunner about that time as he was coming to his own room said to the Ensign that he had been very kind to him, if he live he wou'd return it, the Ens : took him by the hand and led the Gunner to his Room, the Gunner thank'd him and so the Ensign return'd to his own Lodgings, the Gunner presently laid himself down on the Poyal when immediately the Ens : return'd to him and said that he cou'd not sleep and sate down by the Gunner and talk'd about going to Bengal and said that they must be true freinds & Comrade one to another, then the

——*FORT ST. GEORGE, OCTOBER 1724*——

Ensign ask'd the Gunner for a dram who replied that he had none when Immediately the Ensign went to his own Room and brought with him ¾ flasks of Arrack, so they both set together a drinking, after some time she observing the Gunner to be very drunk ready to tumble down and the Ensign still Urging him to drink more, but the Gunner was so far gone that he laid himself down and seem to be asleep, that the Ens : took hold of the woman and feeling her thigh, the Woman desired him to let her alone and said that the Gunner was not so drunk but that he wou'd see him, the Ensign reply'd that the gunner was asleep and bid her be quiet and all the while feeling about her, the Gunner then Called for a Bunker and bid the woman give another to the Ensign which the Ensign refused but chose rather a beetle, she answer'd that she had ne're a beetle but went out presently and borrow'd one and gave it to the Ensign, the Gunner then bid her light the Bunker, Accordingly she went into the room, the Ens: follow'd her and throw'd her upon the Cott Supposing that the Gunner was very drunk, the woman said to him again that her master wou'd see him and be angry with her, just then the Gunner tumbled off of the Pyall and look't in at the door and call'd for her, then ask't her what she was doing within, she answer'd that she was doing nothing, the Gunner then beat her and said that he cou'd see what she was a doing, the Ensign then came out of the room and said that there had been no harme done and that he must not beat the Woman, the Gunner replied that he may go about his Business and that he knew what she had done and that he wou'd beat her, upon which she went away but kept Looking on them at a small distance and heard the Gun^{r}. say to the Ens : how that he was a fine Comrade and he wou'd have nothing more to say to him for the future for he had brought him the Arrack only to make him drunk that he migh lye with his woman and so bid him be gone, which the Ens : refusing the Gunner gave him two Blows when the Ensign retiring to his own room without doing any thing to him and shut the door after him, the woman then went and hid herself just by and sees the Gunner go to the Ens^{s}. Room, he finding the doors shut he call'd out for his woman and said give me my Woman or else open the door, the Ens : Answer^{d} that his woman was without and not with him, so the Gunner went immediately to his room and brought his Sword and cut at the Ensigns windows calling out still for his woman, the Ensign Answering that the woman was not within, then the Gunner went to his room again and left the sword there and brought his Gun and comes to the Ensigns window and Demanded the Woman again saying at the same time that if he wou'd open the Door and show him that the woman was not there that he wou'd be Contented. She the Woman then hearing the Century above Calling out to the People to be aware that the Gunner had a Gun in his hand when the Ensign came to his window and said that there was no Danger for the Gunner was his Comrade and that he was a good man. Presently the Gunner fired the Gun and the Ensign Staggerd, then she heard the People within cry out that the Ensign was shott, sometime after she saw the Gunner fast asleep when the people Secured him, tied him and Carried him to the gaurd.

Henry Richardson Serjeant at Trepopilore gaurd being Examined before the Deputy Governour and Council of Fort S^{t}. David deposes that at nine a Clock at night he hoisted up the Draw bridge and went as Usual to Ensign Edward Key in Order to make his report who he found at the Gunner Jens Pittersons door setting with him and Laughing, about half an hour after he saw the Ensign go into his own room and the s^{d}. Serjeant Henry Richardson went to sleep, towards one a Clock in the morning he heard a noise, accordingly he got up and found Ensign Edward Key

shutting the inner gate of the Square, a little while after he heard the Gunner Jens Pitterson without cutting at the Gate and Calling out in the Portugueze Language give me my Woman immediately, upon which the Serjeant ask'd the Ensign why the Gunner made so much noise, who answer'd that he was in Liquor and so he went into the Square and told the Serjeant that the Gunner had taken him by the hair of his head, but he had given him a good knock or two for his impudence, about the same time the said Serjeant Henry Richardson heard a Cutting and slashing at the Ensign Edw^{d}. Keys window and saw sparks of fire by striking against the barrs, when he desired the Ens: to give him leave to open the door of the Square and take a Gaurd with him and confine the Gunner till he's Sober in Order to prevent his making any further disturbance, The Ens: answer'd let him alone & let him rave as long as he pleases, then he will lay down & Sleep, presently after the said Jens Pitterson cut again at the Ensign Edward Keys window and called him at the same time son of a Whore and Cuckold, the said Ens: answer'd Brother how do You [chaw] & spell those words and then he went into his own room and open'd the Lettice Window when Serjeant Hunter follow'd him and took the said Ens: Edw^{d}. Key by his hand and desired him to come away from the window for he did not know what bloody minded people the Danes were, the Ens: put away Serj^{t}. Hunter with his hand and ask'd him whether he or himself was Commander, then the Centinell above called out in the Portuguese language that the Gunner was come with his Arms which words were hardly out of the Centurys mouth but the said Gun^{r}. Jens Pitterson fired his gun and kill'd the Ens: Edw^{d}. Key. The Gunner had another Loaden Peice ready by him and a Hanger, Serjeant Henry Richardson also says that when he had seiz'd on the Gunner that he only call'd out in the Portuguese tongue for the Ensign.

John Hunter Serjeant of Treepopilore gaurd being examin'd before the Deputy Governour & Council of Fort S^{t}. David about the murder of Ensign Edward Key deposes that between twelve and one a Clock in the morning he saw Jens Pitterson with a Cutlace hacking and Cutting the Windows of Ensign Edw^{d}. Keys room the Ensign being within at the same time, upon which the said John Hunter went into the s^{d}. Ensign Edw^{d}. Keys room took hold of him by the Arm and desired him to walk into the next Room for that then the said Jens Pitterson wou'd see nobody & be quiet, the Ensign thereupon ask'd the said Serjeant Hunter who was Commander of the gaurd y^{e}. Serjeant or himself and then push'd the said Hunter from him. presently afterwards he the said Hunter declares that he heard a Gun go off, that at the same time he had hold of Ensign Edward Keys left hand, & that upon the Peice being fired Ensign Key immediately Clapt his right hand to his belly, that Ensign Key declared he had caught it, & struggled to gett to the Gate way but fell down & said Lord have mercy on my Poor Children and my Wife, Serjeant Hunter declares he knew nothing of Pitterson and the Ensigns drinking for he was asleep all the while.

I John Armitage Surgeons mate at Fort S^{t}. David do hereby declare that upon examining Ensign Keys wounds found the Duodenum and jejunum very much Shatterd and also the Pylorus there Were Several small Shott something higher which I believe might have penetrated the Diaphragma and right Lobe of the Lungs.

Fort S^{t}. David, Octo^{r}. 3^{d}. 1724. John Armitage.

To the Worship^{ll}. Nath^{l}. Turner Esq^{r}.
Deputy Govern^{r}. &c^{a}. Council of Fort S^{t}. David.

besides the above dutys All Measurable Goods pays ½ ℔ Cent & all weighable ¼ ℔ Cent Cornmeeters duty.

By the above Account your Hon^{r}. &c^{ra}. will perceive that the Bound renters receive near 2 ℔ Cent Juncan on all goods Imported either by Sea or Land & by this Liberty we are apt to beleive they exact a duty from every one that brings bratty, Fire wood & any Trifleing thing into the Place which if struck out of their Cowle wou'd add much to the Ease of the Poor Inhabitants (Excepting on Goods that Pass thrô the Bounds to goe to Ponticherry, Porto Novo &c^{ra}. adjacent Places) and although the Hoñble Company may be Sufferers at Present in that revenue, yet in few Years believe will be gainers thereby & further propose to Your Honour &c^{ra}. judging it for the Compa^{s}. Interest That the Priviledges granted in the Several Cowles as bound Renters, Tobacco Farmers & Arrack Farmers be wrote in the Country Languages & put up at all the Choultrys, Gates & outguards in Fort S^{t}. David that both Strangers & Inhabitants may be Apprised what Libertys they are allow'd which when known may be an encouragement for People to goe there & reside. As for the Cornmeeters duty we have perus'd the Fort S^{t}. David General Books & find that Income for the last Year to come under Sixty Pagodas & as our Hoñble Masters in the 47 Paragraph of their general Letter ℔ Heathcote hint as if t'was prejudicial & ought to be better regulated its our Opinion 'twould be for their Interest to allow of no such duty.

The Town Conicoply at Cudalore does now receive ¼ ℔ Cent on all Goods Imported by Sea which was an Accustomary Duty his Ancestors rec^{d}. before the Purchase of Fort S^{t}. David and what this Present Conicoply hath enjoy'd ever since but as its thought a Detriment by continuing this liberty & a hardship to take intirely his livelihood from him we believe if he's allow'd 2 pagodas ℔ month Wages to be paid monthly by the Sea Customer of Cuddalore & the small Contributions allow'd of that he always once a Year rec^{d}. from the Inhabitants & Merchants & 1 fa. for every bill of sale, he'll be able to Subsist but this with a Proviso he takes care of the Town Registers & Acts at the Sea Custom House &c^{ra}. Places for the Hoñble Companys Interest in the same manner as before when the above Priviledges were allow'd him.

Likewise one Chinniah whose father was assisting in Purchasing Fort S^{t}. David for which and other Services was allow'd to take ½ ℔ Cent on Gram, ¼ ℔ Cent on Paddy & a small duty on Cloth &c^{ra}. this we propose to strike of, This Person we observ'd was enter'd in the List of Peons at 2 pag^{s}. ℔ month & has been so for many Years (his Father when living had 5 Pagodas ℔ month allow'd besides the above Priviledges) the Deputy Gov^{r}. & Council recommends this Person but disaproves of his takeing Custome & proposes rather an Addition to his pay, we are of Opinion if he has ½ a pag. more ℔ Month allow'd 'twill be Sufficient & if he's Enter'd in the Paymasters Account under the Head of Charges Extraordinary with the reasons therein given once or Twice a Year 'twill be properer than in the List of Peons & more Satisfactory to our Hoñble Masters, as for all Cloth sent Overland to Porto Novo or Ponticherry that pays 5 ℔ Cent Land Custome & Paintings 2½ from Trepopilore we think may be Continued supposing it no prejudice to the Company as also Customers Fees & Talliars Duty. The Port Charges at Cuddalore & Tevenapatam are the same & which we believe are no ways burthensome excepting the four last Articles which comes to 6 fanams we think ought to be Struck out.

We observe in the Fort S^{t}. David General Letter dated the Sixth Instant the Deputy Governour had reduc'd the Expences of Servants Wages in the Warehouse & Storehouse & by examing the Last Years Generall Books can't but take notice of

—*FORT ST. GEORGE, NOVEMBER 1724*—

the large expence of Wages to Conicoplys & Servants paid monthly by the Sea & Land Customers sometimes 2/3 of the Customs rec^{d}. we cant help believing that half at least of the sums now sett down for Charges may very well be sav'd.

Upon the whole since the Dutys are so different on the Sundry Sorts of goods at Porto Novo that we can't regulate the Customs of Fort S^{t}. David in the manner the Honble Company direct without bringing greater hardships on the inhabitants which is contrary to what they design'd, we propose as follows. That all Goods brought in by Land pay 2½ ℔ Cent to the Honble Company, Customers ffees & Talliars duty as at present & all Goods by Sea 5 ℔ Cent and the above ffees & all goods sent Overland as abovesaid, but for the Encouragement of the Blew Cloth Manufactory & painting & with a view to draw the Inhabitants from Porto Novo we propose that no Sea Custom be paid thereon (excepting it shou'd be carried to Pondicherry or Porto Novo).

Odd things in ye. Seagate godowns.

The Sea Customer reports that there are several things lying in the Sea Gate godowns which are claim'd by no body about which he desires the orders of the Board.

ordd. to be Sold.

Agreed that he affix a note at the Sea gate that if they are not clear'd in twenty days they shall be sold.

Reports about the Contracts dd. in by the Wareho. Keeper.

Mr. Benyon Warehousekeeper delivers in a report, relating to the contracts which is read & order'd to be enter'd after this Consultation after which debating upon the contents Thereof It was

Resolved that ye. Wareho. Keeper charges ye. Merchts. for all ye. Cloth yt. is washed.

Resolv'd that the Warehousekeeper shall charge the Merchants for washing all the Cloth that is wash'd whether it be taken in for the Company or not It appearing to us the best way to ease the Washers debt and to oblige the Merchants to bring in good Cloth because as the Washers are now indebted to them they pay nothing for curing the cloth but deduct it from said Debt but when they find they must pay for it in Account with the Company they will endeavour to cure none but what shall be taken off of their hands which they now begin to be sensible none will be but what is good.

Customs to be charged ye. merchts. on all Cloth they import but ye. method of doing it to be further consider'd.

Resolv'd further that the Companys Merchants shall pay Customs for all cloth imported by them from this time but that Messrs. Benyon, Emmerson & Hubbard do examine this affair and report how it may be best done.

—*FORT ST. GEORGE, NOVEMBER 1724*—

A Debate then arising about the Possibility of Providing cloth for the ships design'd home in January and the Dilatoriness of our Merchants giving us no great reason to expect any large Supplys here Mr. Higginson Warehousekeeper at Fort St. David who came up from thence some days since was sent for and ask'd in what forwardness they were down there to which he replied That the Companys Merchants did not seem anyways inclin'd to comply with their contract and that he cou'd see very little reason to hope for much assistance from them but that in October last some persons had made proposals to him to provide as far as five hundred Bales against the Departure of the ships which he believ'd might be done answerable to muster and within the prices in the Contract but that there must be a Sortment of fine goods with the Coarse and N°. 2 as well as N°. 1—That this was in October but that great part of the time being Elaps'd He did not know how far they cou'd stand to their words, being ask'd whether it wou'd be safe to trust the Companys money with the Persons he spoke off He replied they pass'd there for responsable men but that He believ'd they wou'd bring the Cloth into the Bounds before any money was advanced to them, WHEREUPON it was agreed to write to Fort St. David to order them to proceed in the above manner. Mr. Higginson further added that he believ'd there were a great many petty Merchants who wou'd be glad to provide two or three bales if they thought it wou'd be taken off their hands. AGREED therefore that we in our letter write the Deputy Govr. and Council to buy all the Cloth that shall answer Muster, Let it be provided by whom it wou'd.

A proposal of buying cloth wherever it can be got made by Mr. Higginson.

The Several arguments for & against it.

Resolution about it.

THE Last will and Testament of Mr. George Tullie lately deceas'd prov'd Witness'd by Richard English, Samuel Fowler and Thomas Gray who all deposed upon Oath That they saw the Testator Sign and Seal the said Will which he declar'd to be such That he was to the best of their knowledge in his senses and that they sign'd as Witnesses thereto in presence of each other and of the Testator—The said will is enter'd after this Consultation & a probat thereof given the Executors Messrs. John Emmerson, William Leak and John Lauder who have accepted of the Administrations.

Mr. Tullie's will proved.

ANCONAH who was lately brot. hither from St. Thomé and wounded by the Peons who were sent to fetch him being now pretty well he was sent for and his Petition read as enter'd hereafter wherein he charges one Annapah who was the Officers that Commanded the Peons sent to fetch him with having abused him, Kick'd beat and wounded him in the side and that in Conjunction with two others He tore his Jewels out of his Ears, wounded his Mother in Law, cutt off one of his servants hands and gave him ye. sd. Anconah a wound in his head with several other particulars in the Petition mention'd.

Anconah's affair—the peons examin'd.

The said Anconah being called in with two other Peons one a Moor the other a Jentue who had confess'd these faults and in consequence thereof were clapp'd in Irons, the said Annepah was charged with the same but denied them. The Moors prisoner affirm'd all that Anconah charged Annapah with & so did the other, WHEREUPON the President declared that upon an Examination before him The Moors Peon had confess'd that Annapah show'd Anconah to him telling him that was the man whereupon He the said Moors Peon grasp'd Anconah in his arms and in bringing him out of the House he fell over a Cott in the way and believ'd he hurt Anconah with a Knife he had in his hand, And that the other confess'd He had cutt the woman on the head and wounded the other man in the wrist tho' now they both charge Annapah with the same And as a further proof that the Moorman had wounded Anconah The Weapons of the two were produced the one a Jemildar the other a crook'd Knife and the Doctor being sent for declair'd that the knife to the best of his Judgement was the weapon which injur'd the said Anconah. However Annapah having been the Commander of the Peons and not having prevented the mischeif and Anconah having some Witnesses at St. Thomé AGREED that the said Annapah be confin'd with the other two Peons and that this matter be further examin'd into to morrow.

Continued.

TO THE HON^{BLE}. NATH^{L}. ELWICK ESQ^{R}.
PRESIDENT & GOVERN^{R}. &C^{RA}. COUNCILL OF FORT S^{T}. GEORGE.

Your Honour &c^{ra}. doubtless remember after the dispatch of the Walpole & the other ships that season I represented to You that of the great number of Bales of which their loadings consisted how few were of the first sort and that of the exceeding N°. 2 I had observ'd a great Quantity of Cloth fflung to it so much worse than N°. 1 as bore no reasonable proportion to the difference of the price between N°. 1 & N°. 2 It did no where appear upon Examination that the Merchants had ever been stinted to any proportion in the two Sorts or for what reason the Company at first consented to take any Cloth that was inferiour to N°. 1 which N°. only being Engaged for by Contract it was Conjectured that N°. 2 was taken in as a favour to the Merchants in the ordinary Long Cloth & Sallempores because that in such a Quantity as is yearly contracted for they might be obliged tho' they were never so strict upon the Weavers to take in some peices that were not altogether so good as the Muster which upon a Reasonable Abatement the Company wou'd take in rather than ffling it upon their hands, this was believ'd to be the Original Cause that the Muster N°. 2 was introduced in the Warehouse and that at first the Merchants took such good care of the Cloth that few bales were for many Years sent home of that sort. But that Indulgence has proved to be an original Sin the Effects of which have so visibly grown upon us in a few Years that the Consequence is likely to prove very fatal. This matter was often debated at the board before we Engaged in the last contract. No method was thought would prove more Effectual than to stintt the Merchants to a Certain proportion, to put an Entire Stop to it at once was thought altogether impracticable as the Evil had grown too much upon us. It was believ'd if we oblige 'em to agree to a Limitation of Half, it wou'd be as much if not more than they wou'd be able to comply with. The Merchants were called in and told our resolutions, they saw we were determind to Insist upon their Performance & promis'd they wou'd Comply. The contract was therefore drawn out & sign'd wth. a new and Express Condition that half the Cloth at least shou'd be N°. 1. It was then debated whether what remain'd of the old contracts shou'd be subject to the Conditions of the new, but as it was thought impracticable for the Merchants to comply in that Matter great part of the Cloth which was to compleat it being in the Washers hands and the rest in their Godowns the motion was dropt as impossible to be perform'd & therefore it ended with an Admonition to the Sorters to be very Exact in taking none that was inferiour to the Muster N°. 2. It had before been observ'd that Muster particularly of the Woriapollam cloth was not so good as it shou'd be Considering the Difference between that & N°. 1 was little more than $3\frac{3}{4}$ ℔ Cent and a Debate arose upon it whether we shou'd make any alteration but it was look'd upon at that Time as a very Tender thing & that an attempt of that nature wou'd be of no Effect, The French being at that time Engaging in large Contracts and it was with great difficulty we prevail'd here with our Merchants to enter into a Contract for so large a Number of Bales as we believ'd we shou'd have occasion for to load the expected ships. These were the Steps taken before their arrival and all we cou'd possibly do in a Business we were very Sensible was of the greatest importance to our Masters of any that we had under our direction. The

——FORT ST. GEORGE, NOVEMBER 1724——

Frances arrived here the 15th. June & the Company in their letter by her havg. Severely told us their resentment for the Cloth they had receiv'd from us, the Sorters have since been so very Strict wth. the Merchants that I believe there will be no Complaints of any that have been made up since. Indeed the number has been very few and it is plain the Merchants were not at all provided for it by the great quantity of Cloth that has been turn'd out You have had them so often before you and heard their reasons why they have offer'd us such bad Cloth, their pretended Hardships & difficultys they lie under in the Country that I need not report 'em here and I must leave it with you what Weight is to be put upon the Arguments they have us'd, they have long amus'd us with solemn Promises that we shoud soon see an Amendment but the time grows so late now without any that by our trusting to them It is altogether Impossible we can dispatch home all the ships we Expect in January & tho' I believe since they have been threatned with making good the Penalty in their contract they have given such directions in the Country as will bring us in better cloth next Year Yet I think they will own now we cannot expect any Considerable Amendment before then. It is certainly fresh in Your Memorys that One Argument us'd by the Merchants for bringing in such bad cloth and on which they always laid great Stress was the great demand which they pretended was made by the French & Dutch Merchants for the same Sort of cloth as we do & that they (our Merchants) were obliged to take it as the Weavers wou'd give it them or they wou'd otherwise dispose of it to the French and Dutch. Not having yet received the Dutch Musters we Cannot Judge of them but French Musters being now in our hands it is observable that tho' their Cloth in General is vastly Dearer in proportion to the Goodness than ours yet they contract for none that is so coarse a Sort as our Ordinary Long Cloth & Salempores which are the main Articles in our contract & which are cheiffly complain'd of. Your Honr. &cra. being Persuaded this is a true state of the case will possibly think of proceeding to Mulcting our Merchants at least the penalty in their contract before which however it may not be improper to present You with a State of their Accounts which I now deliver You a part and Add here the Abstracts

Ballance due on ye. Books		Cloth embaled; at the Beaters, Washers; & in the Merchants Godown.		
From Gongeram & Tomby Chitty	13620 17 30	Cloth value ...	29652 —	—
From Suncaramah & Ball Chitty	41932 24 32	Cloth value ...	48946 35	40
From Suncaramah & Tomby Chitty ...	52523 13 46	Cloth value ...	14224 --	—
Pags.	108076 19 28	Pags.	[92822 35	40]

You will observe that of the sume advanced Sunca Ramah & Tomby Chitty there remains thirty Eight thousand Pagodas for which they have not as yet brought in any Cloth, the whole sume of Pagodas 52523 : 13 : 46 is the Entire amount of Twenty chests of Silver deliverd them the 4th. August and was agreed shou'd be advanced them on the running Contract thô they had not Cloth in the Bounds for the Value because they gave more for it than the price and their Circumstances were so well known that the board did not think there was any Risque of the Money.

It now lyes upon me to acquaint Your Honr. &cra. of another Prejudice attending the Company by the Merchants bringing in such bad Cloth. I am monthly obliged to deliver the Washers in Money & Rice Sufficient for their Support and as the Cloth is Sorted & Embaled they have creditt for curing so much & no more but now that such a Vast Quantity is turn'd out the Amount of that which is taken for the Company is so far short of what is advced. them that if some Stop be not put to it their debt will encrease as high as ever. As this is a Consequence proceeding entirely from the ill Usage of our Merchants you will please to Determine whether it be not reasonable to charge them in the Books for the curing the Turn'd out Cloth and pass it to the Washers creditt, the method at present does only make the Cloth come out so much cheaper to the Merchants as the Charge of curing it is discounted from a Vast debt due to them from the Washers which they wou'd not otherwise be ever able to recover.

——*FORT ST. GEORGE, NOVEMBER 1724*——

Your Honour &c^{ra}. will be so good to bear with me a little Longer since I am enter'd so far upon the Business of the Warehouse till I say a word or two in answer to the Close of the 25 Per [...] of the Companys Letter ℔ the Francis, speaking of the Badness of the Cloth they are pleas'd to say That by the Committees Observation it does not appear the Madrass Warehousek^{r}. did at all Inspect the said Sortments tho' it was his Duty in Particular, if he did it is yet worse, he deserves our Solemn censure. This is by so much the more Severe as it is Impossible for any Warehousek^{r}. to prevent the Consequence of Infidelity in any one of the Sorters except he shou'd happen to hitt upon it by Accident. The Number of Sorters at Present are thirteen. Ea. Sorter is obliged to have his Eye upon four parcells of Cloth, that is the Parcel he Sorts from the N°. 1 & N°. 2 and what he turns out, it requires his particular care that these parcels are not mix'd with one another or the Parcels Sorted by others which are very near and to prevent any Mistake he orders his cloth to be pack't so soon as he has sorted a Sufficient Number of peices to Compleat a Bale & without they were so strict there wou'd Unavoidably be many Mixtures that were never design'd. The Sorters are all appointed by the Board and I think if you were not Persuaded of their Judgement & Integrity you wou'd not permitt them to Act & indeed as I always Imagined not only from their being appointed by the Board but also from their signing the Bale Notes that each Person was Accountable for his own Perform^{ce}. I never thought it lay upon me to Overlook them & have therefore at the same time Sorted Several Bales myself for the greater disposal of Business, but otherwise if our Present method be Consider'd that when the whole Number of Sorters are there (which they often are) fifty two Parcels of Cloth are Spread at one and the same time & that which is sorted is so immediately Embaled, I say if all this be Considerd It is Impossible for any one man to be Certain what Cloth is put up. I need not to trouble Your Honour &c^{ra}. so long upon this matter because you are already Acquainted with it but I thought it necessary for my Vindication in England & as Your Honour &c^{ra}. can vouch for the truth of it I doubt not it will Effectually Justifie me there as much as I am clear'd in Your opinions here. I am

To the Hon^ble. Nath^l. Elwick Esq^r.
Presid^t. & Govern^r. of Fort S^t. George &c^ra. Council.

The Petition of Godee Ankenah

Humbly Sheweth

That when Your Petitioner came to S^t. Thomé he intended to come to Madrass and sent word several times to Your Hon^rs. Dubash Paupiah Bramon, Sunca Ramah and Tomby Chittee & the[y] sent me word that as soon as they had opportunity to Acquaint Your Hon^r. they wou'd send me Word but having no Answer from them I thought fitt to acquaint Your Honour myself by way of Petition.

On Saturday night three of the Companys people came to my Lodgings and told me Your Honour Sent for me to which I replied I wou'd wait on Your Honour directly but one of the Peons called Annepau took hold of my hand and drew his sword and wounded me in the side, after that he and the other two carried me into the Yard and one of them put my head under his Arm and cutt the tip of my Ears and took my Jewels, my Mother in Law seeing what they did ask'd them why they us'd me so ill at which one of them drew his sword and cutt my Mother in Law on the Neck, then one of my men Servants seeing me so Cruelly Us'd begg'd them to let me alone. One of them presently cutt off his hand and gave him a Wound on the head and after that they gave me several wounds on my Belly and Breast, then they beat all my women Servants and brought me into the Streets kicking and beating me on the Belly, then bringing me half way to Madrass they Oversett me beating and Kicking me very basely and thinking that they had kill'd me they put their hands to my Nose to see if I was breathing or whether I was dead or alive. Then they brought me before Your Honour who was pleas'd to order Doctor Pitchere to dress my wounds who told me that if I had staid but four hours longer without a Doctor I had been a Dead man.

I can assure Your Hon^r. &c^ra. Council that I never wrong'd the Company or am Indebted to any Body but am a ffree Merchant and pay the Companys Customs for my Merchandize. I liv'd before under the Protection of M^r. Horden who is now gone for England So that now by Your Honour &c^s. leave I shall trade for myselfe.

I am still very weak in my Body and Limbs, therefore leave it wholly to Your Honour &c^ra. Council to see Your poor Petitioner righted and the offenders punish'd According to Your Hon^r. &c^ra. Councils pleasure and your poor Petitioner as in Duty bound

Shall Ever Pray.

Remonstrances from Some of y^e. Company's Serv^ts. about M^r. Newcome.

Read Several Papers presented to the Board by some of the Companys Servants relating to our resolve about M^r. Newcome in Consultation of the 9^th. instant which are Order'd to be enter'd hereafter for the Consideration of the Honourable Court of Directors.

General Letter from Ft. St. David read.

General Letters from the Deputy Governour & Council of Fort S^t. David N^o. 165 read bearing date the 10^th. instant giving a particular account of their proceedings and resolutions about their Investm^t. and the reduction of their expences. They Recommend Ensign Keys Children for charity, Promise to reduce their customs in the manner order'd from hence, Inclose the copies of the cowles which we lately

——*FORT ST. GEORGE, NOVEMBER 1724*——

sent for and add their Opinions how they may be either call'd in or made more easy to the Inhabitants. They advise of two Vessels going over their Barr to lye the Monsoon, mention two English Sailors whome they have taken into the Gunroom till we shall either approve or disaprove of it And the breaking of Ensign Fox for his Sottishness but desire to know if we will allow him any Subsistance. They likewise ask whether We Expect a further Answer from them about the Paragraphs in the General Letter from England relating to their Settlement.

Several Resolutions on y^e^. Contents of y^e^. preceedg. Letter.

AGREED that Ensign Fox thô he has behav'd himself latterly in a Sottish manner yet having formerly done very good Service in the Warrs at Fort S^t^. David and been an old Servant to the Company be allow'd half pay for his and his Wifes Subsistance.

RESOLV'D that no money shall be Stopp'd at Fort S^t^. David from the Souldiers on Account of Debts to the Parriar Arrack farmers.

RESOLV'D that no Fugitives thô English shall be entertain'd in the Gunroom or otherways at Fort S^t^. David.

[A] Committee appointed [to] examine y^e^. Cowle.

The copies of the several cowles were deliver'd to the Gentlemen who had Examin'd the customs to peruse & report them to the Board for our final resolutions on that affair.

Anconahs affair continued. Several Examinations thereupon.

After this the Board proceeded in the examination of Anconahs affair and the man who had his hand cutt off being ask'd if he knew who did it replied no, That he was lying on a Cott in the Yard & hearing Anconah cry out that he was kill'd he went and beg'd of the Peons not to use him ill but carry him softly upon which they gave him a Blow which cut off his hand and went thrô his Turband and wounded him in the fforehead.

The Woman who was wounded being ask'd if she knew who wounded her says no, but that the peons used Anconah very hardly & she went to beg them not to doe so but consider [he] was Sick Whereupon one of them gave her a blow in the back part of her Head and she fell down, after that she does not know what pass'd.

Two Braminys that were reading to Anconah at the time he was seiz'd were interrogated about the matter, one declar'd that Annapah Seiz'd him, the other did not know his name but said it was a short black peon which discription agrees with what the other said.

The two Peons who were first prisoners were ask'd what orders Annapah gave them when they went into the House to which the Moorman replied That he ask'd Annapah what they must do should Anconah have any ffreinds with him that shou'd make resistance & that he said His orders were to fetch Anconah and if any body offer'd to hinder them they must cutt 'em to peices To which Annapah replied that so far from that He bid them leave their Swords at the Door but he had before Confess'd that He went in with his Sword in his hand himself and it appear'd from all the Evidence that the Peons went in Arm'd and that all the Mischeif was done in the House and Yard.

Anconah was again Ask'd if he could tell who wounded him but replied that he was Sitting with two Braminies reading and that Annapah came in with his Sword in his hand follow'd by the other two, told him the Governour called, to which he replied he was coming but that He caught him by the hand and pull'd him along and put out the Light after which he receiv'd the wound and that they cutt the Jewills out of his Ears and abus'd him very much in the Dark.

After this they were Order'd to withdraw and the affair was debated for sometime when the two Braminies were called in again and ask'd who put out the Light to which they replied that Annapah did it in Dragging Anconah along, whether designed or not they cou'd not tell. Then they withdrew.

After some further time in Examining this matter It appear'd plain That there had been a Villainous design of abusing Anconah, That he was wounded in the side, that his Jewills were cutt out of his Ears, that his mother was wounded in the Head &

one of his Servants had his hand cutt off only for desiring them not to abuse Anconah but to Consider he was Lame, That the Three prisoners were the only Persons concern'd therein and were all of them Culpable.

Punishmt. of yᵉ. offenders.

Resolv'd therefore that their Effects be Confiscated and sold in order to recompence the man who has lost his hand and that the Criminals shall on Wednesday next stand in the Pillory, have their Ears cutt off and be whipp'd out of the Bounds.

Company's Merchts. talked wth. & told the penalty of not complyg. with their Contract.

The Companys Merchants after this was over, were sent for and ask'd to give a Positive reply to the following Question, Whether they wou'd bring in Cloth enough in time for the dispatch of the Europe ships of the same sort as the Muster they contracted by which they endeavour'd to evade but being pressed for a Direct answer they said they wou'd do all they cou'd but that they fear'd they shou'd not be able to comply, Whereupon it was Agreed & Resolv'd to take all that they brought that was Equall to Muster and if they complied with their contract it was well, If not they shou'd suffer the Penalty.

Cloth to be bôt wherever to be got.

Agreed further that since the Merchants give us so little re[ason] to expect any quantity of cloth from them We will take whatever is equall to our Musters and prices by Whomsoever it be Provided.

To the Honᴮᴸᴱ. Nathˡ. Elwick Esqᵉ.
President & Governᴿ. &cᴿᴬ. Council of Fort Sᵀ. George.

Honᴮᴸᴱ. Sᴿ. & Sᴿˢ.

Observing by the resolutions taken last Consultation about Mʳ. Newcombe that You design to recommend him home to the Honble Court of Directors as a person very well deserving their favour the consequence whereof I conceive will be an order from them for his being admitted to this Establishment I think it incumbent on me in Justice to myself and in Gratitude for the favours I have already recᵈ. from my Honble Masters to Endeavour what in me lies to maintain the rank I have for some time held in their Service. Yʳ. Honour &cʳᵃ. will therefore give me leave to lay before You what I have to say in this and will do me the Justice to believe that nothing coud have prevailed on me to trouble You with this Address but a desire of preserving to myself the Benefits which my Honble Masters have been pleasd to confer on me which wou'd in great Measure be lost to me by Mʳ. Newcomes Superceeding me and are too valuable to part with without at least endeavouring to preserve them.

In May 1719 I was by the Honble Joseph Collet Esqʳ. and Council admitted tº the Service as a Factor, Immediately thereupon I was appointed to take charge of the Import Warehouse which I perform'd I believe to Satisfaction. The latter end of that Year Mʳ. Synnock dying I was order'd Sub accomptant till Mʳ. Hubbard return'd from Benjar And from the 16th. November to [the] 10th. December I broᵗ. up two months journal Parcels cast up [in the] Ledger, made out the Ballance [sheet] and Posted it and clos'd the heads, notwithstanding which I continued in the import Warehouse till Mʳ. Hastings and Council in consequence of a letter relating to two other Persons who were order'd to be dismiss'd dismiss'd me likewise from the Service. Upon the change of Government I was readmitted and appointed under the President and in the beginning of the Year 1723 I was order'd Secretary which trust Yʳ Honour &cʳᵃ. are the best Judges whether I have discharg'd to Satisfaction or not.

——*FORT ST. GEORGE, NOVEMBER 1724*——

When the Honble Court of Directors were pleas'd to confirme my admission to their Service They gave for reason that some of them knew me and were Satisfied the recommendation given of me was just And when in consequence of this confirmation I was readmitted I obtain'd from Your Honr. &cra. a further recommendation which I flatter myself I have not abused.

I must beg leave to trouble Your Honour &cra. a little Longer while I remark that the Honble Court of Directors have very Seldome thought fitt to send Factors to this Presidency and almost always do to the West coast And it hath been a generally receiv'd Notion that a Writer upon the Fort St. George establishment was equall at least if not preferable to a Factor upon the West coast.

I do not so particularly recollect any Positive order from the Court of Directors to forbid their Servants who are Entertain'd for the West coast coming over hither as to point to it immediately but there is to prevent the Military officers doing it And as the Mercantile service hath been by our Honble Masters fix'd superiours to the other the Argument holds the stronger against any of their coming, especially since as I before said few go to Bencoolen under the degree of a Factor and that till within the[se] two or three Years we have hardly ever had instances of their coming in so advanc'd a Station to this place and therefore were the Gentlemen who go to the West Coast at Liberty to come hither in their standings They wou'd take place of those who had serv'd three or four Years longer than themselves.

What I wou'd from hence prevail upon Yr. Honour &ct. to grant me is That when You recommend Mr. Newcome to the favour of my Hble. Masters You will please (If I have behav'd myself so as to merit it) to make such mention of me as may still preserve to me the seniority I have for sometime had in their Service which if granted shall with the Utmost gratitude be Acknowledg'd by

Fort St. George
Novem. 16th. 1724.

Honble. Sr. & Sirs
Your most Obedient Servant

George Torriano.

To the Honble. Nathl. Elwick Esqr.
President & Govern. of Fort St. George &cra. Council.

Honble. Sr. & Srs.

I hope as the Honourable Court of Directors have been pleas'd to order and direct That whenever any person is agreiv'd he shall in a modest manner lay his greivancies before Your Honr. &cra. in order that they may be either determin'd by You or referr'd home to them for their Adjudication, That I shall not Transgress in what I am now to lay before You Since they have been pleas'd expressly to declare that all complaints which come presented to them in this nature shall be redress'd, Wherefore I pray you will pardon me at this time for troubling Your Honr. &cra. since I cannot avoid it without being wanting to my Self and that I may take up as little of Your times at this Juncture as possible I shall offer nothing to You but the Naked truth.

In Consequence of which I must begg leave to represent that I have been employ'd in Your Accomptants Office ever since 1716 as will appear by the severall Journals and leidgers the Honble Company now have at home till March 1722 when You were pleas'd to order me head Searcher at the Sea Gate where I presume the large improvement that has lately been made in that revenue of the customs will shew that I have discharged my Duty with care and honesty Thô I then had all the burthen of the business of your Accomptants office on me for several months after with but very little assistance to which I presume Your Honr. &cra. are not strangers since I went thro' it I hope to Your Satisfaction for the books will still appear and if so I can never believe the Honourable Court of Directors or Your Honr. &cra. can think fitt to give expected services the preference to those already past.

——FORT ST. GEORGE, NOVEMBER 1724——

This very sensibly and indeed with some concern leads me to take notice of the last paragraph of the Hoñble Court of Directors letter to Your Hon^r. &c^re. ℔ Ship Cardigan Wherein they are pleas'd to say That they have been assur'd M^r. Richard Carter who is employ'd or Proper to be employ'd under the Accomptant has behav'd well and meritts their regard Wherefore they direct that if he perseveers his Seniority be preserv'd to him.

Now if M^r. Carters standing must commence as a Factor for five Years from 22^d. of July 1719 being the time he arrived here he will gett above me I think eight days thô he has Yett been in the Comp^s. Service but a little more than five Years Whereas I have Serv'd them upwards of eight and as the Hoñble Company have been pleas'd to say that M^r. Carter meritts their regard if he perseveers I humbly request he will produce any one instance of his perseveerance in their Service Since this late order, for it is by faith and good works and not by faith only (Pardon me) that every man is to be Justified and tho' M^r. Carter may have behav'd well (I need not say where) Yet the truth is he has never done any thing in the Companys Accomptants office here so that if the Hoñble Court of Directors are so indulgent to him upon the bare Supposition of his being proper to be employ'd under the Accomptant it wou'd be an absurdity in me to imagine they wou'd discourage others for their good behaviour there after Several years Tryall.

And as Your Honour &c^re. have lately been pleas'd to appoint M^r. Carter to be head Searcher at the Sea Gate which employ I enjoy'd before M^r. Carter had any title to one till M^r. Higginson arriv'd here and as M^r. Carter has since superceeded me in Standing by eight days I must request your Honour &c^ra. wou'd either be pleas'd to determine this affair here or else represent it (as it really is a Hardship upon me) home to the Hoñble Court of Directors for their Decision and as I presume you granted M^r. Carter the head Searchers employ upon account of his being eight days Senior to me so I presume you will permitt me to observe that M^r. Crooke is some years Senior to both him and me So that by Standing the head Searchers employ devolves on him but I Submitt that to your Honour &c^ras. better Judgement.

If in the foregoing I have not already tresspass'd on Your Hon^r. &c^re. Patience I will still crave leave to add that if M^r. Newcome is taken in on this Establishment it will be an universal hardship upon the Companys Servants on this Settlement and more particularly on the Senior Servants as appears by the 80^th. paragraph of the Hoñble Court of Directors Letter ℔ Ship Cardigan dated the 14^th. of Februa. 1722 Wherein they express a great tenderness for their Servants and even make a Caveat against having any of the Westcoast Gentlemen putt over the heads of any of their covenant Servants here who lye under no Censure as fully appears by the said 80^th. paragraph of their letter which runns thus—

The fatal desertion of Bencoolen as we have the Account Casts a reproach more or less on every body then there so that we are not very willing to Station any of them, meaning the West Coast Gentlemen allow'd to remaine with you according to the Years they have been in our Service (observe the reason) because they may be putt over the heads of some of our Covenanted Servants at Fort S^t. George that doe not lye under any Censure nor do we know whether their Actions since with You have distinguish'd them Sufficiently to deserve our Particular regard, when we do We shall be able to Judge better, Therefore give us the Account faithfully with Your Opinion.

It is plain to me that when the foregoing paragraph was wrote the Hoñble Court of Directors had the Welfare and encouragement of their Servants on this Establishment Particularly at heart and as the same now falls under your Honour &c^ra. Consideration it is to be hop'd that M^r. Newcome will not Superseed us without we lye under some censure. I am with all imaginable Submission and Respect

HON^BLE. S^R. & S^ES.

FORT S^T. GEORGE
THE 16^TH. NOVEMBER 1724.

——FORT ST. GEORGE, NOVEMBER 1724——

To the Honble Nathanl. Elwick Esqr.
President & Governour of Fort St. George &cre. Councill.

Honble. Sr. & Srs.

Mr. Stephen Newcombe being by a Resolve of last Consultation to be recommended home to the Honble. Court of Directors in order to be put upon this Establishment we think we should be very much wanting to ourselves should we not beg leave to represent to Your Honr. &cra. the hardship it will be to us if in Consequence of such recommendation Mr. Newcome shou'd succeed in his Standing here as if he had Come out for this place directly.

We beg leave to offer to Your Honr. &cre. Consideration that some time ago Mr. Robert Berriman was entertain'd in the Service as a ffactor for Fort St. David and for several Years behav'd himself to Satisfaction yet when he petition'd to be admitted in his standing here Your Honr. &cre. Agreed in Consultation of 12th. ffeb. 1722/3 that he being particularly chose for Fort St. David it would be a Hardship to the Gentlemen at this place to allow him to take his Standing here, the argument we presume holds the same in Mr. Newcombes Case who was Chosen for the West coast only with this Addition that the Honble Court of Directors in the 66th. Paragraph of their letter ℔ Monmouth order that the Gentlemen who came out for the West coast should be sent thither when opportunity offer'd. In answer to that Letter your Honr. &cre. wrote the Company that Mr. Newcombe and two other Gentlemen desir'd to stay here which You had granted but referr'd their Stations to the Court of Directors to which they reply in the 80th. paragraph of their Letter ℔ Cardigan that they cannot Consent to station any of the Westcoast Gentlemen according to the Years they have serv'd least they shou'd thereby superseed any of their Servants on this Establishment.

Wee cannot but Promise ourselves from the very tender regard your Honr. &cre. were pleas'd to show for us in Mr. Berrimans Case that we shall meet with the same favour in this and that as your Honr. &cre. have been for some time Judges of our Behaviour in the Service of our Honble Masters you will please to make mention of this affair in such a manner as to You shall seem Just and that the Hardship we shall suffer by Mr. Newcombes superseeding us may be laid before them.

We are with all respect and Submission

George Drake Storekeeper reads that account for last month ballance due from him One thousand nine hundred sixty eight Pagodas seven fanams and thirty cash of which he pays in one thousand eight hundred Pagodas. Storekeeper's acc^{t}. read.

M^{r}. Higginson inform'd the Board that he beleiv'd there was a Probability of providing about three hundred bales of Cloth at Nagore in time for the Latter Ships which might be carried to Fort S^{t}. David from thence in January at which time there are sometimes Spurts of Southerly wind & that if the Board thought fitt to make the Experiment there were some Vessels in Fort S^{t}. David River which he believ'd might be hired for the Service, That he believes our Merchants the Most proper to sett about such a thing but that if they cannot or will not he is of opinion there are some People at Fort S^{t}. David that wou'd undertake it, That if such a thing succeeds two of the Councill at Fort S^{t}. David might be sent with some of the Warehouse Conicoplys &c^{a}. to measure, Sort and Embale it there. Mr. Higginson's proposal about buyg. Cloth at Nagore. Debated.

To this it was urged that Possibly it being in another Government the Merchants might after having been advanc'd money on such an account be Squeez'd by the Moors and that as they are not men of very great substance there the Company might be Sufferers but if it cou'd be done without that risque It might be a means of assisting us in the dispatch of the Ships and shou'd the Cloth Come too late it wou'd only lie for the September Ship. Debate continued.

AGREED Therefore to write to Fort S^{t}. David to try whether any thing may without risquing the Companys money be done, To order them to be Speedy in their answer & promise if any likelyhood of success that we will send them supplies to enable them to go thro' therewith. the proposal approved &

Our own Merchants being call'd in were Acquainted with the thoughts of the Board about this affair & promis'd that they would write this very afternoon and use their utmost endeavours to comply therewith. y^{e}. Same made to our Merch^{ts}. who promise to do y^{e}. most they can therein.

——FORT ST. GEORGE, NOVEMBER 1724——

N°. 166 From the Deputy Governour and Council of F^t. S^t. David dated the 19^th. of this month wherein they tell us that the cloth bro^t. in by the Merchants is so bad that the last Sorting day they were oblig'd to Sort the Warriapollam and Nagore Cloth to Long cloth ordinary N°. 2 and when so done out of twenty six Bales and two thirds they could take in only thirteen. They add that the Merchants refuse to acquiesce with their Sorting in the above manner but that they resolve to continue it till directions from us and in the interim that cloth is laid by it Self either to be taken in or chopp'd as We shall order.

One from Fort S^t. David.

N°. 167 From the Deputy Governour alone of the same date advising the receipt of ours of the 16^th. which he promises to answer in a General Letter in few days, in the interim He says He will follow our orders and take in all the Cloth that can be procured which is equall to the Companys Musters by whomsoever it be brought in In Order whereto he desires a supply of Cash.

One from M^r. Turner.

This being the Day appointed for the punishing of the Peons concern'd in Anconah's affair a Letter from Aga Mogheen the Governour of S^t. Thome was taken into Consideration wherein he begs they may be pardon'd which after some Debate it was AGREED to comply with for so far as related to the two Peons who were under Orders

Aga Mogheen's letter about y^e. peon's that abused Anconah taken into Consideration & complied with in part.

both because the Majority of the Board are of opinion That they are not so guilty as the other and that if in complying with Aaga Mogheens desire we shou'd take off his resentment for what lately happen'd in his bounds It might possibly prevent this affair ever being trump'd up by the Nabob or any other that may in future have an inclination to be troublesome.

reasons for it.

As to Annapah It was Agreed that the Judgem^t. Shou'd be Executed against him but the heads of the whole Left hand cast appearing before the Board and begging that the Corporal might be Changed into a Pecuniary punishment It was for some time debated and the Secretary who had been to seal up the Doors of the offenders having reported to the Board that he found nothing in any of the Houses but that where Annapah liv'd and that all the goods &c^ra. therein were claim'd by the Father of the said Annapah there appear'd no way of making reparation to the several Sufferers but by complying with the request of the Cast Wherefore it was AGREED to accept of a sume of money in return.

Annopah to be punish'd as before resolved but the Casts offerg. a sum of money to Save his Ears it was accepted, the reasons for so doing.

Anconah having had his Jewels taken from him & been wounded as well as very ill us'd It was thought proper that he shou'd have given him two hundred pagodas which had been more but that his Circumstances are good and this is rather design'd as a Publick acknowledgement of the crime than an Equivalentf or it, the Peon cast being so very poor that it wou'd be impracticable for them to raise a Sufficient fine for y^t.

How much given to An onh& Why.

The Weaver being a person much inferiour to the other wou'd not have had an equall Gratuity but that his hand being cutt off had disabled him from getting his Livelyhood and it was therefore tho^t. necessary to give him such a sume as might maintain him, at least put him in a way of living easy the rest of his life wherefore He was likewise order'd two hundred Pagodas.

How much to y^e. Weaver & y^e. reasons for it.

The Woman that was wounded and a Jetty fellow who was likewise hurt but has not appear'd were order'd fifty pagodas ea. their hurts being but small.

w^t. to two other people y^t. were hurt.

This was thought sufficient for the injur'd persons but it being necessary that the Publick should have some reparation for the affront to Justice by these Crimes It was AGREED to fine him further two hundred Pagodas to be lodg'd in the Corporation Cash towards keeping the Bridges in repair And the Peon to be immediately turn'd out of the service.

A fine to y^e. publick likewise Agreed as a reparation for y^e. insult to justice.

Bills of sale for the Houses & Gardens formerly belonging to Mar Kistna sold at Outcry by order of Consultat^n. of the 23^d. August last to pay a Mortgage bond to Chinevass Chitty given to Poncala Kistna, Tomby Chitty & Budderoyah.

Dispute about ye. mortgage bond between Mr. Wendey & Chenevass Chitty.

Affair of ye. Mint Braminees & Mar Kistna examin'd.

Whereupon they were both sent for, In the Interim, the Board took into consideration the Petition of the Mint Braminies against Mar Kistna, which is enterd after Consultation of the 8th. September 1722: Wherein they set forth, that he forc'd them to give his Master Governour Hastings, One thousand two hundred pagodas, and took one hundred for himself. They were Call'd in, and Mar Kistna Likewise; and the said Complaint being read to him, He alledg'd That in Mr. Collets time they left the Bounds, and came to him at Fort St. David, desiring he would use his Interest with Mr. Hastings, that they might be permitted to return; which he did, and they accordingly came and that the twelve hundred pagodas was the present, that they had before promis'd; and as for the one hundred Pagodas, they gave it in Charity, to the Pagoda at Kistnaporam, but they charging him with confining them in his house, and obliging them to give the money, He denied it; and said they came of their own Accord. On the Contrary they affirm, that he sent for them Several Times by the Companys Peons, and that the last time he would not let them go, till

——FORT ST. GEORGE, NOVEMBER 1724——

[they] had Agreed to give the said 1200 pagodas, and one hundred pagodas to himself, That they did not give the said sume for Charity, but gave it to him or Surahmaunae for him in Gold, what he did with it they did not know.

Upon the Examination, it appearing that the said Braminees were not in a Capacity to give such a sum in Charity, and that Kistna had oblig'd them to give the said Money, It was Agreed, that the one hundred Pagodas ought to be repaid; and that the Consideration of the crime, be deferr'd till the other Complaints against the said Kistna be heard.

Mr. Wendey & Chinivass Chitty attending the Board about the before mention'd Note, the former gave the following Account. Mr. Wendey & Chenevass Chitty's affair exam^d.

That observing Kistna's Creditors endeavouring to secure their Debts, He thought himself obliged to do what was in his Power, to get in the Debt to Mr. Hastings's Estate; & accordingly procured a Mortgage of Kistnas Houses; That Sometime after, Mr. Turner being very pressing, for some Debts of the said Estate to Gentlemen in England, He propos'd to Kistna, to sell the Houses or to get somebody to lend money upon them. Accordingly he brought Chinevass Chitty, who agreed to lend the money, but desir'd the bond might be in his (Mr. Wendey's) name; because shou'd the other Merchants hear, he was so great a Friend to Mar Kistna, they wou'd hurt him. Whereupon he had given the above note; not that he had borrow'd the money, but because Chinevass Chitty was afraid to have it known that he had Lent Kistna any money. Mr. Wendey added, that as a further proof, the said Chinevass Chitty did not look upon him as his Debtor He had since recover'd a Debt, of two thousand pagodas of the said Chinevass Chitty; and had lately lent him, two hundred and forty, for which he had a note, wherein the said Chinevass Chitty acknowledges, that all accounts being clear'd between them, He remain'd indebted two hundred and forty Pagodas to the said Mr. Wendey; who produc'd further his Dubash, as an Evidence, who declar'd that the said Chinivass Chitty wanted to borrow one thousand, or fifteen hundred Pagodas of his Master, and offer'd to deliver up the said Mortgage: which his Master had not money in the House to Lend; but that about a Week after, the said Chinevass Chitty came again and saying he was very much press'd for money, beg'd his master wou'd Petition the Board, for the sale of the houses. That his Master replied, upon his (Chinevass Chitty) desired he would; but that in case any loss shou'd happen what then? to which the other replied, that he would take the remainder of Mar Kistna. Mr. Wendey likewise call'd the barber who was shaving him at the same time this happen'd, whose Evidence agreed with the Dubashes. Mr. Wendeys acct. his Dubashe's evidence. another Witness

Chinevass Chitty, being then ask'd about the affair, began by Urging that the Witnesses were Mr. Wendeys Servants, and that he hop'd, they wou'd not have much creditt given to their Evidence and then went on, saying that he lent Mr. Wendey two thousand Pagodas upon Mar Kistnas Houses; that he would have lent it Kistna, if Mr. Wendey would have consented to have it register'd in Court; but he not agreeing thereto, He then lent him the money, and took his bond for it. That sometime after, he wanted money, and propos'd to Mr. Wendey, to pay him 1000, Or 1500 pags. on account the said Mortgage; and that he wou'd take the remainder, when the Houses were sold; but He (Mr. Wendey) not having so much money, lent him 240 Pagodas at Interest. Being told, that in the said note he had given Mr. Wendey a full discharge, He said he did not understand English & did not know what was in the note; and that if any Gentleman, with whom he had dealings, gave him a Paper to sign, he shou'd repose so much trust in him, that he shou'd do it without examining. Being ask'd why he suffer'd himself to be sued, and did not pay Mr. Wendey with his own bond; if he thought him indebted for it, He replied Sumadrue, and some other of his ffreinds, told him he must not mix accounts, but must pay his Debt, and after get the other. Chenevass Chitty's reply.

In answer to the Evidence of the Dubash, Chinevass Chitty brought an Evidence, who declar'd that Mr. Wendey propos'd to Chinevass Chitty, to take 1500 pags. and Quit the Mortgage, to which the other replied, he was in great want of money, and desir'd Mr. Wendey wou'd let him have 1000 Or 1500 pags. then, and they wou'd make up the Account afterwards. An Evidence produced by Chenevass Chitty.

——*FORT ST. GEORGE, NOVEMBER 1724*——

Decision of y^e. dispute Cn favour of henevass Chitty.

After which they withdrew; and the whole being consider'd, It was AGREED, That Chinevass Chitty did not think Mar Kistna responsible, unless the bonds were registred in a Publick manner; but that M^r. Wendey, offering himself for Security, he had accepted him, and thereupon lent him the money. Mar Kistna had been call'd in upon this Debate, and said that Chinevass Chitty lent him the money, but that he desir'd M^r. Wendey to act in the affair; but he having the day before told the Secretary, that Chinevass Chitty lent M^r. Wendey the money, upon making over the Mortgage, his Evidence was not much regarded. It appearing further that M^r. Wendey had demanded, but could not take up his own note, when he lent the said Chinevass Chitty the 240 Pag^s. & that the said Chinevass Chitty did Petition the Council, three days after signing it, for the Sale of the Houses; it was AGREED that he did not design to Quitt his pretensions to the Mortgage, nor did Understand the note he had sign'd, it being only writ in English. WHEREFORE RESOLV'D that Chinevass Chitty be paid the principal and Interest of the bond to this Time.

To the HON^BLE^. NATH^L^. ELWICK ESQ^R^.
PRESIDENT & GOVERNOUR OF FORT S^T^. GEORGE &C^RA^. COUNCILL.

HON^BLE^. S^R^. &C^RA^.

Pursuant to Your Honour &c^ras^. Orders We have Perus'd the several Cowles receiv'd from Fort S^t^. David and shall now lay before You our Remarks thereon.

First as to the Bound renters it has been already propos'd to Your Hon^r^. &c^ra^. to take off their collecting of any Dutys[&] to lett that Cowle again without Juncan. The Deputy Governour & Councill in their letter of the 10^th^. November advise that they have often faild in complying with the conditions agreed on in their Cowles in relation to the Times of Paying in their rent by which their Cowle is forfeited, in the same Letter they propose the taking away their present Cowle & giving them a new one in which they shall not be allow'd any Dutys and as they get considerably by the Tobacco & Beetle Farm of which they are also renters, The Deputy Govern^r^. &c^ra^. believe they will continue to give the same rent as at present after taking off the Juncan rather than part with both cowles which We think if it can be effected shou'd be forthwith sett about, as it will be a vast relief to the Poor People & no Detriment to the Company. But shou'd they not be willing to take them on those Terms We think it wou'd be the best way to put up the Bound rent at Outcry & lett it to the best Bidder & the Renters not suffer'd to collect any Dutys at all. The Fishery is at present included in the Bound rent cowle & the Company in their Letters this Year observe that the renters impose *ad Libitum* on all Persons that throw netts into the river by which, Fish, being the cheif Food of the Poor Inhabitants, is so dear that they are hardly able to live. We don't find mention'd in the Cowle which way they receive any thing on that Account & must leave it to the Deputy Gov^r^. & Councill to give a particular Account thereof that it may be Judg'd whether it is prejudicial or no.

Secondly as to the Beetle & Tobacco Farm having observ'd already that it is so very advantagious to the renters We are of opinion unless they will comply in taking the Bound rent also on the terms abovemention'd at the present rate That this Cowle also be taken away & put up at Outcry, as we Understand by the Letter

——*FORT ST. GEORGE, DECEMBER 1724*——

from Fort S[t]. David, that they have fail'd in their Payment on this head as well as the other & thereby forfeited their Cowle. This is all We have to observe here, not Apprehending there is any inconveniencie, or hardships Occasion'd by this Farm.

Thirdly, as to the Arrack Farm as Your Hon[r]. &c[ra]. have already Order'd that no stoppage shall be made out of the Pay of any of the Military on account of the Farmers We find nothing else in that Cowle detrimentall but that it m[ay] be Continued as at present with that Exception Tho' Shou'd they refuse then to keep it as it is now rated it ought to be put up at Outcry.

Fourthly as to the Ferry Boat Cowle, The lett[er] from Fort S[t]. David observes that they cou'd get no Body to give the Usual rent of eighty Pag[s]. ℔ anñ. That it is at present under the Charge of the Sea Customer, that the Companys Macquas are Employ'd about it & that the Tax is chiefly paid by the poor Labouring People; On which we beg leave to Observe that we are inform'd there are at least 4 Macquas taken out of the Gunroom & kept there which will come to 40 pag[s]. ℔ Anñ. & that it is very likely other Macquas or Lascars will be entertain'd in the[ir] Room, The pay of whom we fear may come to more than the Income, We are told that before the Ferry was lett out the Sea Customer us'd to keep Cooleys to serve at the Ferry, whom hep[aid]out of the Dutys rec[d]. & there was then an Overplus of about ten pagodas a Year paid to the Company which we propose now as the best method & that no body be oblig'd to pay any thing but those who really pass in their Boat & they only the old rate of two Cash each & that they who have Boats of their own may be at Liberty to pass with them or ca[rry]Goods in them without any Duty, Having observ'd by the Cowle now receiv'd that they were by that Prohibited Which we think to have been a very great Hardship.

This is all We find necessary to be remarkd on the Cowles deliver'd us to be examin'd, which we Submitt to Your Honour &c[ras]. Consideration And are

THURSDAY THE 17TH. 1724.

Bills of Exchange dated the 15th. instant Sign'd pay[able] by the Honble Court of Directors to M^{r}. Bennet Martin or Order at two months sight and eight shillings for a Pagoda for Pounds Sterling two hundred ninety two & two Shillings or Seven hundred & thirty pagodas nine fanams value of John Lauder Attorney for Nathaniel Turner Esq^{r}. Bills of Exch^{s}. Sign'd.

Nathaniel Elwick Esq^{r}. Mintmaster reads that Acc^{t}. for last month ballance due from him fifteen pagodas thirty fanams and forty Cash which he now pays in. Mint acct. read.

The Warehousekeeper delivers to the Board Estimates of the Tonnage now on Board the Heathcote and Aislabie by which it appears that the former wants forty & three eighths tons and the latter seventy two and five sixteenths to compleat their ladings according to Charter Party which Estimates are Order'd to be enter'd after this Consultation. Estimates of y^{e}. tonnage on board y^{e}. Europe Ships deld. in.

The Board then proceeded upon Budderoyahs affair with Mar Kistna as enter'd after Consultation of the 8th. of Septem. 1722 and demanded of him his Proofs for the severall allegations laid down in his complaint, the Cheif Peon that then was being called in was ask'd from whom he receiv'd orders for confining the said Budderoyah and said from M^{r}. Hastings. The peon to whom he was deliver'd from the Cheif Peon was likewise call'd in But tho' Kistna himself, Budderoyah & the Cheif Peon all affirm'd this to be the man He declar'd he did not so much as know Budderoyah. Mar Kistna's affair proceeded upon Budderoyah's complaint.

The Evidence in this Examination appear'd very weak but the gross of the complaint being pretty well known to the Majority of the Board It appeared that the said Budderoyah had been very ill us'd But that Kistna was not further guilty than in negotiating this matter by his Masters orders and having been too ready to engage in the Prosecution. Opinion thereof.

The Mint Braminees were then call'd in & being ask'd what treatment they receiv'd on Account of a bag of rupees lost out of the Mint they replied that upon coining a parcel of Silver for the Company They were forced to make it good, That besides Kistna Sent for them and forced the whole body to give a bond for 1500 pagodas to Surahmannar that they might not be further troubled about this affair That they had paid nine hundred Pagodas of the money but that on the change of Government they receiv'd back their money and bond. Over and above the said bond. One of the said Braminees declar'd he had paid Kistna three hundred and twenty Pagodas himself because a Conjurer Kistna brought s^{d}. He had taken the money but that afterwards Kistna gave it him back and bid him pay it M^{r}. Hastings which He accordingly did, being ask'd if he had any Witnesses to the said Payment he replied that when he gave it Kistna there were two people by but that they were dead but that when he gave it M^{r}. Hastings all the Braminees knew it. In answer to this latter complaint Kistna said the Braminees themselves accused the complainant. Mint Braminees Second Complaint.

In this case it appear'd that Mar Kistna had forc'd a bond from these People for himself because that after the change of Government He had repaid the money receiv'd thereupon and deliver'd up the Bond Whereas had it been as in the former case for his Master it could not have been expected from him. Opinion thereof.

The complaint of Moota Comorah and Tellensinga was next read setting forth that Kistna had forced from them one thousand pagodas for his Master & one thousand for himself on account of a Woman that died in their House but they being both dead the meritts of the complaint were not enter'd upon, only Kistna being Moota Comerah & Tellesinga Chitty's complaint Examin'd,

——FORT ST. GEORGE, DECEMBER 1724——

but not finished they being both dead.

ask'd about it confess'd the whole of the Charge except what related to himself only saying the Girl hang'd herself on account of the Barbarity of the said people and that Mr. Hastings having fully examin'd the affair had order'd the thousand pagodas to be paid him. He added that the President had once Examin'd the affair but did not go thrô with it.

Maurcaperum Tomby Chitty's Complaint.

The Complaint of Maurcaperum Tomby Chitty Setting forth that Kistna had taken one hundred pagodas from him was then read and Kistnas answer demanded To which He gave the following accounts, That one Verago had left a bulse of Rubies in Pawn with the father of the complainant who broke open the Seals and put others in, That upon Complaint made to him he sent for the Parties and advis'd them not to make the affair Publick but to adjust matters privately and that they did so and that upon finishing the affair they gave him one hundred Pagodas for Charity to his Pagoda and that the Companys Merchant Ball Chitty knew the affair.

Mar Kistna's reply.

Nairo Ball Chitty's evidence.

Ball Chitty being called in said that there was a Dispute between one Verago and the said Maurcaperum Tomby Chitty which he was appointed to decide and had made up between the two parties, being ask'd what he knew of one hundred Pagodas given Kistna and whether he had Order'd it to be given for charity when he decided the affair He said he never gave any Orders but that Kistna ask'd it for charity.

Grua's Evidence.

Grua the then Choultry Dubash being call'd in declar'd he knew Kistna had one hundred Pagodas to make up the matter and keep it from being Publick.

Petition of Thomas Blackall read as enter'd after this Consultation desiring Permission to go home on the Aislabie which is granted. M^{r}. Blackall's petition.

The Board then proceeded on the complaints against Mar Kistna and call'd in Moodu Lingum who declar'd that Kistna had confin'd his Brother Nummusammee and forced one hundred and five pagodas from him which he produc'd two Witnesses to prove because that he the said Moodu Lingum was gone into the Country to recover of a fitt of sickness and while He was there he was charg'd with raising insurrections among the Casts there. Mar Kistna's affair resumed. Moodu Lingum's complaint.

Kistna being examin'd about the affair told the Board that Moodu Lingum was gone into the Country where he was a principle Agent in a Quarrel between the casts, That the Country People wrote to M^{r}. Hastings, the Cheif Dubash, & Several others, telling them the inhabitants of Madrass were Setting them together by the ears and that thereupon M^{r}. Hastings confin'd the said Moodu Lingum's Brother to answer for him, but that a few days after, He was admitted to the Governour, beg'd pardon & promisd a better behaviour in future, Whereupon, and making the Gov^{r}. a present of one hundred Pagodas, he was releas'd. Kistna's Reply.

The two Witnesses being then Interrogated declar'd the same as Moodu Lingum about the confinement but said that they carried the money to Kistna who ask'd them if it was right to which they replied it was right, Whereupon the said Nummuswammee was releas'd and of this they offer'd their Oaths, as also that they did not so much as see M^{r}. Hastings but paid it Kistna in the great Hall at the Gardens. Evidence called.

They added that four days after the paym^{t}. of that money He was again confin'd and Agreed for his Liberty for one hundred and fifty Pagodas, that they carried Kistna Eighty pagodas of the money the morning of the change of Government but he would not receive it bidding them bring the whole which they promis'd to do that afternoon but in the Interim the Ships came and so they did not give that money. further Evidence.

—*FORT ST. GEORGE, DECEMBER 1724*—

To the Hoñble the Presidt. & Council
of Fort St. George.

I am perswaded Your Honour &c. have not entirely forgot that when you were pleas'd to inform me in August last it was the Companys pleasure I should return to England I deliver'd You my Humble request that I might continue a Year longer in India to gather in my Effects and Your Honour &cra. were then so fully convinc'd it was agreeable to common Justice and Equity as well as to the letter of my Covenants that You were pleas'd to allow of my stay a Year longer and I had so great a dependance upon the faith & honour of the Board That I made no doubt whoever might succeed you I should not be again troubled till the time granted me was expired. How be it having some intimation that the said order of the Companys will again be made the Subject of Your debates I have not thot it improper to deliver this to You; not with design to enter into any Argument with You how far the same may be just because your honr. &c. may not perhaps think Yourselves alltogether Qualified to determine it but to represent to You, that it is an Order with which if I must comply and return to England upon one of the Ships now bound thither, it will be a vast prejudice to my affairs and a misfortune so much the greater as the time of their departure is so very Short. I could wish therefore that You would take the same into Your Consideration and confirm the Liberty before given me. But least the mention of me should take up too much of your time and be attended with any Differences of Opinion that may likewise Occasion some further disagreeable Consequences, whereby your other affairs may be obstructed : To prevent I say anything so pernicious; If Your honr. &cra. will please to send me an Order to the Captain of the Macclesfeild to receive me with my Necessarys on board; I shall put my affairs in the best Order I can and Embark on her when she is ready to sail. I am

Honble. Sr. & Srs.
Your most Humble Servant

George Sitwell.
